Any statement so modified or superseded shall not be deemed, except as so modified or superseded, to constitute a part of this Prospectus.

SPECIAL NOTE REGARDING FORWARD-LOOKING INFORMATION

This Prospectus and the documents incorporated by reference in this Prospectus contain forward-looking information and other "forward-looking statements" within the meaning of Canadian and United States securities laws, including the U.S. Private Securities Litigation Reform Act of 1995. Forward-looking statements include statements that are predictive in nature, depend upon or refer to future events or conditions, include statements regarding the operations, business, financial condition, expected financial results, performance, prospects, opportunities, priorities, targets, goals, ongoing objectives, strategies and outlook of Brookfield, as well as the outlook for North American and international economies for the current fiscal year and subsequent periods.

The words "expects," "anticipates," "plans," "believes," "estimates," "seeks," "intends," "targets," "projects," "forecasts" or negative versions thereof and other similar expressions, or future or conditional verbs such as "may," "will," "should," "would" and "could", which are predictions of or indicate future events, trends or prospects, and which do not relate to historical matters, identify forward-looking statements. Although Brookfield believes that the anticipated future results, performance or achievements expressed or implied by the forward-looking statements and information are based upon reasonable assumptions and expectations, the reader should not place undue reliance on forward-looking statements and information because they involve known and unknown risks, uncertainties and other factors, many of which are beyond Brookfield's control, which may cause the actual results, performance or achievements of Brookfield to differ materially from anticipated future results, performance or achievements expressed or implied by such forward-looking statements and information.

Factors that could cause actual results to differ materially from those contemplated or implied by forward-looking statements include, but are not limited to: the impact or unanticipated impact of general economic, political and market factors in the countries in which we do business; the behaviour of financial markets, including fluctuations in interest and foreign exchange rates; global equity and capital markets and the availability of equity and debt financing and refinancing within these markets; strategic actions including dispositions; the ability to complete and effectively integrate acquisitions into existing operations and the ability to attain expected benefits; changes in accounting policies and methods used to report financial condition

(including uncertainties associated with critical accounting assumptions and estimates); the ability to appropriately manage human capital; the effect of applying future accounting changes; business competition; operational and reputational risks; technological change; changes in government regulation and legislation within the countries in which we operate; governmental investigations; litigation; changes in tax laws; ability to collect amounts owed; catastrophic events, such as earthquakes and hurricanes; the possible impact of international conflicts and other developments including terrorist acts and cyberterrorism; and other risks and factors detailed in this prospectus supplement and the accompanying base shelf prospectus under the heading "Risk Factors" as well as in our annual information form under the heading "Business Environment and Risks" and management's discussion and analysis under the heading "Part 5 — Operating Capabilities, Environment and Risks — Business Environment and Risks", each incorporated by reference in this prospectus supplement, as well as in other documents filed by Brookfield from time to time with the securities regulators in Canada and the United States.

We caution that the foregoing list of important factors that may affect future results is not exhaustive. When relying on our forward-looking statements, investors and others should carefully consider the foregoing factors and other uncertainties and potential events. Except as required by law, Brookfield undertakes no obligation to publicly update or revise any forward-looking statements or information, whether written or oral, that may need to be updated as a result of new information, future events or otherwise.

CAUTIONARY STATEMENT REGARDING THE USE OF NON IFRS MEASURES

We include and incorporate by reference funds from operations ("**FFO**"), which is a non-IFRS financial measure. We define FFO as net income excluding the impact of depreciation and amortization, deferred taxes and other non-cash items. FFO is a measure of operating performance that is not calculated in accordance with, and does not have any standardized meaning prescribed by, IFRS. FFO is therefore unlikely to be comparable to similar measures presented by other issuers. FFO has limitations as an analytical tool. See "Part 3 — Operating Segment Results" of our management's discussion and analysis for the year ended December 31, 2015, incorporated by reference herein, for more information on this measure.

PRESENTATION OF FINANCIAL INFORMATION

The Company publishes its consolidated financial statements in United States dollars. In this prospectus supplement, unless otherwise specified or the context otherwise requires, all dollar amounts are expressed in United States dollars and references to "US\$" and "\$" are to United States dollars and references to "Cdn\$" are to Canadian dollars.

The Company presents its financial statements in accordance with IFRS.

RECENT DEVELOPMENTS

On May 16, 2016, the Company announced that it will effect the distribution of units in Brookfield Business Partners L.P. Immediately following the special distribution, based on the estimated value of BBP, shareholders of the Company will own an approximate 22% limited partnership interest in BBP and the Company will retain an approximate 78% limited partnership interest, on a fully diluted basis. - (1) FFO includes gains or losses arising from transactions during the reporting period adjusted to include fair value changes and revaluation surplus recorded in prior periods net of taxes payable or receivable, as well as amounts that are recorded directly in equity, such as ownership changes, as opposed to net income because they result from a change in ownership of a consolidated entity ("**realized disposition gains**"). The Company includes realized disposition gains in FFO because the Company considers the purchase and sale of assets to be a normal part of the Company's business. When determining FFO, the Company includes its proportionate share of the FFO of equity accounted investments and excludes transaction costs incurred on business combinations. FFO is presented as a supplemental financial measurement in the evaluation of the Company's business. FFO is not a measure of financial performance under IFRS. Accordingly, it should not be considered as a substitute for net income prepared in accordance with IFRS.

For a reconciliation of FFO to net income for the years ended December 31, 2015 and 2014, respectively, see "Part 3 — Operating Segment Results — Summary of Results by Operating Segment — Reconciliation of Non-IFRS Measures" of the Company's management's discussion and analysis for the Company's audited comparative consolidated financial statements and the notes thereto for the fiscal year ended December 31, 2015, incorporated by reference herein. For a reconciliation of FFO to net income for the three months ended March 31, 2016 and 2015, respectively, see "Part 3 — Operating Segment Results — Summary of Results by Operating Segment — Reconciliation of Non-IFRS Measures" of the Company's management's discussion and analysis for the Company's unaudited comparative interim consolidated financial statements for the three months ended March 31, 2016, incorporated by reference herein.

RISK FACTORS

An investment in the notes is subject to a number of risks. Before deciding whether to invest in the notes, investors should consider carefully the risks set forth below, in the accompanying base shelf prospectus and in the information incorporated by reference in this Prospectus. Specific reference is made to the sections entitled "Part 5 — Operating Capabilities, Environment and Risks — Business Environment and Risks" in the Company's management's discussion and analysis of financial results for the fiscal year ended December 31, 2015 and the section entitled "Business Environment and Risks" in the Company's annual information form, both of which are incorporated by reference in this prospectus supplement.

The notes are unsecured and are effectively subordinated to all of our existing and future secured indebtedness.

The notes are unsecured and effectively subordinated in right of payment to all of BFI's existing and future secured indebtedness, to the extent of the value of the assets securing such indebtedness. The Guarantee Obligations (as defined below) are unsecured and effectively subordinated in right of payment to all of the Company's existing and future secured indebtedness, to the extent of the value of the assets securing such indebtedness. The indenture for the notes does not restrict the Company or BFI's ability to incur additional indebtedness, including secured indebtedness generally, which would have a prior claim on the assets securing that indebtedness. In the event of insolvency, bankruptcy, liquidation, reorganization, dissolution or winding up of the Company or BFI, their respective assets that serve as collateral for any secured indebtedness would be made available to satisfy their respective obligations to secured creditors before any payments are made on the notes or the Guarantee Obligations. See "Description of the Notes — General".

BFI's Reliance on the Company

BFI will have no assets, property or operations other than the investments it makes with the net proceeds of the notes and any unsecured debt securities that it issues from time to time. BFI will not be restricted in its ability to make investments or incur debt. Therefore, the holders of the notes are relying principally on the unconditional guarantee of the notes provided by the Company and the financial position and creditworthiness of the Company in order to receive the repayment of the amounts owing under and in respect of the notes. The financial position and creditworthiness of the Company is subject to the risks noted in the accompanying base shelf prospectus.

The Guarantee Obligations are effectively subordinated to all liabilities of the Company's subsidiaries.

None of the Company's subsidiaries has guaranteed or otherwise become obligated with respect to the notes, other than BFI. Accordingly, the Company's right to receive assets from any of its subsidiaries upon such subsidiary's bankruptcy, liquidation or reorganization and the right of holders of the notes to participate in those assets, is effectively subordinated to claims of that subsidiary's creditors, including trade creditors.

The notes may be redeemed at BFI's option.

BFI may choose to redeem the notes from time to time, especially when prevailing interest rates are lower than the rate borne by the notes. If prevailing rates are lower at the time of redemption, a purchaser would not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as the interest rate on the notes being redeemed. BFI's redemption right also may adversely impact a purchaser's ability to sell notes as the optional redemption date or period approaches and/or the price at which notes can be sold.

Changes in our credit ratings may adversely affect the value of the notes.

Our long-term debt is subject to periodic review by independent credit rating agencies. Such ratings are limited in scope, and do not address all material risks relating to an investment in the notes, but rather reflect only the view of each rating agency at the time the rating is issued. Ratings of the notes are not recommendations to buy, sell or hold the notes. An explanation of the significance of such rating may be obtained from such rating agency. There can be no assurance that such credit ratings will remain in effect for any given period of time or that such ratings will not be lowered, suspended or withdrawn entirely by the rating

agencies, if, in each rating agency's judgment, circumstances so warrant. Actual or anticipated changes or downgrades in our credit ratings, including any announcement that our ratings are under further review for a downgrade, are likely to adversely affect the market value of the notes and could increase our corporate borrowing costs. In this circumstance, no person or entity is obliged to provide any additional support or credit enhancement with respect to the notes.

There is no existing trading market for the notes.

The notes will not be listed on a securities exchange or quotation system and consequently there is no market through which the notes may be sold and purchasers may not be able to resell the notes purchased under this Prospectus. Future trading prices of the notes will depend on many factors, including but not limited to prevailing interest rates, our financial condition and results of operations, the then-current ratings assigned to the notes and the market for similar securities. Any trading market that develops would be affected by many factors independent of and in addition to the foregoing, including:

- time remaining to the maturity of the notes;
- outstanding amount of the notes;
- the terms related to the optional redemption of the notes; and
- level, direction and volatility of market interest rates generally.

There can be no assurance that an active trading market will develop for the notes after the offering or, if developed, that such market will be sustained. This may affect the pricing of the notes in the secondary market, the transparency and availability of trading prices, the liquidity of the notes and the extent of issuer regulation.

BFI may be unable to repurchase the notes upon a Change of Control Triggering Event.

Upon the occurrence of a Change of Control Triggering Event (as defined herein) with respect to the notes, subject to certain conditions, BFI will be required to make an offer to repurchase all outstanding notes at 101% of their principal amount, plus accrued and unpaid interest. See "Description of the Notes — Change of Control" in this prospectus supplement. The source of funds for such a repurchase will be our available cash or cash generated from our subsidiaries' operations or other potential sources, including borrowings, sales of assets or sales of equity. We cannot assure you that sufficient funds from such sources will be available at the time of any Change of Control Triggering Event to make required repurchases of notes tendered. In addition, the terms of certain of our other existing indebtedness provide that certain change of control events will require us to make an offer to repurchase such outstanding indebtedness. Our future debt instruments may contain similar provisions. It is possible that we will not have sufficient funds at the time of the Change of Control Triggering Event to complete the required repurchase of the notes and, if applicable, our other indebtedness.

USE OF PROCEEDS

The net proceeds from this offering, after deducting the underwriters' fees and the estimated expenses of the offering of US\$3,700,000, will be US\$491,480,000 and will be used for general corporate purposes.

DESCRIPTION OF THE NOTES

The following description of the particular terms and provisions of the notes supplements and, to the extent inconsistent therewith, replaces, the description of the Debt Securities set forth in the base shelf prospectus under "Description of Debt Securities", to which reference is hereby made. Other capitalized terms used and not defined in this prospectus supplement have the meanings ascribed to them in the base shelf prospectus or in the Indenture (as defined herein).

The notes will be issued as a separate series of debt securities under an indenture to be dated as of the date of the issuance of the notes (the "**Indenture**"), between BFI, the Company, as guarantor, and Computershare Trust Company of Canada, as trustee. For a description of the rights attaching to different series of Debt Securities under the Indenture, see "Description of Debt Securities" in the base shelf prospectus. The Indenture is subject to the provisions of the *Business Corporations Act* (Ontario). The following statements relating to the notes and the Indenture are summaries and should be read in conjunction with the statements under "Description of Debt Securities" in the base shelf prospectus. Such information does not purport to be complete and is qualified in its entirety by reference to all of the provisions of the notes and the Indenture, including the definition of certain terms therein. It is the Indenture, and not these statements, that governs the rights of holders of the notes.

General

The notes will be senior unsecured obligations of BFI and will initially be limited to US\$500,000,000 aggregate principal amount, all of which will be issued under a first supplemental indenture to be dated as of the date of the issuance of the notes (the "**First Supplemental Indenture**"). The notes will mature on June 2, 2026. The notes will bear interest at the rate of 4.250% per annum from June 2, 2016, or from the most recent Interest Payment Date to which interest has been paid or provided for, payable semi-annually in arrears on June 2 and December 2 of each year, commencing on December 2, 2016, to the Persons in whose name the notes are registered at the close of business on the preceding May 2 or November 2, as the case may be. The notes will bear interest on overdue principal and premium, if any, and, to the extent permitted by law, overdue interest at 4.250% per annum plus 1%.

The notes will be fully and unconditionally guaranteed by the Company.

Interest on the notes will be computed on the basis of a 360-day year of twelve 30-day months. Principal of, and premium, if any, and interest on, the notes will be payable, and the notes may be presented for registration of transfer and exchange, at the office or agency of the Company maintained for that purpose in Toronto, Ontario and at any other office or agency maintained by the Company for such purpose (and, for notes that are not represented by a Global Note (as defined herein) at the office or agency of the Company maintained for that purpose in The City of New York), *provided* that at the option of BFI, payment of interest on the notes may be made by check mailed to the address of the Person entitled thereto as it appears in the Security Register or by wire transfer to an account maintained by the Person entitled thereto as specified in the Security Register.

The Company is structured as a holding company that conducts a significant proportion of its operating activities through subsidiaries. Although the Guarantee Obligations (as defined herein) are senior obligations of the Company, they are effectively subordinated to all existing and future liabilities of the Company's consolidated subsidiaries and operating companies. The Indenture does not restrict the ability of the Company's subsidiaries to incur additional indebtedness. Because the Company is a holding company, the Company's ability to service its indebtedness is dependent on dividends and other payments made on its investments. Certain of the instruments governing the indebtedness of the companies in which the Company has an investment may restrict the ability of such companies to pay dividends or make other payments on investments under certain circumstances. Dividends paid in kind are excluded so long as they are retained in the same form as received and are legally and beneficially owned by the Company and/or one or more designated Affiliates of the Company.

The Indenture does not limit the aggregate principal amount of Debt Securities which may be issued thereunder, and Debt Securities may be issued thereunder from time to time in one or more series up to the aggregate principal amount from time to time authorized by BFI for each series. All Debt Securities issued by BFI will be fully and unconditionally guaranteed by the Company.

Reopening of the Notes

BFI may from time to time, without the consent of the holders of the notes but with the consent of the Company, create and issue further notes having the same terms and conditions in all respects as the notes being offered hereby, except for the issue date, the issue price and the first payment of interest thereon. Additional notes issued in this manner will be consolidated with and will form a single series with the notes being offered hereby.

Redemption and Repurchase

The notes will be redeemable at BFI's option (A) in whole or in part, at any time and from time to time on payment of the applicable Redemption Price (as defined herein) and/or (B) in whole on or after the date that is three months prior to the maturity date on payment of the applicable Redemption Price (as defined herein). If less than all of the notes are to be redeemed pursuant to (A), the notes so redeemed will be cancelled and will not be re-issued.

In connection with such optional redemption, the following defined terms apply:

"Adjusted Treasury Rate" means, with respect to any redemption date, the rate per annum equal to the semi-annual equivalent yield to maturity (computed as of the second business day immediately preceding that redemption date) of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for that redemption date.

"Comparable Treasury Issue" means the United States Treasury security selected by the Independent Investment Banker that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the notes.

"Comparable Treasury Price" means, with respect to any redemption date, (i) the average of the Reference Treasury Dealer Quotations for that redemption date, after excluding the highest and lowest of such Reference Treasury Dealer Quotations, or (ii) if the Independent Investment Banker obtains fewer than four such Reference Treasury Dealer Quotations, the average of all such quotations.

"Independent Investment Banker" means one of the Reference Treasury Dealers appointed by BFI to act as the "Independent Investment Banker".

"Redemption Price" means in the case of (A) above, the greater of (i) 100% of the principal amount of the notes to be redeemed, and (ii) the sum of the present values of the Remaining Scheduled Payments discounted to the date of redemption on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Adjusted Treasury Rate plus 40 basis points, and in the case of (B) above, 100% of the principal amount of the notes to be redeemed, together with, in each case, accrued and unpaid interest on the principal amount of the notes to be redeemed to the date of redemption.

"Reference Treasury Dealer" means each of Citigroup Global Markets Inc. and Deutsche Bank Securities Inc. and their respective successors, each a recognized investment banking firm that is a primary U.S. Government securities dealer in New York City (a **"Primary Treasury Dealer"**); *provided*, however, that if any of the foregoing shall cease to be a Primary Treasury Dealer, BFI shall substitute therefor another nationally recognized investment banking firm that is a Primary Treasury Dealer to be a Reference Treasury Dealer.

"Reference Treasury Dealer Quotations" means, with respect to any redemption date, the average, as determined by the Independent Investment Banker, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Independent Investment Banker by the Reference Treasury Dealers at 3:30 p.m., New York City time, on the third business day preceding that redemption date.

"Remaining Scheduled Payments" means, with respect to each note to be redeemed, the remaining scheduled payments of the principal thereof and interest thereon that would have been due after the related redemption date but for such redemption; *provided*, however, that, if that redemption date is not an interest

payment date with respect to such note, the amount of the next succeeding scheduled interest payment thereon will be reduced by the amount of interest accrued thereon to that redemption date.

Notice of any redemption will be mailed at least 30 days but not more than 60 days before the redemption date to each holder of the notes to be redeemed. On and after any redemption date, interest will cease to accrue on the notes or any portion thereof called for redemption. On or before any redemption date, BFI shall deposit with the Trustee or with a Paying Agent money sufficient to pay the redemption price of and accrued interest on the notes to be redeemed on such date. If less than all the notes are to be redeemed, the notes to be redeemed shall be selected by the Trustee at BFI's direction by such method as BFI and the Trustee shall deem fair and appropriate. The redemption price shall be calculated by the Independent Investment Banker and BFI, the Trustee and any Paying Agent for the notes shall be entitled to rely on such calculation.

Affiliate Purchase on Maturity

Notwithstanding the other provisions of the Indenture BFI may, by providing notice to the Trustee at least two Business Days prior to the Maturity, elect to have an Affiliate of BFI or the Company purchase all, but not less than all, of the notes so to be redeemed or repaid at a price equal to the Redemption Price, in the case of notes called for redemption, or the principal amount, in the case of notes coming due at the Stated Maturity (in each case, the "**Repayment Price**"). Upon payment therefor of an amount equal to the Repayment Price as well as payment by BFI of accrued interest and premium, if any, such notes shall be transferred to such Affiliate in accordance with the transfer provisions of the Indenture and such notes shall not become due and payable on Maturity, provided that such Affiliate shall not be permitted to vote such notes in any matter unless 100% of the notes entitled to be voted in respect of such matter are held by BFI, the Company or their Affiliates. Should such Affiliate fail to make full payment of the Repayment Price on Maturity, then such notes shall become due and payable as otherwise provided for in the Indenture.

Change of Control

If a Change of Control Triggering Event (as defined herein) occurs, unless BFI has exercised its right to redeem the notes as described above, BFI will be required to make an offer to repurchase all, or any part, (equal to US\$2,000 or a subsequent multiple of US\$1,000) of each holder's notes pursuant to the offer described below (the "**Change of Control Offer**") on the terms set forth in the notes. In the Change of Control Offer, BFI will be required to offer payment in cash equal to 101% of the aggregate principal amount of notes repurchased plus accrued and unpaid interest, if any, on the notes repurchased (the "**Change of Control Payment**"), to the date of purchase.

Within 30 days following any Change of Control Triggering Event, BFI will be required to mail a notice to holders of notes, with a copy to the Trustee, describing the transaction or transactions that constitute the Change of Control Triggering Event and offering to repurchase the notes on the date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is mailed (the "**Change of Control Payment Date**"), pursuant to the procedures required by the notes and described in such notice. BFI must comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the repurchase of the notes as a result of a Change of Control Triggering Event. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control (as defined herein) provisions of the notes, BFI will be required to comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Change of Control provisions of the notes by virtue of such conflicts.

On the Change of Control Payment Date, BFI will be required, to the extent lawful, to:

- accept for payment all notes or portions of notes properly tendered pursuant to the Change of Control Offer;
- deposit with the Paying Agent an amount equal to the Change of Control Payment in respect of all notes or portions of notes properly tendered; and
- deliver or cause to be delivered to the Trustee the notes properly accepted together with an Officers' Certificate stating the aggregate principal amount of notes or portions of notes being purchased by BFI.

The Paying Agent will be required to promptly mail to each holder who properly tendered notes, the purchase price for such notes, and the Trustee will be required to promptly authenticate and mail (or cause to be transferred by book entry) to each such holder a new note equal in principal amount to any unpurchased portion of the notes surrendered, if any; provided that each new note will be in a principal amount of US\$2,000 or a subsequent multiple of US\$1,000.

BFI will not be required to make a Change of Control Offer upon a Change of Control Triggering Event if a third party makes such an offer in the manner, at the times and otherwise in compliance with the requirements for an offer made by BFI and such third party purchases all notes properly tendered and not withdrawn under its offer.

For purposes of the foregoing discussion of a repurchase at the option of holders, the following definitions are applicable:

"Below Investment Grade Rating Event" means that on any day within the 60 day period (which shall be extended during an Extension Period) after the earlier of (1) the occurrence of a Change of Control or (2) public notice of the occurrence of a Change of Control or the intention by the Company to effect a Change of Control, the notes are rated below an Investment Grade Rating by at least two out of three of the Rating Agencies if there are three Rating Agencies or all of the Rating Agencies if there are less than three Rating Agencies. Notwithstanding the foregoing, a Below Investment Grade Rating Event otherwise arising by virtue of a particular reduction in rating shall not be deemed to have occurred in respect of a particular Change of Control (and thus shall not be deemed a Below Investment Grade Rating Event for purposes of the definition of Change of Control Triggering Event hereunder) if the Rating Agencies making the reduction in rating to which this definition would otherwise apply do not announce or publicly confirm or inform the Trustee in writing at its request that the reduction was the result, in whole or in part, of any event or circumstance comprised of or arising as a result of, or in respect of, the applicable Change of Control (whether or not the applicable Change of Control shall have occurred at the time of the ratings event). For the purpose of this definition, an **"Extension Period"** shall occur and continue for so long as the aggregate of (i) the number of Rating Agencies that have placed the notes on publicly announced consideration for possible downgrade during the initial 60-day period and (ii) the number of Rating Agencies that have downgraded the notes to below an Investment Grade Rating during either the initial 60-day period or the Extension Period is sufficient to result in a Change of Control Triggering Event should one or more of the Rating Agencies that have placed the notes on publicly announced consideration for possible downgrade subsequently downgrade the notes to below an Investment Grade Rating. The Extension Period shall terminate when one of the Rating Agencies has confirmed that the notes are not subject to consideration for a possible downgrade, and have not downgraded the notes, to below an Investment Grade Rating.

"Change of Control" means the consummation of any transaction including, without limitation, any merger, amalgamation, arrangement or consolidation the result of which is that any person or group of related persons, other than the Company, its Subsidiaries, its or such Subsidiaries' employee benefit plans, or Management and/or any entity or group of entities controlled by Management (provided that upon the consummation of a transaction by Management and/or an entity or group of entities controlled by Management, the Company's Class A Shares or other Voting Stock into which the Company's Class A Shares are reclassified, consolidated, exchanged or changed continue to be listed and posted for trading on a national securities exchange in the United States, Canada or Europe), becomes the beneficial owner (as defined in Rules 13d-3 and 13d-5 under the Exchange Act), directly or indirectly, of (i) more than 50% of the voting power of each class of the Company's Voting Stock or other Voting Stock into which the Company's Voting Stock is reclassified, consolidated, exchanged or changed measured by voting power rather than number of shares, or (ii) Voting Stock sufficient to enable it to elect a majority of the members of the Company's board of directors. For the purposes of this provision, "person" and "group" have the meanings they have in Sections 13(d) and 14(d) of the Exchange Act.

For the purposes of the Indenture, an entity will be deemed to be controlled by Management if the individuals comprising Management are the beneficial owners, directly or indirectly, of, in aggregate, (i) more than 50% of the voting power of such entity's voting stock measured by voting power rather than number of shares or (ii) such entity's voting stock sufficient to enable them to elect a majority of the members of such entity's board of directors (or similar body).

"Change of Control Triggering Event" means the occurrence of both a Change of Control and a Below Investment Grade Rating Event.

"Investment Grade Rating" means a rating equal to or higher than Baa3 (or the equivalent) by Moody's, BBB- (or the equivalent) by S&P and BBB(low) (or the equivalent) by DBRS.

"Management" means the Company's directors, officers or employees (or directors, officers or employees of its Subsidiaries) immediately prior to the consummation of any transaction, acting individually or together.

"Rating Agencies" means (1) each of Moody's, S&P and DBRS and (2) if any of the foregoing Rating Agencies ceases to rate the notes or fails to make a rating of the notes publicly available for reasons outside of BFI or the Company's control, a "nationally recognized statistical rating organization" within the meaning of Section 3(a)(62) under the Exchange Act, selected by BFI (as certified by a resolution of its Board of Directors) as a replacement agency for Moody's, S&P or DBRS, or some or all of them, as the case may be.

The failure by BFI to comply with the obligations described under "— Change of Control" will constitute an event of default with respect to the notes.

The Change of Control Triggering Event feature of the notes may in certain circumstances make more difficult or discourage a sale or takeover of the Company and, thus, the removal of incumbent management. Subject to the limitations discussed below, we could, in the future, enter into certain transactions, including acquisitions, refinancings or other recapitalizations, that would not constitute a Change of Control under the notes, but that could increase the amount of indebtedness outstanding at such time or otherwise affect our capital structure or credit ratings on the notes. Restrictions on our ability to incur liens are contained in the covenants as described in this prospectus supplement under "Description of the Notes — Covenants — Negative Pledge".

Additional Co-Obligor

BFI may add a U.S. affiliate as a co-obligor under the notes without consent of holders. If it were to exercise this right, such U.S. affiliate would become liable for the notes on a joint and several basis with BFI; BFI would not be released from its obligations under the Indenture or the notes.

The addition of a co-obligor would be subject to acceptance by the Trustee for the notes and dependent on other factors, such as BFI's assessment of any applicable legislation, the financial impact of any such legislation on BFI and other alternatives that may be available to BFI at that time. BFI would only add a co-obligor if, following such addition, all Indenture Securities would maintain a rating equal to or higher than the ratings for such Indenture Securities by the Rating Agencies immediately prior to the addition. Also, BFI would only add a co-obligor if BFI determines that adding a co-obligor would not result in a deemed sale or exchange of the notes by any holder for U.S. federal income tax purposes under applicable Treasury Regulations nor a disposition of the notes by any holder for Canadian federal income tax purposes.

Redemption for Changes in Canadian Withholding Taxes

The notes will be subject to redemption as a whole, but not in part, at the option of BFI at any time at 100% of the principal amount, together with accrued interest thereon to the redemption date, in the event BFI shall have received an opinion from independent tax counsel experienced in such matters to the effect that BFI has become, or would become, obligated to pay, on the next date on which any amount would be payable with respect to the notes, any Additional Amounts (as defined herein) as a result of a change in the laws of Canada or any political subdivision or taxing authority thereof or therein (including any regulations promulgated thereunder), or any change in any official position regarding the application or interpretation of such laws or regulations, which change is announced or becomes effective on or after the date of the First Supplemental Indenture.

The following covenants shall apply to the notes:

Negative Pledge

Neither BFI, nor the Company will create any Lien (as defined herein) on any of its property or assets to secure any indebtedness for borrowed money without in any such case effectively providing that the notes, in the case of BFI, and the Guarantee Obligations, in case of the Company (together with, if BFI or the Company, as applicable, shall so determine, any other indebtedness of BFI or the Company, as applicable, which is not subordinate to the notes or the Guarantee Obligations, as applicable), shall be secured equally and ratably with (or prior to) such secured indebtedness, so long as such secured indebtedness shall be so secured; *provided*, however, that the foregoing restrictions shall not apply to:

- (a) Liens on any property or assets of the Company existing at the time of acquisition thereof (including acquisition through merger or consolidation) to secure, or securing, the payment of all or any part of the purchase price, cost of improvement or construction cost thereof or securing any indebtedness incurred prior to, at the time of or within 120 days after, the acquisition of such property or assets or the completion of any such improvement or construction, whichever is later, for the purpose of financing all or any part of the purchase price, cost of improvement or construction cost thereof or to secure, or securing, the repayment of money borrowed to pay, in whole or in part, such purchase price, cost of improvement or construction cost or any vendor's privilege or lien on such property securing all or any part of such purchase price, cost of improvement or construction cost, including title retention agreements and leases in the nature of title retention agreements (*provided* such Liens are limited to such property or assets and to improvements on such property);
- (b) Liens arising by operation of law;
- (c) any other Lien arising in connection with indebtedness of the Company if, after giving effect to such Lien and any other Lien created pursuant to this paragraph (c), the aggregate principal amount of indebtedness secured thereby would not exceed 5% of the Company's Consolidated Net Worth; and
- (d) any extension, renewal, substitution or replacement (or successive extensions, renewals, substitutions or replacements), as a whole or in part, of any of the Liens referred to in paragraphs (a) and (b) above or any indebtedness secured thereby; *provided* that such extension, renewal, substitution or replacement Lien shall be limited to all or any part of substantially the same property or assets that secured the Lien extended, renewed, substituted or replaced (plus improvements on such property) and the principal amount of indebtedness secured by such Lien at such time is not increased.

Limitation on Restricted Payments

The Company (a) will not declare or pay any dividend or make any distribution, of any kind or character (whether in cash, property or securities), in respect of any class of its Capital Stock or to the holders of any class of its Capital Stock (other than dividends or distributions payable solely in shares of its Capital Stock or in options, warrants or other rights to acquire its Capital Stock), (b) will not, and will not permit any Subsidiary of the Company to, directly or indirectly, purchase, redeem or otherwise acquire or retire for value (i) any Capital Stock of the Company, or (ii) any options, warrants or rights to purchase or acquire shares of Capital Stock of the Company, and (c) will not, and will not permit any Subsidiary of the Company to, redeem, defease (including, but not limited to, legal or covenant defeasance), repurchase (including pursuant to any provision for repayment at the option of the holder thereof), retire or otherwise acquire or retire for value prior to any scheduled maturity, mandatory repayment or mandatory sinking fund payment, Debt of the Company which is subordinate in right of payment to the Guarantee Obligations, if at the time thereof:

- (i) an Event of Default or an event that, with the lapse of time or the giving of notice or both, would constitute an Event of Default, shall have occurred and be continuing, or
- (ii) upon giving effect to such payment, the Consolidated Net Worth of the Company would be less than US\$2 billion;

provided, however, that this provision will not be violated by reason of (i) the payment of any dividend within 60 days after declaration thereof if, at the date of such declaration, such payment would have complied with the foregoing provision and (ii) any refinancing or refunding of any Debt.

Status of BFI

BFI shall at all times remain a Subsidiary of the Company.

Certain Definitions

Set forth below is a summary of certain of the defined terms used in the Indenture. Reference is made to the Indenture for the full definition of all defined terms.

"Guarantee Obligations" means the obligations of the Company pursuant to Article 5 of the Indenture but solely in respect of the notes.

"Lien" means, with respect to any property or asset, any mortgage, charge, hypothecation, pledge, encumbrance on, or other security interest in, such property or asset.

"Offer to Purchase" means a written offer (the **"Offer"**) sent by BFI by first class mail, postage prepaid, to each Holder at his address appearing in the Security Register on the date of the Offer offering to purchase up to the principal amount of notes specified in such Offer at the purchase price specified in such Offer (as determined pursuant to the Indenture). Unless otherwise required by applicable law, the Offer shall specify an expiration date (the **"Offer Expiration Date"**) of the Offer to Purchase which shall be, subject to any contrary requirements of applicable law, not less than 30 days or more than 60 days after the date of such Offer and a settlement date (the **"Purchase Date"**) for purchase of notes within five Business Days after the Offer Expiration Date. BFI shall notify the Trustee at least 15 Business Days (or such shorter period as is acceptable to the Trustee) prior to the mailing of the Offer of BFI's obligation to make an Offer to Purchase, and the Offer shall be mailed by BFI or, at BFI's request, by the Trustee in the name and at the expense of BFI. The Offer shall contain information concerning the business of BFI, the Company and their Subsidiaries which BFI in good faith believes will enable such Holders to make an informed decision with respect to the Offer to Purchase (which at a minimum will include (i) the most recent annual and quarterly financial statements and "Management's Discussion and Analysis of Financial Condition and Results of Operations" of the Company contained in the documents required to be filed with the Trustee pursuant to the Indenture (which requirements may be satisfied by delivery of such documents together with the Offer), (ii) a description of material developments in BFI or the Company's business subsequent to the date of the latest of such financial statements referred to in clause (i) (including a description of the events requiring BFI to make the Offer to Purchase), (iii) if applicable, appropriate *pro forma* financial information concerning the Offer to Purchase and the events requiring BFI to make the Offer to Purchase, and (iv) any other information required by applicable law to be included therein). The Offer shall contain all instructions and materials necessary to enable such Holders to tender notes pursuant to the Offer to Purchase. The Offer shall also state:

1. the section of the Indenture pursuant to which the Offer to Purchase is being made;
2. the Offer Expiration Date and the Purchase Date;
3. the aggregate principal amount of the Outstanding notes offered to be purchased by BFI pursuant to the Offer to Purchase (including, if less than 100%, the manner by which such amount has been determined) (the **"Purchase Amount"**);
4. the purchase price to be paid by BFI for each US\$1,000 aggregate principal amount of notes accepted for payment (as specified pursuant to the Indenture) (**"Purchase Price"**);
5. that the Holder may tender all or any portion of the notes registered in the name of such Holder and that any portion of a note tendered must be tendered in an integral multiple of US\$1,000 principal amount;
6. the place or places where notes are to be surrendered for tender pursuant to the Offer to Purchase;

7. that interest on any note not tendered or tendered but not purchased by BFI pursuant to the Offer to Purchase will continue to accrue;
8. that on the Purchase Date, the Purchase Price will become due and payable upon each note being accepted for payment pursuant to the Offer to Purchase and that interest thereon shall cease to accrue on and after the Purchase Date;
9. that each Holder electing to tender a note pursuant to the Offer to Purchase will be required to surrender such note at the place or places specified in the Offer prior to the close of business on the Offer Expiration Date (such note being, if BFI or the Trustee so requires, duly endorsed by, or accompanied by a written instrument of transfer in form satisfactory to BFI and the Trustee, duly executed by, the Holder thereof or his attorney duly authorized in writing);
10. that Holders will be entitled to withdraw all or any portion of notes tendered if BFI (or its Paying Agent) receives, not later than the close of business on the Offer Expiration Date, a telegram, telex, facsimile transmission or letter setting forth the name of the Holder, the principal amount of the note the Holder tendered, the certificate number of the note the Holder tendered and a statement that such Holder is withdrawing all or a portion of his tender;
11. that (a) if notes in an aggregate principal amount less than or equal to the Purchase Amount are duly tendered and not withdrawn pursuant to the Offer to Purchase, BFI shall purchase all such notes and (b) if notes in an aggregate principal amount in excess of the Purchase Amount are tendered and not withdrawn pursuant to the Offer to Purchase, BFI shall purchase notes having an aggregate principal amount equal to the Purchase Amount on a pro rata basis (with such adjustments as may be deemed appropriate so that only notes in denominations of US\$1,000 or integral multiples thereof shall be purchased); and
12. that in the case of any Holder whose note is purchased only in part, BFI shall execute, and the Trustee shall authenticate and deliver to the Holder of such note without service charge, a new note, of any authorized denomination as requested by such Holder, in an aggregate principal amount equal to and in exchange for the unpurchased portion of the note so tendered.

Any Offer to Purchase shall be governed by and effected in accordance with the Offer for such Offer to Purchase.

"Subsidiary" of any Person means (i) a corporation 50% or more of the combined voting power of the outstanding Voting Stock of which is owned, directly or indirectly, by such Person or by one or more other Subsidiaries of such Person or by such Person and one or more Subsidiaries thereof, or (ii) any other Person (other than a corporation) in which such Person, or one or more other Subsidiaries of such Person or such Person and one or more other Subsidiaries thereof, directly or indirectly, has at least a majority ownership and power to direct the policies, management and affairs thereof.

"Voting Stock" of any Person means Capital Stock of such Person which ordinarily has voting power for the election of directors (or persons performing similar functions) of such Person, whether at all times or only so long as no senior class of securities has such voting power by reason of any contingency.

Additional Amounts

All payments made by BFI or the Company under or with respect to the notes will be made free and clear of, and without withholding or deduction for or on account of, any present or future tax, duty, levy, impost, assessment or other governmental charge imposed or levied by or on behalf of the Government of Canada or of any province or territory thereof or by any authority or agency therein or thereof having power to tax (hereinafter "**Taxes**"), unless BFI or the Company (as applicable) is required to withhold or deduct Taxes by law or by the interpretation or administration thereof. If BFI or the Company is so required to withhold or deduct any amount for or on account of Taxes from any payment made by it under or with respect to the notes and the notes are not redeemed in accordance with the provisions described under "— Redemption for Changes in Canadian Withholding Taxes", BFI or the Company (as applicable) will pay such additional amounts ("**Additional Amounts**") as may be necessary so that the net amount received by each Holder or beneficial owner

(including Additional Amounts) after such withholding or deduction will not be less than the amount the Holder or beneficial owner would have received if such Taxes had not been withheld or deducted; provided that no Additional Amounts will be payable with respect to: (a) any payment to a Holder or beneficial owner who is liable for such Taxes in respect of such note (i) by reason of such Holder or beneficial owner, or any other person entitled to payments on the note, being a person with whom BFI or the Company does not deal at arm's length (within the meaning of the Income Tax Act (Canada) (the "**Tax Act**")) or (ii) by reason of the existence of any present or former connection between such Holder or beneficial owner (or between a fiduciary, settlor, beneficiary, member or shareholder of, or possessor of power over, such Holder or beneficial owner, if such Holder or beneficial owner is an estate, trust, partnership, limited liability company or corporation) and Canada or any province or territory thereof or therein other than the mere ownership, or receiving payments under or enforcing any rights in respect of such note as a non-resident or deemed non-resident of Canada or any province or territory thereof or therein; (b) any payment to a Holder or beneficial owner who is a "specified shareholder" of BFI or the Company or who does not deal at arm's length with a "specified shareholder" of BFI or the Company as defined in subsection 18(5) of the Tax Act; (c) any note presented for payment (where presentation is required) more than 30 days after the later of (i) the date on which such payment first becomes due or (ii) if the full amount of the monies payable has not been paid to the Holders of the notes on or prior to such date, the date on which the full amount of such monies has been paid to the Holders of the notes, except to the extent that the Holder of the notes would have been entitled to such Additional Amounts on presentation of the same for payment on the last day of such period of 30 days; (d) any estate, inheritance, gift, sales, transfer, excise or personal property tax or any similar Tax; (e) any Tax imposed as a result of the failure of a Holder or beneficial owner to comply with certification, identification, declaration or similar reporting requirements concerning the nationality, residence, identity or connection with Canada or any province or territory thereof or therein of such Holder or beneficial owner, if such compliance is required by statute or by regulation, as a precondition to reduction of, or exemption, from such Tax; (f) any (i) withholding or deduction imposed pursuant to Sections 1471 to 1474 of the U.S. Internal Revenue Code of 1986, as amended ("**FATCA**"), or any successor version thereof, or any similar legislation imposed by any other governmental authority, (ii) Tax or penalty arising from the Holder's failure to properly comply with the Holder's obligations imposed under the Canada-United States Enhanced Tax Information Exchange Agreement Implementation Act (Canada) or the similar provisions of legislation of any other jurisdiction that has entered into an agreement with the United States of America to provide for the implementation of FATCA-based reporting in that jurisdiction, or (iii) withholding or deduction imposed pursuant to any agreement between us and the United States or any authority thereof implementing FATCA; or (g) any combination of the foregoing clauses (a) to (f).

BFI and the Company (as applicable) will also (1) make such withholding or deduction and (2) remit the full amount deducted or withheld by it to the relevant authority in accordance with applicable law. BFI and the Company (as applicable) will furnish to the Holders of the notes, within 30 days after the date the payment of any Taxes by it is due pursuant to applicable law, certified copies of tax receipts evidencing such payment by it. BFI and the Company will indemnify and hold harmless each Holder and, upon written request, will reimburse each such Holder for the amount of (i) any Taxes (other than any Taxes for which Additional Amounts would not be payable pursuant to clauses (a) through (g) above) levied or imposed and paid by such Holder as a result of payments made under or with respect to the notes which have not been withheld or deducted and remitted by BFI or the Company (as applicable) in accordance with applicable law, (ii) any liability (including penalties, interest and expenses) arising therefrom or with respect thereto, and (iii) any Taxes (other than any Taxes for which Additional Amounts would not be payable pursuant to clauses (a) through (g) above) imposed with respect to any reimbursement under clause (i) or (ii) above, but excluding any such Taxes on such Holder's net income.

Whenever in the Indenture there is mentioned, in any context, the payment of principal (and premium, if any), Redemption Price, Purchase Price, Change of Control Payment, interest or any other amount payable under or with respect to any note, such mention shall be deemed to include mention of the payment of Additional Amounts to the extent that, in such context, Additional Amounts are, were or would be payable in respect thereof.

Each of the notes will be represented by one or more global notes (collectively, the "**Global Notes**") registered in the name of The Depository Trust Company, or its nominee, as Depositary (the "**Depositary**"). The provisions set forth under "Description of Debt Securities — Registered Global Debt Securities" in the accompanying base shelf prospectus will be applicable to the notes. Accordingly, beneficial interests in the notes will be shown on, and transfers thereof will be effected only through, records maintained by the Depositary and its Participants (as defined herein). Except as described under "Description of Debt Securities — Registered Global Debt Securities" in the base shelf prospectus, owners of beneficial interests in the Global Notes will not be entitled to receive notes in definitive form and will not be considered holders of notes under the Indenture.

The Depositary has advised BFI, the Company and the underwriters as follows: the Depositary, the world's largest depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. The Depositary holds and provides asset servicing for over 2.2 million issues of U.S. and non-U.S. equity, corporate and municipal debt issues, and money market instruments from over 100 countries that the Depositary's participants ("**Direct Participants**") deposit with the Depositary. The Depositary also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. The Depositary is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("**DTCC**"). DTCC, in turn, is owned by a number of Direct Participants of the Depositary and members of the National Securities Clearing Corporation, Fixed Income Clearing Corporation and Emerging Markets Clearing Corporation (who are also subsidiaries of DTCC), as well as by the New York Stock Exchange, Inc., the American Stock Exchange LLC, and the National Association of Securities Dealers, Inc. Access to the Depositary's system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("**Indirect Participants**" and with Direct Participant "**Participants**"). The Depositary has Standard & Poor's highest rating: AAA. The Depositary's Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about the Depositary can be found at www.dtcc.com and www.dtc.org.

Principal and interest payments on the notes registered in the name of the Depositary's nominee will be made in immediately available funds to the Depositary's nominee as the registered owner of the Global Notes. Under the terms of the Indenture, BFI and the Trustee will treat the persons in whose names the notes are registered as the owners of such notes for the purpose of receiving payment of principal and interest on such notes and for all other purposes whatsoever. Therefore, neither BFI, the Company, the Trustee nor any Paying Agent for the notes has any direct responsibility or liability for the payment of principal or interest on the notes to owners of beneficial interests in the Global Notes. The Depositary has advised BFI, the Company and the Trustee that its current practice is, upon receipt of any payment of principal or interest, to credit the accounts of Participants on the payment date with such payment in amounts proportionate to their respective beneficial interests in the principal amount of the Global Notes as shown in the records of the Depositary, unless the Depositary has reason to believe that it will not receive payment on the payment date. Payments by Direct Participants and Indirect Participants to owners of beneficial interests in the Global Notes will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of the Direct Participants or Indirect Participants, and not of the Depositary, the Trustee, BFI or the Company, subject to any statutory requirements as may be in effect from time to time. Payment of principal and interest to the Depositary is the responsibility of BFI or the Trustee, disbursement of such payments to Participants shall be the responsibility of the Depositary, and the disbursement of such payments to the owners of beneficial interests in the Global Notes shall be the responsibility of Participants.

BFI understands that, under existing industry practice, if BFI were to request any action by the Holders or if an owner of a beneficial interest in the Global Notes were to desire to take any action that the Depositary, as the registered owner of the Global Notes, is entitled to take, the Depositary would authorize Participants to take such action, and that Participants would, in turn, authorize beneficial owners owning through them to take such action or would otherwise act upon the instructions of such beneficial owners.

CERTAIN CANADIAN FEDERAL INCOME TAX CONSIDERATIONS

In the opinion of Torys LLP and Goodmans LLP, the following is a general summary of the principal Canadian federal income tax considerations generally applicable under the Income Tax Act (Canada) (the "**Tax Act**") to a beneficial owner of notes (including entitlement to all payments thereunder) acquired hereunder who, at all relevant times, for the purposes of the Tax Act, deals at arm's length with BFI and the Company (a "**Note Holder**").

This summary is not applicable to a Note Holder (i) that is a "financial institution" (as defined in the Tax Act for purposes of the mark- to-market rules), (ii) that is a "specified financial institution" (as defined in the Tax Act), (iii) an interest in which is a "tax shelter investment" (as defined in the Tax Act), (iv) that has elected to report its "Canadian tax results" in a functional currency in accordance with the provisions of the Tax Act or (v) that enters into a "derivative forward agreement" (as defined in the Tax Act) in respect of the notes. Such Note Holders should consult their own tax advisors having regard to their particular circumstances.

This summary is based on the current provisions of the Tax Act, the regulations thereunder (the "Regulations") in force at the date of this Prospectus Supplement, all specific proposals to amend the Tax Act and the Regulations publicly announced by or on behalf of the Minister of Finance (Canada) prior to the date hereof and counsel's understanding of the current administrative policies or assessment practices published in writing by the Canada Revenue Agency (the "CRA"). There can be no assurance that the proposed amendments will be implemented in their current form or at all. This summary does not otherwise take into account or anticipate any changes of law or practice, whether by judicial, governmental or legislative decision or action or changes in the administrative policies or assessment practices of the CRA, nor does it take into account tax legislation or considerations of any province, territory or foreign jurisdiction, which may differ significantly from those discussed herein.

This summary is of a general nature only and is not intended to be, nor should it be construed to be, legal or tax advice to any particular Note Holder and no representations with respect to the income tax consequences to any particular Note Holder are made. This summary is not exhaustive of all Canadian federal income tax considerations. Accordingly, prospective investors in notes should consult their own tax advisors with respect to their own particular circumstances.

For purposes of the Tax Act, all amounts, including interest, adjusted cost base and proceeds of disposition, must be expressed in Canadian dollars. For purposes of the Tax Act, amounts denominated in U.S. dollars generally must be converted into Canadian dollars using the rate of exchange quoted by the Bank of Canada at noon on the date such amounts first arose, or such other rate of exchange as is acceptable to the CRA.

Residents of Canada

The following portion of the summary is generally applicable to a Note Holder who, at all relevant times, for the purposes of the Tax Act, is or is deemed to be resident in Canada, holds the notes as capital property, and is not affiliated with BFI or the Company (a "**Resident Note Holder**"). Generally, the notes will be considered to be capital property to a Resident Note Holder provided that the Resident Note Holder does not hold the notes in the course of carrying on a business of buying and selling securities and has not acquired them in one or more transactions considered to be an adventure or concern in the nature of trade. Certain Resident Note Holders whose notes might not otherwise qualify as capital property may be entitled to have the notes, and all other "Canadian securities" owned by the Resident Note Holder in the year and in each subsequent taxation year, deemed to be capital property by making an irrevocable election permitted by subsection 39(4) of the Tax Act. Such Resident Note Holders should consult their own tax advisors as to whether this election is available and advisable, having regard to their own particular circumstances.

Interest

A Resident Note Holder that is a corporation, partnership, unit trust or any trust of which a corporation or partnership is a beneficiary will be required to include in computing its income for a taxation year any interest on a note that accrues (or is deemed to accrue) to the Resident Note Holder to the end of the particular taxation year or that becomes receivable by or is received by the Resident Note Holder before the end of that taxation

year, except to the extent that such interest was otherwise included in the Resident Note Holder's income for a preceding taxation year.

Any other Resident Note Holder, including an individual and a trust of which neither a corporation nor a partnership is a beneficiary, will be required to include in income for a taxation year any interest on a note received or receivable by such Resident Note Holder in that taxation year (depending upon the method regularly followed by the Resident Note Holder in computing income), except to the extent that the interest was included in the Resident Note Holder's income for a preceding taxation year.

The notes may be issued at a discount from their face value. In such circumstances, a Resident Note Holder may be required to include an amount equal to such discount in computing income, either in accordance with the deemed interest accrual rules contained in the Tax Act and Regulations or in the taxation year in which an amount in respect of the discount is received or receivable by the Resident Note Holder. Resident Note Holders should consult their own tax advisor in these circumstances, as the treatment of the discount may vary with the facts and circumstances giving rise to the discount.

Any premium paid by BFI to a Resident Note Holder because of the redemption or purchase for cancellation by it of a note before maturity generally will be deemed to be interest received at that time by the Resident Note Holder to the extent that such premium can reasonably be considered to relate to, and does not exceed the value at the time of the redemption of, the interest that would have been paid or payable by BFI on the note for a taxation year ending after the redemption.

A Resident Note Holder that is a "Canadian-controlled private corporation" (as defined in the Tax Act) may be liable to pay an additional refundable tax on certain investment income, including amounts of interest.

Disposition

On a disposition or deemed disposition of a note, whether on redemption, purchase for cancellation or otherwise, a Resident Note Holder generally will be required to include in its income the amount of interest accrued (or deemed to accrue) to the Resident Note Holder on the note from the date of the last interest payment to the date of disposition, except to the extent that such amount has otherwise been included in the Resident Note Holder's income for the taxation year or a previous taxation year. A Resident Note Holder may also be required to include in computing income the amount of any discount received or receivable by such Resident Note Holder. In general, a disposition or deemed disposition of a note will give rise to a capital gain (or capital loss) to the extent that the proceeds of disposition, net of any accrued interest and any other amount included in computing income and any reasonable costs of disposition, exceed (or are less than) the adjusted cost base of the note to the Resident Note Holder immediately before the disposition.

One-half of the amount of any capital gain (a "taxable capital gain") realized by a Resident Note Holder in a taxation year generally must be included in the Resident Note Holder's income for that year, and one-half of the amount of any capital loss (an "allowable capital loss") realized by a Resident Note Holder in a taxation year may generally be deducted from taxable capital gains realized by the Resident Note Holder in that year. Allowable capital losses in excess of taxable capital gains may be carried back and deducted in any of the three preceding taxation years or carried forward and deducted in any subsequent taxation year against net taxable capital gains realized in such years to the extent and under the circumstances described in the Tax Act.

A Resident Note Holder that is a "Canadian-controlled private corporation" (as defined in the Tax Act) may be liable to pay an additional refundable tax on certain investment income, including amounts of taxable capital gains.

Non-Residents of Canada

The following portion of the summary is generally applicable to a Note Holder who, at all relevant times, for purposes of the Tax Act, is not, and is not deemed to be, a resident of Canada, has not and will not use or hold the notes in or in the course of carrying on business in Canada, deals at arm's length with any person resident in Canada to whom the Note Holder disposes of a note and is not a "specified shareholder" (as defined in subsection 18(5) of the Tax Act) of BFI or the Company or a person who does not deal at arm's length with such specified shareholder (a "**Non-Resident Note Holder**"). Special rules, which are not discussed below, may

apply to a non-resident of Canada that is an insurer which carries on business in Canada and elsewhere. This summary assumes that no interest paid on the notes will be in respect of a debt or other obligation to pay an amount to a person with whom BFI or the Company does not deal at arm's length within the meaning of the Tax Act.

Amounts which are, or are deemed to be, interest for purposes of the Tax Act paid or credited by BFI or the Company on the notes to a Non-Resident Note Holder that deals at arm's length with BFI or the Company at the time such interest is paid or credited will not be subject to non-resident withholding tax and no non-resident withholding tax will apply to the proceeds received by a Non-Resident Note Holder on a disposition of a note, including a redemption, payment on maturity or repurchase.

No other tax on income or gains under the Tax Act will be payable by a Non-Resident Note Holder on interest, principal, premium, bonus or penalty on a note or on the proceeds received by a Non-Resident Note Holder on the disposition of a note, including a redemption, payment on maturity or repurchase.

CERTAIN UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS

The following is a summary of certain U.S. federal income tax considerations relating to the purchase, ownership, and disposition of a note by a U.S. Holder (as defined herein) that purchases such note pursuant to this offering at the price set forth on the cover of this prospectus supplement. This summary is based on the Internal Revenue Code of 1986, as amended (the "**Code**"), administrative pronouncements, published rulings, judicial decisions, existing Treasury Regulations promulgated under the Code and interpretations of the foregoing, as in effect on the date hereof, all of which are subject to change (possibly with retroactive effect) and differing interpretations. This summary discusses only notes held as capital assets within the meaning of Section 1221 of the Code (generally, property held for investment purposes). This summary is intended for general information purposes only and does not discuss all of the tax consequences that may be relevant based on the particular circumstances of a U.S. Holder or to U.S. Holders subject to special tax rules, such as banks or other financial institutions, tax-exempt organizations, insurance companies, regulated investment companies, real estate investment trusts or other common trust funds, partnerships or other pass-through entities (and any investors thereof), certain former citizens or long-term residents of the United States, dealers or traders in securities or foreign currency, U.S. Holders subject to the alternative minimum tax, U.S. Holders whose functional currency is not United States dollars, or persons that hold notes that are a hedge or that are hedged against currency risks or that are part of a straddle or conversion transaction. In addition, this summary does not address any aspects of other U.S. federal tax laws, such as estate and gift tax laws or the Medicare contribution tax on net investment income, or any applicable state, local or non-U.S. tax laws.

For purposes of this summary, a "**U.S. Holder**" is a beneficial owner of a note that, for U.S. federal income tax purposes, is (i) a citizen or individual resident of the United States; (ii) a corporation, or other entity treated as a corporation for U.S. federal income tax purposes, that is created in or organized under the laws of the United States, any State thereof, or the District of Columbia; (iii) an estate the income of which is includible in gross income for U.S. federal income tax purposes regardless of its source; or (iv) a trust if (A) a U.S. court is able to exercise primary supervision of the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust or (B) the trust has made a valid election to be treated as a U.S. person under applicable Treasury Regulations.

If a partnership, or other entity or arrangement treated as a partnership for U.S. federal income tax purposes, owns a note, the tax treatment of a partner in the partnership will depend upon the status of the partner and the activities of the partnership. Partners in a partnership that owns a note are urged to consult their own tax advisers as to the particular U.S. federal income tax consequences applicable to them.

This summary does not constitute, and should not be considered as, legal or tax advice to holders of notes. Prospective investors are urged to consult their own tax advisers with regard to the application of the tax considerations discussed below to their particular situations as well as the application of any state, local, non-U.S. or other tax laws, including gift and estate tax laws.

Effect of Repurchase Upon a Change of Control Triggering Event

BFI will be required to make an offer to purchase the notes at a price equal to 101% of their principal amount, plus accrued and unpaid interest to the date of repurchase upon the occurrence of a Change of Control Triggering Event (as described above). It is possible that BFI's offer to repurchase the notes at a premium could implicate the Treasury Regulations relating to "contingent payment debt instruments." If the notes were characterized as contingent payment debt instruments, U.S. Holders might, among other things, be required to accrue interest income at a rate higher than the stated interest on the notes and to treat any gain recognized on the sale, exchange, retirement, redemption or other taxable disposition of a note as ordinary income rather than as capital gain.

BFI intends to take the position that the likelihood of such repurchase of the notes at a premium is remote or incidental, and thus that the notes should not be treated as contingent payment debt instruments. BFI's determination that such a contingency is remote or incidental is binding on a U.S. Holder, unless the U.S. Holder discloses a contrary position in the manner required by applicable Treasury Regulations. BFI's determination, however, is not binding on the U.S. Internal Revenue Service ("**IRS**"), and the IRS could challenge this determination.

The remainder of this summary assumes that BFI's determination that such a contingency is remote or incidental is correct. U.S. Holders are urged to consult their own tax advisers regarding the possible application of the special rules related to contingent payment debt instruments.

Payments of Interest

Interest (including Additional Amounts and any taxes withheld on payments of interest, if any) on a note generally will be taxable to a U.S. Holder as ordinary income at the time received or accrued, in accordance with such holder's method of accounting for U.S. federal income tax purposes.

Interest and Additional Amounts paid by BFI on the notes generally will constitute income from sources outside the United States for the purpose of calculating the foreign tax credit allowable to a U.S. Holder. For U.S. foreign tax credit purposes, interest and Additional Amounts paid by BFI generally will constitute "passive category income." The rules relating to foreign tax credits are complex, and U.S. Holders are urged to consult their own tax advisers regarding the availability of a foreign tax credit under their particular circumstances.

Original Issue Discount

It is expected, and this summary assumes, that the notes will not be issued with original issue discount ("**OID**"). If, however, the stated redemption price of a note were to exceed its issue price by more than a de minimis amount, then a U.S. Holder would be required to treat such excess amount as OID, which would be treated for U.S. federal income tax purposes as accruing over the term of the note as interest income. Thus, a U.S. Holder would be required to include OID in income in advance of the receipt of the cash to which such OID is attributable. Such U.S. Holder's adjusted tax basis in a note would be increased by the amount of any OID included in such U.S. Holder's gross income. In compliance with Treasury Regulations, if BFI determines that the notes have OID, then BFI will provide certain information to the IRS and U.S. Holders that is relevant to determining the amount of OID in each accrual period.

Sale, Exchange, Redemption or Other Taxable Disposition of Notes

Upon the sale, exchange, redemption or other taxable disposition of a note, a U.S. Holder generally will recognize gain or loss, if any, for U.S. federal income tax purposes, equal to the difference between (i) the amount realized on such sale or other taxable disposition (other than amounts received that are attributable to accrued but unpaid interest, which will be taxed as interest to the extent not previously included in income, as described above) and (ii) such U.S. Holder's adjusted tax basis in the note. A U.S. Holder's adjusted tax basis in a note generally will be the amount paid for the note less the amount of any payments on the note other than interest.

Gain or loss recognized by a U.S. Holder on a sale or other taxable disposition of the notes generally will constitute capital gain or loss and will be long-term capital gain or loss if the notes were held by such U.S. Holder for more than one year. For non-corporate U.S. Holders, the net amount of long-term capital gain generally will be subject to taxation at reduced rates. A U.S. Holder's ability to offset capital losses against ordinary income is limited. Gains recognized by a U.S. Holder on a sale or other taxable disposition of the notes generally will be treated as U.S.-source income for U.S. foreign tax credit purposes.

Information Reporting and Backup Withholding

In general, information reporting will apply to payments of interest on a note and payments of the proceeds from a sale or other taxable disposition of a note made to U.S. Holders other than certain exempt recipients (such as corporations). In addition, a U.S. Holder may be subject to backup withholding tax on such payments if such U.S. Holder does not provide a taxpayer identification number, fails to certify that such holder is not subject to backup withholding tax, or otherwise fails to comply with applicable backup withholding tax rules. Any amounts withheld under the backup withholding rules will be allowed as a credit against the U.S. Holder's U.S. federal income tax liability, provided that the required information is timely furnished to the IRS. Certain U.S. Holders that own "specified foreign financial assets" with an aggregate value exceeding certain United States dollar thresholds may be required to include certain information with respect to such assets with

their U.S. federal income tax returns. U.S. Holders are urged to consult their own tax advisers regarding the foregoing requirements with respect to the notes.

Foreign Account Tax Compliance

BFI intends to comply with certain due diligence and reporting obligations under an intergovernmental agreement between Canada and the United States relating to FATCA, as implemented by the Income Tax Act (Canada) and applicable Canadian regulations. As a result, holders of the notes may be required to provide certain identifying information to BFI or an intermediary, and this information may be reported to the Canada Revenue Agency and, ultimately, the IRS. Each prospective investor is urged to consult its own tax adviser regarding the implications under FATCA for an investment in notes..

The preceding discussion of certain U.S. federal income tax consequences is for general information only and is not tax advice. Accordingly, U.S. Holders are urged to consult their own tax advisers as to the particular tax consequences to them of purchasing, owning and disposing of notes, including the applicability and effect of any federal, state, local or non-U.S. tax laws and of any proposed changes in applicable law.

UNDERWRITING

Under the terms and subject to the conditions contained in an underwriting agreement dated May 25, 2016, BFI has agreed to sell to the underwriters named below, for whom Citigroup Global Markets Inc. and Deutsche Bank Securities Inc. are acting as representatives (the "**Representatives**"), the following respective principal amounts of notes:

<u>Underwriter</u>	<u>Principal Amount of Notes</u>
Citigroup Global Markets Inc.	US\$ 180,000,000
Deutsche Bank Securities Inc.	180,000,000
Banco Bradesco BBI S.A.	17,500,000
BNP Paribas Securities Corp.	17,500,000
Itau BBA USA Securities, Inc.	17,500,000
Mitsubishi UFJ Securities (USA), Inc.	17,500,000
Mizuho Securities USA Inc.	17,500,000
Santander Investment Securities Inc.	17,500,000
SG Americas Securities, LLC	17,500,000
SMBC Nikko Securities America, Inc.	17,500,000
Total	<u>US\$ 500,000,000</u>

The offering price of US\$495,180,000 will be payable in cash to the Company against delivery on or about June 2, 2016.

The underwriting agreement provides that the underwriters are obligated to purchase all of the notes if any are purchased. The underwriting agreement also provides that if an underwriter defaults, the purchase commitments of the non-defaulting underwriters may be increased or the offering of the notes may be terminated.

The obligations of the underwriters under the underwriting agreement are several and may be terminated at their discretion upon the occurrence of certain stated events. Such events include: (i) the suspension of the trading in the Company's Class A Limited Voting Shares by the SEC, any Canadian Securities Regulatory Authority, the NYSE or the TSX or the suspension or limitation of trading in securities generally on the NYSE or on the TSX or the establishment of minimum prices on either of such exchanges; (ii) the declaration of a banking moratorium either by U.S. Federal, New York State or Canadian authorities; and (iii) the occurrence of any outbreak or the escalation of hostilities, the declaration by the U.S. or Canada of a national emergency or war, or other calamity or crisis the effect of which on financial markets is such as to make it, in the sole judgment of the Representatives, impractical or inadvisable to proceed with the offering or delivery of the notes as contemplated by this Prospectus. The distribution price of the notes was determined by negotiation between BFI, the Company and the underwriters.

The offering of the notes is being made in all the provinces of Canada and in the United States pursuant to a multijurisdictional disclosure system adopted by the United States. The notes will be offered in the United States and Canada through the underwriters either directly or through their respective U.S. or Canadian broker-dealer affiliates or agents, as applicable. No sales will be effected in any province of Canada by any underwriter not duly registered as a securities dealer under the laws of such province, other than sales effected pursuant to the exemptions from the registration requirements under the laws of such province. This offering will be made in Canada by Citigroup Global Markets Canada Inc., a broker-dealer affiliate of Citigroup Global Markets Inc. Deutsche Bank Securities Inc., Banco Bradesco BBI S.A., BNP Paribas Securities Corp., Itau BBA USA Securities, Inc., Mitsubishi UFJ Securities (USA), Inc., Mizuho Securities USA Inc., Santander Investment Securities Inc., SG Americas Securities, LLC and SMBC Nikko Securities America, Inc., whom we refer to in this prospectus supplement as underwriters, will not offer the notes offered hereby in Canada.

Bradesco Securities Inc. will act as agent of Banco Bradesco BBI S.A. for sales of the notes in the United States. Banco Bradesco BBI S.A. is not a broker-dealer registered with the SEC, and therefore may not make sales of any notes in the United States to U.S. persons. Banco Bradesco BBI S.A. and Bradesco Securities Inc. are affiliates of Banco Bradesco S.A.

The underwriters propose to offer the notes initially at the public offering price on the cover page of this prospectus supplement and to selling group members at that price less a selling concession of 0.400% of the principal amount per note. The underwriters and selling group members may allow a discount of 0.250% of the principal amount per note on sales to other brokers/dealers. After the initial public offering, the underwriters may change the public offering price and concession and discount to brokers/dealers.

After a reasonable effort has been made to sell all of the notes at the offering price on the cover page of this prospectus supplement, the underwriters may subsequently reduce and thereafter change, from time to time, the price at which the notes are offered, provided that the notes are not at any time offered at a price greater than the offering price on the cover page of this prospectus supplement. The compensation realized by the underwriters will be decreased by the amount that the aggregate price paid by purchasers for the notes is less than the gross proceeds paid by the underwriters to BFI.

The following table shows the underwriting fees and commissions that we are to pay to the underwriters in connection with this offering (expressed as a percentage of the principal amount of the notes).

Per note	<u>Paid by BFI</u> 0.650%
----------	-------------------------------------

BFI estimates that its "out of pocket" expenses for this offering, including registration filing, printing fees and legal and accounting expenses, but not the underwriting fees and commissions, will be US\$450,000.

The notes are a new issue of securities with no established trading market and will not be listed on any national securities exchange. One or more of the underwriters intends to make a secondary market for the notes. However, they are not obligated to do so and may discontinue making a secondary market for the notes at any time without notice. No assurance can be given as to how liquid the trading market for the notes will be. See "Risk Factors."

In connection with the offering of the notes, the underwriters may engage in transactions that stabilize, maintain or otherwise affect the price of the notes. Specifically, the underwriters may sell a greater principal amount of notes than they are required to purchase in connection with the offering of the notes, creating a syndicate short position. In addition, the underwriters may bid for, and purchase, notes in the open market to cover syndicate short positions or to stabilize the price of the notes. Finally, the underwriting syndicate may reclaim selling concessions allowed for distributing the notes in the offering of the notes, if the syndicate repurchases previously distributed notes in syndicate covering transactions, stabilization transactions or otherwise. Any of these activities may stabilize or maintain the market price of the notes above independent market levels. None of BFI, the Company or any of the underwriters make any representations or predictions as to the direction or magnitude of any effect that the transactions described above may have on the price of the notes. The underwriters are not required to engage in any of these transactions and may end any of them at any time.

The underwriters also may impose a penalty bid. This occurs when a particular underwriter repays to the underwriters a portion of the underwriting discount received by it because the underwriters have repurchased notes sold by or for the account of such other underwriter in stabilizing or short-covering transactions.

In the underwriting agreement, BFI and the Company have agreed that they will not, without the prior written consent of the Representatives, offer, sell, contract to sell, pledge, or otherwise dispose of (or enter into any transaction which is designed to, or might reasonably be expected to, result in the disposition (whether by actual disposition or effective economic disposition due to cash settlement or otherwise) by BFI, the Company or any affiliate of BFI, the Company or any person in privity with BFI, the Company or any affiliate of BFI or the Company), directly or indirectly, including the filing (or participation in the filing) of a registration statement with the SEC in respect of, or establish or increase a put equivalent position or liquidate or decrease a call equivalent position within the meaning of Section 16 of the Exchange Act, any debt securities issued or guaranteed by BFI or the Company (other than the notes) or publicly announce an intention to effect any such transaction, until the closing of the offering of the notes. For the avoidance of doubt, this provision shall not prohibit the incurrence of indebtedness by Brookfield under any commercial paper program or under Brookfield's revolving credit facilities in effect on the date of the underwriting agreement. BFI and the Company

have agreed to indemnify the several underwriters against certain liabilities, including liabilities under the Securities Act of 1933, as amended, or contribute to payments that each underwriter may be required to make in respect thereof.

The notes offered by the Prospectus may not be offered or sold, directly or indirectly, nor may the Prospectus or any other offering material or advertisements in connection with the offer and sale of any such notes be distributed or published in any jurisdiction, except under circumstances that will result in compliance with the applicable rules and regulations of that jurisdiction. Persons into whose possession the Prospectus comes are advised to inform themselves about and to observe any restrictions relating to the offering and the distribution of the Prospectus. The Prospectus does not constitute an offer to sell, or a solicitation of an offer to buy, any notes offered by the Prospectus in any jurisdiction in which such an offer or a solicitation is unlawful.

Certain of the underwriters and their affiliates have provided in the past to us and our affiliates and may provide from time to time in the future certain commercial banking, financial advisory, investment banking and other services for us and our affiliates in the ordinary course of their business, for which they have received and may continue to receive customary fees and commissions.

In addition, from time to time, certain of the underwriters and their affiliates may effect transactions for their own account or the account of customers, and hold on behalf of themselves or their customers, long or short positions in our debt or equity securities or loans, and may do so in the future. In addition, in the ordinary course of their business activities, the underwriters and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities or instruments of ours or our affiliates. The underwriters and their affiliates may also make investment recommendations or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long or short positions in such securities and instruments.

We expect that delivery of the notes will be made against payment therefor on or about the closing date specified on the cover page of this prospectus supplement, which will be the fifth business day following the date of this prospectus supplement (this settlement cycle being referred to as "T+5"). Under Rule 15c6-1 under the Exchange Act, trades in the secondary market generally are required to settle in three business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade notes prior to the delivery date will be required, by virtue of the fact that the notes initially will settle in T+5, to specify an alternate settlement cycle at the time of any such trade to prevent a failed settlement. Purchasers of notes who wish to trade notes prior to the delivery date should consult their own advisor.

Notice to Prospective Investors in the European Economic Area

In relation to each member state of the European Economic Area that has implemented the Prospectus Directive (each, a relevant member state), with effect from and including the date on which the Prospectus Directive is implemented in that relevant member state (the relevant implementation date), an offer of notes described in this prospectus supplement may not be made to the public in that relevant member state other than:

- to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive), as permitted under the Prospectus Directive, subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by us for any such offer; or

For purposes of this provision, the expression an "offer of securities to the public" in any relevant member state means the communication in any form and by any means of sufficient information on the terms of the offer and the securities to be offered so as to enable an investor to decide to purchase or subscribe for the securities, as the expression may be varied in that member state by any measure implementing the Prospectus Directive in that member state, and the expression "Prospectus Directive" means Directive 2003/71/EC (and amendments

thereto, including by Directive 2010/73/EU and includes any relevant implementing measure in each relevant member state).

The sellers of the notes have not authorized and do not authorize the making of any offer of notes through any financial intermediary on their behalf, other than offers made by the underwriters with a view to the final placement of the notes as contemplated in this prospectus supplement. Accordingly, no purchaser of the notes, other than the underwriters, is authorized to make any further offer of the notes on behalf of the sellers or the underwriters.

The Issuers have filed an undertaking with the securities regulatory authorities in each of the provinces of Canada that they will not distribute, under this Prospectus, Securities that, at the time of distribution, are novel without pre-clearing the disclosure to be contained in the Prospectus Supplement, pertaining to the distribution of such securities, with the applicable regulator.

THESE SECURITIES HAVE NOT BEEN APPROVED OR DISAPPROVED BY THE SECURITIES AND EXCHANGE COMMISSION (THE "COMMISSION"), ANY STATE SECURITIES COMMISSION, OR ANY CANADIAN REGULATORY AUTHORITY, NOR HAS THE COMMISSION, ANY STATE SECURITIES COMMISSION OR ANY CANADIAN SECURITIES REGULATORY AUTHORITY PASSED UPON THE ACCURACY OR ADEQUACY OF THIS PROSPECTUS. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE.

This offering is made by Canadian issuers that are permitted, under a multijurisdictional disclosure system adopted by the United States and Canada, to prepare this Prospectus in accordance with the Canadian disclosure requirements. Prospective investors should be aware that such requirements are different from those of the United States. The financial statements included or incorporated herein have been prepared in accordance with International Financial Reporting Standards as issued by the International Accounting Standards Board ("IFRS") and thus may not be comparable to financial statements of U.S. companies.

Prospective investors should be aware that the acquisition of the Securities may have tax consequences both in the United States and in Canada. Such consequences for investors who are residents in, or citizens of, the United States may not be described fully herein or in a Prospectus Supplement. Prospective investors should consult their own tax advisors with respect to their particular circumstances.

The enforcement by investors of civil liabilities under the U.S. federal securities laws may be affected adversely by the fact that the Issuers are incorporated or organized under the laws of the Province of Ontario, that some or all of their officers and directors may be residents of Canada, that some or all of the underwriters or experts named in the registration statement may be residents of Canada and that all or a substantial portion of the assets of the Issuers and such persons may be located outside the United States.

The Issuers may sell the Securities to or through underwriters or dealers or directly to investors or through agents. The Prospectus Supplement relating to each series of offered Securities will identify each person who may be deemed to be an underwriter with respect to such series and will set forth the terms of the offering of such series, including, to the extent applicable, the initial public offering price, the proceeds to the applicable Issuer, the underwriting commissions and any other concessions to be allowed or reallocated to dealers. The managing underwriter or underwriters with respect to each series sold to or through underwriters will be named in the related Prospectus Supplement.

In connection with any underwritten offering of Securities, the underwriters or agents may over-allot or effect transactions which stabilize or maintain the market price of the Securities offered at a level above that which might otherwise prevail in the open market. Such transactions, if commenced, may be discontinued at any time. See "Plan of Distribution".

The outstanding Class A Preference Shares, Series 2, Series 4, Series 8, Series 9, Series 12, Series 13, Series 14, Series 17, Series 18, Series 21, Series 24, Series 26, Series 28, Series 30, Series 32, Series 34, Series 36, Series 37, Series 38, Series 40 and Series 42 are listed on the Toronto Stock Exchange. The outstanding Class A Shares are listed for trading on the New York, Toronto and NYSE Euronext stock exchanges.

Certain directors of the Company reside outside of Canada. Although each such director has appointed the Company, Suite 300, Brookfield Place, 181 Bay Street, Toronto, Ontario, Canada, M5J 2T3, as its agent for service of process in Ontario, it may not be possible for investors to enforce judgments obtained in Canada against such directors, even if such directors have appointed an agent for service of process. See "Agent for Service of Process"

There is no market through which the Debt Securities or the Preference Shares may be sold and purchasers may not be able to resell Debt Securities or Preference Shares purchased under this Prospectus. This may affect the pricing of the Debt Securities or the Preference Shares in the secondary market, the transparency and availability of trading prices, the liquidity of the Debt Securities or the Preference Shares, and the extent of issuer regulation. See "Risk Factors".

DESCRIPTION OF THE PREFERENCE SHARES

The following description sets forth certain general terms and provisions of the Preference Shares. The particular terms and provisions of a series of Preference Shares offered by a Prospectus Supplement, and the extent to which the general terms and provisions described below may apply thereto, will be described in such Prospectus Supplement.

Series

The Preference Shares may be issued from time to time in one or more series. The board of directors of the Company will fix the number of shares in each series and the provisions attached to each series before issue.

Priority

The Preference Shares rank senior to the Class AA Preference Shares, the Class A Shares, the Class B Shares and other shares ranking junior to the Preference Shares with respect to priority in the payment of dividends and in the distribution of assets in the event of the liquidation, dissolution or winding-up of the Company, whether voluntary or involuntary, or in the event of any other distribution of assets of the Company among its shareholders for the purpose of winding-up its affairs. Each series of Preference Shares ranks on a parity with every other series of Preference Shares with respect to priority in the payment of dividends and in the distribution of assets in the event of the liquidation, dissolution or winding-up of the Company, whether voluntary or involuntary, or in the event of any other distribution of assets of the Company among its shareholders for the purpose of winding-up its affairs.

Shareholder Approvals

The Company shall not delete or vary any preference, right, condition, restriction, limitation or prohibition attaching to the Preference Shares as a class or create preference shares ranking in priority to or on parity with the Preference Shares except by special resolution passed by at least 66²/₃% of the votes cast at a meeting of the holders of the Preference Shares duly called for that purpose, in accordance with the provisions of the articles of the Company. Each holder of Preference Shares entitled to vote at a class meeting of holders of Preference Shares, or at a joint meeting of the holders of two or more series of Preference Shares, has one vote in respect of each C\$25.00 of the issue price of each Preference Share held by such holder.

DESCRIPTION OF THE CLASS A SHARES

The following description sets forth certain general terms and provisions of the Class A Shares. The particular terms and provisions of Class A Shares offered by a Prospectus Supplement, and the extent to which the general terms and provisions described below may apply thereto, will be described in such Prospectus Supplement.

Dividend Rights and Rights Upon Dissolution or Winding-Up

The Class A Shares rank on parity with the Class B Shares and rank after the Class A Preference Shares, the Class AA Preference Shares and any other senior-ranking shares outstanding from time to time with respect to the payment of dividends (if, as and when declared by the board of directors of the Company) and return of capital on the liquidation, dissolution or winding-up of the Company or any other distribution of the assets of the Company among its shareholders for the purpose of winding up its affairs.

Voting Rights

Except as set out below under "Election of Directors", each holder of a Class A Share and Class B Shares is entitled to notice of, and to attend and vote at, all meetings of the Company's shareholders (except meetings at which only holders of another specified class or series of shares are entitled to vote) and is entitled to cast one vote per share held, which results in the Class A Shares and Class B Shares each controlling 50% of the aggregate voting rights of the Company. Subject to applicable law and in addition to any other required shareholder approvals, all matters approved by shareholders (other than the election of directors), must be approved by: (i) a majority or, in the case of matters that require approval by a special resolution of shareholders, at least $66\frac{2}{3}\%$, of the votes cast by holders of Class A Shares who vote in respect of the resolution or special resolution, as the case may be, and (ii) a majority or, in the case of matters that require approval by a special resolution of shareholders, at least $66\frac{2}{3}\%$, of the votes cast by holders of Class B Shares who vote in respect of the resolution or special resolution, as the case may be.

Election of Directors

In the election of directors, holders of Class A Shares, together, in certain circumstances, with the holders of certain series of Class A Preference Shares, are entitled to elect one-half of the board of directors of the Company, provided that if the holders of Class A Preference Shares, Series 1, Series 2 or Series 3 become entitled to elect two or three directors, as the case may be, the numbers of directors to be elected by holders of Class A Shares, together, in certain circumstances with the holders of Class A Preference Shares, shall be reduced by the number of directors to be elected by holders of Class A Preference Shares, Series 1, Series 2 and Series 3. Holders of Class B Shares are entitled to elect the other one-half of the board of directors of the Company.

Each holder of Class A Shares has the right to cast a number of votes equal to the number of Class A Shares held by the holder multiplied by the number of directors to be elected by the holder and the holders of shares of the classes or series of shares entitled to vote with the holder of Class A Shares in the election of directors. A holder of Class A Shares may cast all such votes in favour of one candidate or distribute such votes among its candidates in any manner the holder of Class A Shares sees fit. Where a holder of Class A Shares has voted for more than one candidate without specifying the distribution of votes among such candidates, the holder of Class A Shares will be deemed to have divided the holder's votes equally among the candidates for whom the holder of Class A Shares voted.

DESCRIPTION OF DEBT SECURITIES

The following description sets forth certain general terms and provisions of the Debt Securities. The particular terms and provisions of the series of Debt Securities offered by a Prospectus Supplement, and the extent to which the general terms and provisions described below may apply thereto, will be described in such Prospectus Supplement.

The BAM Debt Securities will be issued under an indenture dated as of September 20, 1995, as amended, restated, supplemented or replaced from time to time, (the "**BAM Indenture**") between the Company, as issuer, and Computershare Trust Company of Canada (formerly, Montreal Trust Company of Canada) ("**Computershare**"), as trustee (the "**BAM Trustee**"). The BFI Debt Securities will be issued under an indenture (the "**BFI Indenture**") to be entered into between BFI, as issuer, the Company, as guarantor, and Computershare, as trustee (the "**BFI Trustee**"). The BAM Indenture and the BFI Indenture (each an "**Indenture**") are subject to the provisions of the *Business Corporations Act* (Ontario) and, consequently, are exempt from the operation of certain provisions of the *Trust Indenture Act of 1939* pursuant to Rule 4d-9 thereunder. A copy of the BAM Indenture and a copy of the form of the BFI Indenture has been filed with the Commission as an exhibit to the Registration Statement on Form F-10 of which this Prospectus is a part. The BAM Indenture is also available on the Company's SEDAR profile at www.sedar.com.

The following statements with respect to the Indentures and the Debt Securities issued thereunder are brief summaries of certain provisions of the Indentures and do not purport to be complete; such statements are subject to the detailed referenced provisions of the applicable Indenture, including the definition of capitalized terms used under this caption. Wherever a particular section or defined term of an Indenture is referred to, the statement is qualified in its entirety by such section or term. References in this caption to the "**Issuer**" and "**Indenture Securities**" refer to the Company or BFI, as issuer, and the Debt Securities issued by it under the BAM Indenture or the BFI Indenture, respectively. References in this caption to the "**Trustee**" and any particular Indenture or Debt Securities refer to the BAM Trustee or the BFI Trustee, as trustee under the applicable Indenture.

General

The Indentures do not limit the aggregate principal amount of Indenture Securities (which may include debentures, notes and other unsecured evidences of indebtedness) which may be issued thereunder, and Indenture Securities may be issued under each Indenture from time to time in one or more series and may be denominated and payable in foreign currencies or units based on or relating to foreign currencies, including European currency units. Special Canadian and United States federal income tax considerations applicable to any Indenture Securities so denominated will be described in the Prospectus Supplement relating thereto. Unless otherwise indicated in the applicable Prospectus Supplement, each Indenture permits the Company or BFI, as applicable, to increase the principal amount of any series of Indenture Securities previously issued by it and to issue such increased principal amount. (Section 301 of the BAM Indenture and Section 3.1 of the BFI Indenture)

All Debt Securities issued by BFI will be fully and unconditionally guaranteed by the Company.

The applicable Prospectus Supplement will set forth the following terms relating to the particular offered Debt Securities: (1) the specific designation of the offered Debt Securities and the Indenture under which they are issued; (2) any limit on the aggregate principal amount of the offered Debt Securities; (3) the date or dates, if any, on which the offered Debt Securities will mature and the portion (if less than all of the principal amount) of the offered Debt Securities to be payable upon declaration of acceleration of maturity; (4) the rate or rates per annum (which may be fixed or variable) at which the offered Debt Securities will bear interest, if any, the date or dates from which any such interest will accrue and on which any such interest will be payable and the Regular Record Dates for any interest payable on the offered Debt Securities which are in registered form ("**Registered Debt Securities**"); (5) any mandatory or optional redemption or sinking fund provisions, including the period or periods within which the price or prices at which and the terms and conditions upon which the offered Debt Securities may be redeemed or purchased at the option of the Issuer or otherwise; (6) whether the offered Debt Securities will be issuable in registered form or bearer form or both and, if issuable in bearer form, the restrictions as to the offer, sale and delivery of the offered Debt Securities in bearer form and as to

exchanges between registered and bearer form; (7) whether the offered Debt Securities will be issuable in the form of one or more registered global securities ("**Registered Global Securities**") and, if so, the identity of the Depositary for such Registered Global Securities; (8) the denominations in which any of the offered Debt Securities will be issuable if in other than denominations of \$1,000 and any multiple thereof; (9) each office or agency where the principal of, and any premium and interest on, the offered Debt Securities will be payable and each office or agency where the offered Debt Securities may be presented for registration of transfer or exchange; (10) if other than U.S. dollars, the foreign currency or the units based on or relating to foreign currencies in which the offered Debt Securities are denominated and/or in which the payment of the principal of, and any premium and interest on, the offered Debt Securities will or may be payable; and (11) any other terms of the offered Debt Securities, including covenants and additional Events of Default. Special Canadian and United States federal income tax considerations applicable to the offered Debt Securities, the amount of principal thereof and any premium and interest thereon will be described in the Prospectus Supplement relating thereto. Unless otherwise indicated in the applicable Prospectus Supplement, neither Indenture affords the Holders the right to tender Indenture Securities to the Issuer for repurchase, or provides for any increase in the rate or rates of interest per annum at which the Indenture Securities will bear interest, in the event the Company or BFI should become involved in a highly leveraged transaction or in the event of a change in control of the Company or BFI. (Section 301 of the BAM Indenture and Section 3.1 of the BFI Indenture)

Indenture Securities may be issued bearing no interest or interest at a rate below the prevailing market rate at the time of issuance, to be offered and sold at a discount below their stated principal amount. The Canadian and United States federal income tax consequences and other special considerations applicable to any such discounted Indenture Securities or other Indenture Securities offered and sold at par which are treated as having been issued at a discount for Canadian and/or United States federal income tax purposes will be described in the Prospectus Supplement relating thereto. (Section 301 of the BAM Indenture and Section 3.1 of the BFI Indenture)

The Indenture Securities issued pursuant to either Indenture and any coupons appertaining thereto will be unsecured and will rank *pari passu* with each other and with all other unsecured and unsubordinated indebtedness for borrowed money of the Issuer and the Company. (Section 301 of the BAM Indenture and Section 3.1 of the BFI Indenture)

The Company's guarantee of the Indenture Securities issued by BFI will be unsecured and will rank *pari passu* with all other unsecured and unsubordinated indebtedness of the Company, including the Company's obligations under the Indenture Securities issued under the BAM Indenture.

Form, Denomination, Exchange and Transfer

Unless otherwise indicated in the applicable Prospectus Supplement, Indenture Securities will be issued only in fully registered form without coupons and in denominations of \$1,000 or any integral multiple thereof. (Section 302 of the BAM Indenture and Section 3.2 of the BFI Indenture) Indenture Securities may be presented for exchange and Registered Debt Securities may be presented for registration of transfer in the manner, at the places and, subject to the restrictions set forth in the applicable Indenture and in the applicable Prospectus Supplement, without service charge, but upon payment of any taxes or the governmental charges due in connection therewith. The Company has appointed the BAM Trustee as Security Registrar and BFI has appointed the BFI Trustee as Security Registrar. (Section 305 of the BAM Indenture and Section 3.5 of the BFI Indenture)

Payment

Unless otherwise indicated in the applicable Prospectus Supplement, payment of the principal of, and any premium and interest on, Registered Debt Securities (other than a Registered Global Security) will be made at the office or agency of the applicable Trustee in Toronto, Canada, except that, at the option of the particular Issuer, payment of any interest may be made (i) by check mailed to the address of the Person entitled thereto at such address as shall appear in the applicable Security Register or (ii) by wire transfer to an account maintained by the Person entitled thereto as specified in the applicable Security Register. (Sections 305, 307 and 1002 of the BAM Indenture and Sections 3.5, 3.7 and 11.2 of the BFI Indenture) Unless otherwise indicated in the

applicable Prospectus Supplement, payment of any interest due on Registered Debt Securities will be made to the Persons in whose name such Registered Debt Securities are registered at the close of business on the Regular Record Date for such interest payment. (Section 307 of the BAM Indenture and Section 3.7 of the BFI Indenture)

Registered Global Securities

The Registered Debt Securities of a particular series may be issued in the form of one or more Registered Global Securities which will be registered in the name of, and deposited with, one or more Depositories or nominees, each of which will be identified in the Prospectus Supplement relating to such series. Unless and until exchanged, in whole or in part, for Indenture Securities in definitive registered form, a Registered Global Security may not be transferred except as a whole by the Depository for such Registered Global Security to a nominee of such Depository, by a nominee of such Depository to such Depository or another nominee of such Depository or by such Depository or any such nominee to a successor of such Depository or a nominee of such successor. (Section 305 of the BAM Indenture and Section 3.5 of the BFI Indenture)

The specific terms of the depositary arrangement with respect to any portion of a particular series of Indenture Securities to be represented by a Registered Global Security will be described in the Prospectus Supplement relating to such series. The Company and BFI anticipate that the following provisions will apply to all depositary arrangements.

Upon the issuance of a Registered Global Security, the Depository therefor or its nominee will credit, on its book entry and registration system, the respective principal amounts of the Indenture Securities represented by such Registered Global Security to the accounts of such persons having accounts with such Depository or its nominee ("**participants**") as shall be designated by the underwriters, investment dealers or agents participating in the distribution of such Indenture Securities or by the particular Issuer if such Indenture Securities are offered and sold directly by the Issuer. Ownership of beneficial interests in a Registered Global Security will be limited to participants or persons that may hold beneficial interests through participants. Ownership of beneficial interests in a Registered Global Security will be shown on, and the transfer of such ownership will be effected only through, records maintained by the Depository therefor or its nominee (with respect to beneficial interests of participants) or by participants or persons that hold through participants (with respect to interests of persons other than participants). The laws of some states in the United States require certain purchasers of securities to take physical delivery thereof in definitive form. Such depositary arrangements and such laws may impair the ability to transfer beneficial interests in a Registered Global Security.

So long as the Depository for a Registered Global Security or its nominee is the registered owner thereof, such Depository or such nominee, as the case may be, will be considered the sole owner or Holder of the Indenture Securities represented by such Registered Global Security for all purposes under the applicable Indenture. Except as provided below, owners of beneficial interests in a Registered Global Security will not be entitled to have Indenture Securities of the series represented by such Registered Global Security registered in their names, will not receive or be entitled to receive physical delivery of Indenture Securities of such series in definitive form and will not be considered the owners or Holders thereof under the applicable Indenture.

Principal, premium, if any, and interest payments on a Registered Global Security registered in the name of a Depository or its nominee will be made to such Depository or nominee, as the case may be, as the registered owner of such Registered Global Security. None of the particular Issuer or Trustee or any paying agent for Indenture Securities of the series represented by such Registered Global Security will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial interests in such Registered Global Security or for maintaining, supervising or reviewing any records relating to such beneficial interests.

The Company and BFI expect that the Depository for a Registered Global Security or its nominee, upon receipt of any payment of principal, premium or interest, will immediately credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of such Registered Global Security as shown on the records of such Depository or its nominee. The Company and BFI also expect that payments by participants to owners of beneficial interests in a Registered Global Security held through such participants will be governed by standing instructions and customary practices, as is now the case

with securities held for the accounts of customers registered in "street name", and will be the responsibility of such participants.

No Registered Global Security may be exchanged in whole or in part for Securities registered, and no transfer of a Registered Global Security in whole or in part may be registered, in the name of any Person other than the Depositary for such Registered Global Security or a nominee thereof unless (A) such Depositary (i) has notified the particular Issuer that it is unwilling or unable to continue as Depositary for such Registered Global Security or (ii) has ceased to be a clearing agency registered under the Exchange Act, and a successor securities Depositary is not obtained, (B) there shall have occurred and be continuing an Event of Default with respect to such Registered Global Security, (C) the particular Issuer determines, in its sole discretion, that the Securities of such series shall no longer be represented by such Registered Global Security and executes and delivers to the applicable Trustee an Issuer order that such Registered Global Security shall be so exchangeable and the transfer thereof so registerable or (D) there shall exist such circumstances, if any, in addition to or in lieu of the foregoing as have been specified for this purpose as contemplated in the applicable Indenture. (Section 305 of the BAM Indenture and Section 3.5.2 of the BFI Indenture)

Consolidation, Merger, Amalgamation and Sale of Assets

The Company shall not enter into any transaction (whether by way of reorganization, reconstruction, consolidation, amalgamation, merger, transfer, sale or otherwise) whereby all or substantially all of its undertaking, property and assets would become the property of any other Person (the "**Successor Corporation**") unless: (a) the Company and the Successor Corporation shall execute, prior to or contemporaneously with the consummation of such transaction, such instruments and do such things as, in the opinion of counsel, shall be necessary or advisable to establish that, upon the consummation of such transaction, (i) the Successor Corporation will have assumed all the covenants and obligations of the Company under each Indenture in respect of the Indenture Securities of every series issued thereunder, and (ii) the obligations of the Company under and in respect of the Indenture Securities of every series issued thereunder will be valid and binding obligations of the Successor Corporation entitling the Holders thereof, as against the Successor Corporation, to all the rights of Holders of Indenture Securities under the Indenture; and (b) such transaction shall be on such terms and shall be carried out at such times and otherwise in such manner as shall not be prejudicial to the interests of the Holders of the Indenture Securities of each and every series or to the rights and powers of the Trustees under the Indentures. (Section 801 of the BAM Indenture and Section 9.1 of the BFI Indenture)

Pursuant to the BFI Indenture, BFI shall not enter into any transaction (whether by way of reorganization, reconstruction, consolidation, amalgamation, merger, transfer, sale or otherwise) whereby all or substantially all of its undertaking, property and assets would become the property of any other Person (the "**BFI Successor**") unless: (a) BFI, the BFI Successor and the Company shall execute, prior to or contemporaneously with the consummation of such transaction, such instruments and do such things as, in the opinion of counsel, shall be necessary or advisable to establish that, upon the consummation of such transaction, (i) the BFI Successor will have assumed all the covenants and obligations of BFI under the BFI Indenture in respect of the Indenture Securities of every series issued thereunder, (ii) the Indenture Securities of every series issued by BFI will be valid and binding obligations of the BFI Successor, entitling the Holders thereof, as against the BFI Successor, to all the rights of Holders of Indenture Securities under the BFI Indenture, and (iii) the guarantee obligations of the Company in respect of the Indenture Securities of every series issued under the BFI Indenture continue in full force and effect; and (b) such transaction shall be on such terms and shall be carried out at such times and otherwise in such manner as shall not be prejudicial to the interests of the Holders of the Indenture Securities issued by BFI of each and every series or to the rights and powers of the BFI Trustee under the Indenture; provided, however, that such restrictions are not applicable to any sale or transfer by BFI or the Company to any one or more of their subsidiaries. (Section 9.1 of the BFI Indenture)

Events of Default

Unless otherwise indicated in any Prospectus Supplement, each of the following will constitute an Event of Default under the BAM Indenture with respect to Indenture Securities of any series issued by the Company thereunder: (a) failure to pay principal of, or any premium on, any Indenture Security of that series when due; (b) failure to pay any interest on any Indenture Securities of that series when due, which failure continues for

30 days; (c) default in the payment of principal and interest on any Indenture Security required to be purchased pursuant to an Offer to Purchase required to be made pursuant to the terms of the Indenture Securities of such series; (d) failure to deposit any sinking fund payment, when due, in respect of any Indenture Security of that series; (e) failure to perform any other covenant of the Company in the BAM Indenture (other than a covenant included in the BAM Indenture solely for the benefit of a series other than that series), which failure continues for 60 days after written notice has been given by the Trustee or the Holders of at least 25% in aggregate principal amount of Outstanding Securities of that series, as provided in the BAM Indenture; (f) failure by the Company to make any payment of principal of, or interest on, any obligation for borrowed money (other than an obligation payable on demand or maturing less than 12 months from the creation or issue thereof) when due or within any originally stated applicable grace period having an outstanding principal amount in excess of 5% of the Company's Consolidated Net Worth in the aggregate at the time of default or any failure in the performance of any other covenant of the Company contained in any instrument under which such obligations are created or issued and if the holders thereof, or a trustee, if any, for such holders declare such obligations to be due and payable prior to the stated maturities thereof, provided that if such default is waived by such holders or trustee, then the Event of Default under the BAM Indenture shall be deemed to be waived without further action on the part of the BAM Trustee or the Holders; (g) certain events of bankruptcy, insolvency or reorganization affecting the Company; and (h) any other Events of Default provided with respect to the Indenture Securities of such series, as described in the applicable Prospectus Supplement. (Section 501 of the BAM Indenture)

Unless otherwise indicated in any Prospectus Supplement, each of the following will constitute an Event of Default under the BFI Indenture with respect to Indenture Securities of any series issued by BFI: (a) failure to pay principal of, or any premium on, any Indenture Security of that series when due; (b) failure to pay any interest on any Indenture Securities of that series when due, which failure continues for 30 days; (c) default in the payment of principal and interest on any Indenture Security required to be purchased pursuant to an Offer to Purchase made pursuant to the terms of the Indenture Securities of such series; (d) failure to deposit any sinking fund payment, when due, in respect of any Indenture Security of that series; (e) failure to perform any other covenant of BFI or the Company in the BFI Indenture (other than a covenant included in the BFI Indenture solely for the benefit of a series other than that series), which failure continues for 60 days after written notice has been given by the Trustee or the Holders of at least 25% in aggregate principal amount of Outstanding Securities of that series, as provided in the BFI Indenture; (f) the Company's guarantee of all obligations related to that series shall, for any reason, cease to be, or the Company shall assert in writing to the Trustee or the Holders thereof that such guarantee is not in full force and effect and enforceable against the Company in accordance with its terms; (g) failure by the Company to make any payment of principal of, or interest on, any obligation for borrowed money (other than an obligation payable on demand or maturing less than 12 months from the creation or issue thereof) when due or within any originally stated applicable grace period having an outstanding principal amount in excess of 5% of the Company's Consolidated Net Worth in the aggregate at the time of default or any failure in the performance of any other covenant of the Company contained in any instrument under which such obligations are created or issued and if the holders thereof, or a trustee, if any, for such holders declare such obligations to be due and payable prior to the stated maturities thereof, provided that if such default is waived by such holders or trustee, then the Event of Default under the BFI Indenture shall be deemed to be waived without further action on the part of the BFI Trustee or the Holders; (h) certain events of bankruptcy, insolvency or reorganization affecting the Company or BFI; (i) the occurrence of an Event of Default under the BAM Indenture that is continuing and has not been waived; and (j) any other Events of Default provided with respect to the Indenture Securities of such series, as described in the applicable Prospectus Supplement. (Section 6.1 of the BFI Indenture)

If an Event of Default (other than an Event of Default related to certain events of bankruptcy, insolvency or reorganization affecting the Company or BFI) with respect to the Indenture Securities of any series at the time outstanding shall occur and be continuing either the Trustee or the Holders of at least 25% in aggregate principal amount of Outstanding Securities of that series by notice, as provided in the applicable Indenture, may declare the principal amount of the Indenture Securities of that series to be due and payable immediately. If an Event of Default related to certain events of bankruptcy, insolvency or reorganization affecting the Company or BFI occurs with respect to the Indenture Securities of any series at the time outstanding, the principal amount of all the Indenture Securities of that series will automatically, and without any action by the applicable Trustee or any Holder, become immediately due and payable. After any such acceleration, but before a judgment or decree

based on acceleration, the Holders of a majority in aggregate principal amount of the Outstanding Securities of that series may, under certain circumstances, rescind and annul such acceleration if all Events of Default, other than the non-payment of accelerated principal (or other specified amount), have been cured or waived as provided in the applicable Indenture. (Section 502 of the BAM Indenture and Section 6.2 of the BFI Indenture) For information as to waiver of defaults, see "— Modification and Waiver".

Each Indenture provides that the particular Trustee will be under no obligation to exercise any of its rights or powers under the Indenture (or, in the case of the BFI Indenture, commence or continue any act, action or proceeding for enforcing any rights of the Trustee) at the request or direction of any of the applicable Holders, unless such Holders shall have offered to such Trustee reasonable indemnity (or, in the case of the BFI Indenture, sufficient funds to commence or continue compliance with such request and an indemnity to protect the Trustee against losses suffered in compliance with such request). (Section 603 of the BAM Indenture and Section 7.5 of the BFI Indenture) Subject to such provisions for the indemnification of the particular Trustee, the Holders of a majority in aggregate principal amount of the Outstanding Securities of any series issued under the applicable Indenture will have the right to direct the time, method and place of conducting any proceeding for any remedy available to such Trustee or exercising any trust or power conferred on such Trustee with respect to the Indenture Securities of that series. (Section 512 of the BAM Indenture and Section 6.12 of the BFI Indenture)

No Holder of an Indenture Security of any series will have any right to institute any proceeding with respect to the particular Indenture, or for the appointment of a receiver or a trustee, or for any other remedy thereunder, unless (i) such Holder has previously given to the applicable Trustee written notice of a continuing Event of Default with respect to the Indenture Securities of that series, (ii) the Holders of at least 25% in aggregate principal amount of the Outstanding Securities of that series have made a written request, and such Holder or Holders have offered reasonable indemnity, to the applicable Trustee to institute such proceeding as trustee, and (iii) the applicable Trustee has failed to institute such proceeding, and has not received from the Holders of a majority in aggregate principal amount of the Outstanding Securities of that series a direction inconsistent with such request, within 60 days after such notice, request and offer. (Section 507 of the BAM Indenture and Section 6.7 of the BFI Indenture) However, such limitations do not apply to a suit instituted by a Holder of an Indenture Security for the enforcement of payment of the principal of, or of any premium or interest on, such Indenture Security on or after the applicable due date specified in such Indenture Security. (Section 508 of the BAM Indenture and Section 6.8 of the BFI Indenture)

The Company and BFI are each required to furnish to the BAM Trustee and the BFI Trustee, respectively, a quarterly statement by certain of its officers as to whether or not the Company or BFI, as applicable, to their knowledge, is in default in the performance or observance of any of the terms, provisions and conditions of the applicable Indenture and, if so, specifying all such known defaults. (Section 1004 of the BAM Indenture and Section 11.4 of the BFI Indenture)

Defeasance

Each Indenture provides that, at the option of the particular Issuer, the Issuer and, in the case of the BFI Indenture, the Company will be discharged from any and all obligations in respect of any Outstanding Securities upon irrevocable deposit with the applicable Trustee, in trust, of money and/or Government Obligations which will provide money in an amount sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of or premium, if any, and each instalment of interest, if any, on such Outstanding Securities ("**Defeasance**"). Such trust may only be established if, among other things: (i) the Issuer has received from, or there has been published by, the Internal Revenue Service a ruling or there has been a change in law which, in the Opinion of Counsel, provides that Holders of the Outstanding Securities will not recognize gain or loss for United States federal income tax purposes as a result of such Defeasance and will be subject to United States federal income tax on the same amount, in the same manner and at the same times as would have been the case if such Defeasance had not occurred; (ii) the Issuer has delivered to the Trustee an opinion of Canadian counsel or a ruling from Canada Revenue Agency to the effect that the Holders of such Outstanding Securities will not recognize income, gain or loss for Canadian federal, provincial or territorial income tax or other tax purposes as a result of such Defeasance and will be subject to Canadian federal or provincial income tax and other tax on the same amounts, in the same manner and at the same times as would

have been the case had such Defeasance not occurred (and for the purposes of such opinion, such Canadian counsel shall assume that Holders of the Securities include Holders who are not resident in Canada); (iii) no Event of Default or event that, with the passing of time or the giving of notice or both, shall constitute an Event of Default shall have occurred or be continuing; (iv) the Issuer has delivered to the applicable Trustee an Opinion of Counsel to the effect that such deposit shall not cause such Trustee or the trust so created to be subject to the *Investment Company Act of 1940*; and (v) certain other customary conditions precedent are satisfied. The Issuer may exercise its Defeasance option notwithstanding its prior exercise of its Covenant Defeasance option described in the following paragraph if the Issuer meets the conditions described in the preceding sentence at the time the Issuer exercises the Defeasance option.

Each Indenture provides that, at the option of the Issuer, unless and until the Issuer has exercised its Defeasance option described in the preceding paragraph, the Issuer may omit to comply with certain restrictive covenants and such omission shall not be deemed to be an Event of Default under the Indenture and the Outstanding Securities upon irrevocable deposit with the applicable Trustee, in trust, of money and/or Government Obligations which will provide money in an amount sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of and premium, if any, and each instalment of interest, if any, on the Outstanding Securities of the Issuer ("**Covenant Defeasance**"). In the event the Issuer exercises its Covenant Defeasance option, the obligations under the applicable Indenture (other than with respect to such covenants and the Events of Default other than the Events of Default relating to such covenants above) shall remain in full force and effect. Such trust may only be established if, among other things: (i) the Issuer has delivered to the applicable Trustee an Opinion of Counsel to the effect that the Holders of the Outstanding Securities issued under the applicable Indenture will not recognize gain or loss for United States federal income tax purposes as a result of such Covenant Defeasance and will be subject to United States federal income tax on the same amount, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred; (ii) the Issuer has delivered to the applicable Trustee an opinion of Canadian counsel or a ruling from Canada Revenue Agency to the effect that the Holders of the Outstanding Securities will not recognize income, gain or loss for Canadian federal, provincial or territorial income tax or other tax purposes as a result of such Covenant Defeasance and will be subject to Canadian federal or provincial income tax and other tax on the same amounts, in the same manner and at the same times as would have been the case had such Covenant Defeasance not occurred (and for the purposes of such opinion, such Canadian counsel shall assume that Holders of the Indenture Securities include Holders who are not resident in Canada); (iii) no Event of Default or event that, with the passing of time or the giving of notice or both, shall constitute an Event of Default shall have occurred or be continuing pursuant to the applicable Indenture; (iv) the Issuer has delivered to the applicable Trustee an Opinion of Counsel to the effect that such deposit shall not cause such Trustee or the trust so created to be subject to the *Investment Company Act of 1940*; and (v) certain other customary conditions precedent are satisfied. (Article Thirteen of the BAM Indenture and Article Fourteen of the BFI Indenture)

Modification and Waiver

Modifications and amendments of either Indenture may be made by the Company and the Trustee (in the case of the BAM Indenture) and by the Issuer, the Company and the Trustee (in the case of the BFI Indenture) with the consent of the Holders of a majority in aggregate principal amount of the Outstanding Securities of each series of Indenture Securities affected by such modification or amendment; provided, however, that no such modification or amendment may, without the consent of the Holder of each Outstanding Security affected thereby, (a) change the Stated Maturity of the principal of, or any instalment of interest on, any Outstanding Security, (b) reduce the principal amount of (or the premium), or interest on, any Outstanding Security, (c) reduce the amount of the principal of any Outstanding Security payable upon the acceleration of the maturity thereof, (d) change the place or currency of payment of principal of (or the premium), or interest on, any Outstanding Security, (e) impair the right to institute suit for the enforcement of any payment on or with respect to any Outstanding Security, (f) reduce the above-stated percentage of Outstanding Securities necessary to modify or amend the particular Indenture, (g) reduce the percentage of aggregate principal amount of Outstanding Securities necessary for waiver of compliance with certain provisions of the particular Indenture or for waiver of certain defaults, (h) modify any provisions of the particular Indenture relating to the modification and amendment of such Indenture or the waiver of past defaults or covenants, except as otherwise specified or

(i) following the mailing of any Offer to Purchase, modify any Offer to Purchase for such Outstanding Security required to be made pursuant to the terms of such Outstanding Security in a manner materially adverse to the Holders thereof. (Section 902 of the BAM Indenture and Section 10.2 of the BFI Indenture)

The Holders of a majority in aggregate principal amount of the Outstanding Securities of any series, on behalf of all Holders of Outstanding Securities of such series, may waive compliance by the Issuer with certain restrictive provisions of the particular Indenture. (Section 1009 of the BAM Indenture and Section 11.9 of the BFI Indenture) Subject to certain rights of the particular Trustee, as provided in the applicable Indenture, the Holders of a majority in aggregate principal amount of the Outstanding Securities issued under such Indenture, on behalf of all holders of Outstanding Securities of such series, may waive any past default under such Indenture, except a default in the payment of principal, premium or interest or in respect of a covenant or provision of such Indenture which under the Indenture cannot be modified or amended without the consent of the Holder of each Outstanding Security of such series affected. (Section 513 of the BAM Indenture and Section 6.13 of the BFI Indenture)

Consent to Jurisdiction and Service under BAM Indenture

The BAM Indenture provides that the Company irrevocably appoint CT Corporation System, 1633 Broadway, New York, New York, 10019, as its agent for service of process in any suit, action or proceeding arising out of or relating to the Indenture and the Indenture Securities and for actions brought under federal or state securities laws brought in any federal or state court located in the Borough of Manhattan in the City of New York and submit to such jurisdiction.

Consent to Jurisdiction and Service under BFI Indenture

The BFI Indenture provides that the Company and BFI irrevocably appoint Brookfield Asset Management LLC, Brookfield Place, 250 Vesey Street, 15th Floor, New York, NY 10281-1023, as their agent for service of process in any suit, action or proceeding arising out of or relating to the Indenture and the Indenture Securities and for actions brought under federal or state securities laws brought in any federal or state court located in the Borough of Manhattan in the City of New York and submit to such jurisdiction.

Enforceability of Judgments against the Company

Since a substantial portion of the Company's assets are outside the United States, any judgment obtained in the United States against the Company, including any judgment with respect to the payment of interest and principal on the Indenture Securities, may not be collectible within the United States.

The Company has been informed by its Canadian counsel, Torys LLP ("**Torys**"), that a court of competent jurisdiction in the Province of Ontario would enforce a final and conclusive judgment in *personam* of a court sitting in the Borough of Manhattan, the City of New York, New York (a "**New York Court**") that is subsisting and unsatisfied respecting the enforcement of the Indenture and the Indenture Securities that is not impeachable as void or voidable under the internal laws of the State of New York for a sum certain if: (i) the court rendering such judgment had jurisdiction over the judgment debtor, as recognized by the courts of the Province of Ontario (and submission by the Company in the Indenture to the jurisdiction of the New York Court will be sufficient for the purpose); (ii) such judgment was not obtained by fraud or in a manner contrary to natural justice and the enforcement thereof would not be inconsistent with public policy, as such term is understood under the laws of the Province of Ontario, or contrary to any order made by the Attorney General of Canada under the *Foreign Extraterritorial Measures Act* (Canada); (iii) the enforcement of such judgment does not constitute, directly or indirectly, the enforcement of foreign revenue or penal laws; and (iv) the action to enforce such judgment is commenced within the applicable limitation period. The Company has been advised by Torys that a monetary judgment of a New York Court predicated solely upon the civil liability provisions of United States federal securities laws would likely be enforceable in the Province of Ontario if the New York Court had a basis for jurisdiction in the matter that would be recognized by a court in Ontario for such purposes. There is no assurance that this will be the case. It is less certain that an action could be brought in the Province of Ontario in the first instance on the basis of liability predicated solely upon such laws.

Governing Law

The Indentures and Indenture Securities will be governed by the laws of the State of New York, except with respect to the rights, powers, duties or responsibility of the Trustees which shall be governed by the laws of the Province of Ontario and the federal laws of Canada applicable therein. (Section 113 of the BAM Indenture and Section 1.13 of the BFI Indenture)

The Trustees

Computershare is currently both the BAM Trustee and the BFI Trustee.

"Guarantee" by any Person means any obligation, contingent or otherwise, of such Person guaranteeing or having the economic effect of guaranteeing any Debt of any other Person (the **"primary obligor"**) in any manner, whether directly or indirectly, and including, without limitation, any obligation of such Person (i) to purchase or pay (or advance or supply funds for the purchase or payment of) such Debt or to purchase (or to advance or supply funds for the purchase of) any security for the payment of such Debt, (ii) to purchase property, securities or services for the purpose of assuring the holder of such Debt of the payment of such Debt or (iii) to maintain working capital, equity capital or other financial statement condition or liquidity of the primary obligor so as to enable the primary obligor to pay such Debt (and **"Guaranteed"**, **"Guaranteeing"** and **"Guarantor"** shall have meanings correlative to the foregoing); provided, however, that the Guarantee by any Person shall not include endorsements by such Person for collection or deposit, in either case, in the ordinary course of business.

"Stated Maturity", when used with respect to any Indenture Security or any instalment of principal thereof or interest thereon, means the date specified in such Indenture Security as the fixed date on which the principal of such Indenture Security or such instalment of principal or interest is due and payable.

PLAN OF DISTRIBUTION

The Issuers may sell Securities to or through underwriters or dealers and also may sell Securities directly to purchasers or through agents.

The distribution of Securities of any series may be effected from time to time in one or more transactions at a fixed price or prices, which may be changed, at market prices prevailing at the time of sale, at prices related to such prevailing market prices or at prices to be negotiated with purchasers.

In connection with the sale of Securities, underwriters may receive compensation from the Issuers or from purchasers of Securities for whom they may act as agents in the form of concessions or commissions. Underwriters, dealers and agents that participate in the distribution of Securities may be deemed to be underwriters and any commissions received by them from the Issuers and any profit on the resale of Securities by them may be deemed to be underwriting commissions under the Securities Act. Any such person that may be deemed to be an underwriter with respect to Securities of any series will be identified in the Prospectus Supplement relating to such series.

The Prospectus Supplement relating to each series of Securities will also set forth the terms of the offering of the Securities of such series, including, to the extent applicable, the names of any underwriters or agents, the purchase price or prices of the offered Securities, the initial offering price, the proceeds to the applicable Issuer from the sale of the offered Securities, the underwriting discounts and commissions and any discounts, commissions and concessions allowed or reallocated or paid by any underwriter to other dealers.

Under agreements which may be entered into by the Issuers, underwriters, dealers and agents who participate in the distribution of Securities may be entitled to indemnification by the Issuers against certain liabilities, including liabilities under the Securities Act and Canadian provincial securities legislation, or to contribution with respect to payments which those underwriters, dealers or agents may be required to make in respect thereof. Those underwriters, dealers and agents may be customers of, engage in transactions with or perform services for the Issuers or their subsidiaries in the ordinary course of business.

Each series of Securities will be a new issue of securities with no established trading market. Unless otherwise specified in a Prospectus Supplement relating to a series of Securities, the Securities will not be listed on any securities exchange. Certain broker-dealers may make a market in Securities but will not be obligated to do so and may discontinue any market making at any time without notice. No assurance can be given that any broker-dealer will make a market in the Securities of any series or as to the liquidity of the trading market for the Securities of any series.

In connection with any underwritten offering of Securities, the underwriters or agents may over-allot or effect transactions which stabilize or maintain the market price of the Securities offered at a level above that which might otherwise prevail in the open market. Such transactions, if commenced, may be discontinued at any time.

RISK FACTORS

An investment in the Securities is subject to a number of risks. Before deciding whether to invest in the Securities, investors should consider carefully the risks described below, the risk factors set forth in the relevant Prospectus Supplement and the information incorporated by reference in this Prospectus. Specific reference is made to the sections entitled "Business Environment and Risks" in the management's discussion and analysis of the Company, which is incorporated by reference in this Prospectus.

No Existing Trading Market

There is currently no market through which the Debt Securities or the Preference Shares may be sold and purchasers of Debt Securities or Preference Shares may not be able to resell such Debt Securities or Preference Shares purchased under this Prospectus. There can be no assurance that an active trading market will develop for the Debt Securities or the Preference Shares after an offering or, if developed, that such market will be sustained. This may affect the pricing of the Debt Securities or the Preference Shares in the secondary market, the transparency and availability of trading prices, the liquidity of the Debt Securities or the Preference Shares and the extent of issuer regulation.

The public offering prices of the Securities may be determined by negotiation between the Issuers and underwriters based on several factors and may bear no relationship to the prices at which the Securities will trade in the public market subsequent to such offering. See "Plan of Distribution".

Stock Exchange Prices

The trading price of the Class A Shares in the open market is subject to volatility and cannot be predicted. Holders of Class A Shares may not be able to resell their Class A Shares at or above the price at which they purchased their Class A Shares due to such trading price fluctuations. The trading price could fluctuate significantly in response to factors both related and unrelated to Brookfield's operating performance and/or future prospects, including, but not limited to: (i) variations in Brookfield's quarterly or annual operating results and financial condition; (ii) changes in government laws, rules or regulations affecting Brookfield's businesses; (iii) material announcements by Brookfield's competitors; (iv) market conditions and events specific to the industries in which Brookfield operates; (v) changes in general economic conditions; (vi) differences between Brookfield's actual financial and operating results and those expected by investors and analysts; (vii) changes in analysts' recommendations or earnings projections; (viii) changes in the extent of analysts' interest in covering the Company and its publicly-traded affiliates; (ix) the depth and liquidity of the market for the Class A Shares; (x) dilution from the issuance of additional equity; (xi) investor perception of Brookfield's businesses and industries; (xii) investment restrictions; (xiii) Brookfield's dividend policy; (xiv) the departure of key executives; (xv) sales of Class Shares by senior management or significant shareholders; and (xvi) the materialization of other risks described in the Company's management's discussion and analysis.

Reliance on Subsidiaries

The Company conducts a significant amount of its operations through subsidiaries. Although the Debt Securities are senior obligations of the Company (either directly or pursuant to its guarantee), they are effectively subordinated to all existing and future liabilities of the Company's consolidated subsidiaries and operating companies. The Indentures do not restrict the ability of the Company's subsidiaries to incur additional indebtedness. Because the Company conducts a significant amount of its operations through subsidiaries, the Company's ability to pay the indebtedness and dividends owing by it under or in respect of the Securities is dependent on dividends and other distributions it receives from subsidiaries and major investments. Certain of the instruments governing the indebtedness of the companies in which the Company has an investment may restrict the ability of such companies to pay dividends or make other payments on investments under certain circumstances.

Foreign Currency Risks

In addition, Securities denominated or payable in foreign currencies may entail significant risks, and the extent and nature of such risks change continuously. These risks include, without limitation, the possibility of

significant fluctuations in the foreign currency market, the imposition or modification of foreign exchange controls and potential illiquidity in the secondary market. These risks will vary depending on the currency or currencies involved. Prospective purchasers should consult their own financial and legal advisors as to the risks entailed in an investment in Securities denominated in currencies other than Canadian dollars. Such Securities are not an appropriate investment for investors who are unsophisticated with respect to foreign currency transactions.

Credit Ratings

There is no assurance that any credit rating, if any, assigned to Securities issued hereunder will remain in effect for any given period of time or that any rating will not be lowered or withdrawn entirely by the relevant rating agency. A lowering or withdrawal of such rating may have an adverse effect on the market value of the Securities.

Interest Rate Risks

Prevailing interest rates will affect the market price or value of the Debt Securities and the Preference Shares. The market price or value of the Debt Securities and the Preference Shares will decline as prevailing interest rates for comparable debt instruments rise, and increase as prevailing interest rates for comparable debt instruments decline.

Dilution

The Company may undertake additional offerings of Class A Shares and of securities convertible into Class A Shares in the future. The increase in the number of Class A Shares issued and outstanding and the possibility of sales of such Class A Shares may depress the price of the Class A Shares. In addition, as a result of the issuance such additional Class A Shares, the voting power of the Company's existing holders of Class A Shares will be diluted.

Ranking of the Debt Securities

The Debt Securities will not be secured by any assets of the Company or BFI. Therefore, holders of secured indebtedness of the Company or BFI would have a claim on the assets securing such indebtedness that effectively ranks prior to the claim of holders of the Debt Securities and would have a claim that ranks equal with the claim of holders of Debt Securities to the extent that such security did not satisfy the secured indebtedness. Furthermore, although covenants given by the Company in various agreements may restrict incurring secured indebtedness, such indebtedness may, subject to certain conditions, be incurred.

BFI's Reliance on the Company

BFI will have no assets, property or operations other than the investments it makes with the net proceeds of the BFI Debt Securities. BFI will not be restricted in its ability to make investments or incur debt. Therefore, the holders of the BFI Debt Securities are relying principally on the unconditional guarantee of the BFI Debt Securities provided by the Company and the financial position and creditworthiness of the Company in order to receive the repayment of the amounts owing under and in respect of the BFI Debt Securities. The financial position and creditworthiness of the Company is subject to the risks noted above.

EXEMPTIVE RELIEF

Pursuant to a decision document dated October 18, 2011 issued by the applicable securities regulators, the Company was granted exemptive relief from certain of the restricted securities requirements in National Instrument 51-102 — Continuous Disclosure Obligations, NI 41-101 and Ontario Securities Commission Rule 56-501 — Restricted Shares (collectively, the "**restricted security provisions**"), including the requirements to refer to the Class A Shares and the Class B Shares using a prescribed restricted security term. The Class A Shares and Class B Shares may qualify as "restricted securities" under the restricted security provisions because the Company's constating documents contain provisions that restrict the voting rights of such securities in any election of the board of directors of the Company. See "Description of the Class A Shares".

LEGAL MATTERS

Unless otherwise specified in a Prospectus Supplement relating to a series of Securities, certain matters of Canadian and United States law relating to the validity of the Securities will be passed upon for the Company by Torys in Toronto, Ontario, and New York, New York. The partners and associates of Torys, as a group, beneficially own, directly or indirectly, less than one percent of the outstanding securities of the Company.
