- (1) We define FFO as net income excluding fair value changes, depreciation and amortization and deferred income taxes, net of non-controlling interests. When determining FFO, we include our proportionate share of the FFO from equity accounted investments on a fully diluted basis. FFO also includes realized disposition gains and losses, which are gains or losses arising from transactions during the reporting period, adjusted to include associated fair value changes and revaluation surplus recorded in prior periods, taxes payable or receivable in connection with those transactions and amounts that are recorded directly in equity, such as ownership changes. FFO is not a measure of financial performance under IFRS. Accordingly, it should not be considered as a substitute for net income prepared in accordance with IFRS.

The following table reconciles net income to FFO for the years ended December 31, 2019, 2018 and 2017 and for the six months ended June 30, 2020 and 2019. See "Glossary of Terms — Performance Measures" of the MD&A, incorporated by reference herein, and "Glossary of Terms — Performance Measures" of the Interim MD&A, incorporated by reference herein.

## RISK FACTORS

An investment in the notes is subject to a number of risks. Before deciding whether to invest in the notes, investors should consider carefully the risks set forth below and in the information incorporated by reference in this Prospectus. Specific reference is made to the section entitled "Part 6 — Business Environment and Risks" in the MD&A, the section entitled "Business Environment and Risks" in the AIF and the risks included in the Interim MD&A, each of which are incorporated by reference in this prospectus supplement.

***The notes are unsecured and will rank equal in right of payment to BFI's existing and future unsecured, unsubordinated indebtedness, and will be effectively subordinated to any of BFI's future secured indebtedness.***

The notes will not be secured by any assets of the Company or BFI. Therefore, holders of secured indebtedness of the Company or BFI would have a claim on the assets securing such indebtedness that effectively ranks prior to the claim of holders of the notes and would have a claim that ranks equal with the claim of holders of notes to the extent that such security did not satisfy the secured indebtedness. Furthermore, although covenants given by the Company in various agreements may restrict incurring secured indebtedness, such indebtedness may, subject to certain conditions, be incurred.

The notes will rank equal in right of payment to BFI's existing and future unsecured, unsubordinated indebtedness. In June 2016, September 2017, January 2018, December 2018, January 2019 and April 2020, BFI issued or became an obligor under (as the case may be) the existing notes, which are in an aggregate principal amount of US\$4,550 million and will rank equally to the notes offered hereby. In addition, the notes will be effectively subordinated in right of payment to any of BFI's future secured indebtedness, to the extent of the value of the assets securing such indebtedness. BFI will not be restricted in its ability to make investments or incur debt.

The Guarantee Obligations (as defined below) are unsecured and effectively subordinated in right of payment to all of the Company's existing and future secured indebtedness, to the extent of the value of the assets securing such indebtedness. The indenture for the notes does not restrict the Company's or BFI's ability to incur additional indebtedness, including secured indebtedness generally, which would have a prior claim on the assets securing that indebtedness. In the event of insolvency, bankruptcy, liquidation, reorganization, dissolution or winding up of the Company or BFI, their respective assets that serve as collateral for any secured indebtedness would be made available to satisfy their respective obligations to secured creditors before any payments are made on the notes or the Guarantee Obligations. See "Description of the Notes — General".

### ***BFI's reliance on the Company.***

BFI may not have assets, property or operations other than the Debt Securities it issues and the investments it makes with the net proceeds of such Debt Securities. BFI is not and will not be restricted in its ability to make investments or incur debt. The holders of the notes are relying principally on the unconditional guarantee of the notes provided by the Company and the financial position and creditworthiness of the Company in order to receive the repayment of the amounts owing under and in respect of the notes. The financial position and creditworthiness of the Company is subject to the risks noted in this Prospectus and in the documents incorporated by reference into this Prospectus.

### ***The Guarantee Obligations are effectively subordinated to all liabilities of the Company's subsidiaries other than BFI.***

None of the Company's subsidiaries has guaranteed or otherwise become obligated with respect to the notes, other than BFI. Accordingly, the Company's right to receive assets from any of its subsidiaries upon such subsidiary's bankruptcy, liquidation or reorganization and the right of holders of the notes to participate in those assets, is effectively subordinated to claims of that subsidiary's creditors, including trade creditors.

### ***The Company's reliance on its subsidiaries***

The Company conducts a significant amount of its operations through subsidiaries. Although the notes are senior obligations of the Company (pursuant to its guarantee), they are effectively subordinated to all existing

and future liabilities of the Company's consolidated subsidiaries (other than BFI) and operating companies. The Indenture does not restrict the ability of the Company's subsidiaries to incur additional indebtedness. As the Company conducts a significant amount of its operations through subsidiaries, the Company's ability to pay the indebtedness owing by it under or in respect of the notes is dependent on dividends and other distributions it receives from subsidiaries and major investments. Certain of the instruments governing the indebtedness of the companies in which the Company has an investment may restrict the ability of such companies to pay dividends or make other payments on investments under certain circumstances.

***Foreign currency risks***

The notes are denominated in United States dollars. Securities denominated or payable in foreign currencies may entail significant risks, and the extent and nature of such risks change continuously. These risks include, without limitation, the possibility of significant fluctuations in the foreign currency market, the imposition or modification of foreign exchange controls and potential illiquidity in the secondary market. These risks will vary depending on the currency or currencies involved. Prospective purchasers should consult their own financial and legal advisors as to the risks entailed in an investment in the notes. The notes may not be an appropriate investment for investors who are unsophisticated with respect to foreign currency transactions.

***Interest rate risks***

Prevailing interest rates will affect the market price or value of the notes. The market price or value of the notes will decline as prevailing interest rates for comparable debt instruments rise, and increase as prevailing interest rates for comparable debt instruments decline.

***The notes may be redeemed at any time at BFI's option.***

BFI may choose to redeem the notes from time to time, especially when prevailing interest rates are lower than the rate borne by the notes. If prevailing rates are lower at the time of redemption, a purchaser would not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as the interest rate on the notes being redeemed. BFI's redemption right also may adversely impact a purchaser's ability to sell notes as the optional redemption date or period approaches and/or may adversely impact the price at which notes can be sold.

***Changes in our credit ratings may adversely affect the value of the notes.***

Our long-term debt is subject to periodic review by independent credit rating agencies. Such ratings are limited in scope, and do not address all material risks relating to an investment in the notes, but rather reflect only the view of each rating agency at the time the rating is issued. Ratings of the notes are not recommendations to buy, sell or hold the notes. An explanation of the significance of such rating may be obtained from such rating agency. There can be no assurance that such credit ratings will remain in effect for any given period of time or that such ratings will not be lowered, suspended or withdrawn entirely by the rating agencies, if, in each rating agency's judgment, circumstances so warrant. Actual or anticipated changes or downgrades in our credit ratings, including any announcement that our ratings are under further review for a downgrade, are likely to adversely affect the market value of the notes and could increase our corporate borrowing costs. In this circumstance, no person or entity is obliged to provide any additional support or credit enhancement with respect to the notes.

***There is no existing trading market for the notes.***

The notes will be a new issue of securities with no established trading market. The notes are not and will not be listed on a securities exchange or quotation system and consequently there is no market through which the notes may be sold and purchasers may not be able to resell the notes purchased under this Prospectus. Future trading prices of the notes will depend on many factors, including but not limited to prevailing interest rates, our financial condition and results of operations, the then-current ratings assigned to the notes and the market for

similar securities. Any trading market that develops would be affected by many factors independent of and in addition to the foregoing, including:

- time remaining to the maturity of the notes;
- outstanding amount of the notes;
- the terms related to the optional redemption of the notes; and
- level, direction and volatility of market interest rates generally.

There can be no assurance that an active trading market will develop for the notes after the offering or, if developed, that such market will be sustained. This may affect the pricing of the notes in the secondary market, the transparency and availability of trading prices, the liquidity of the notes and the extent of issuer regulation.

***BFI may be unable to repurchase the notes upon a Change of Control Triggering Event.***

Upon the occurrence of a Change of Control Triggering Event with respect to the notes, subject to certain conditions, BFI will be required to make an offer to repurchase all outstanding notes at 101% of their principal amount, plus accrued and unpaid interest. See "Description of the Notes — Change of Control" in this prospectus supplement. The source of funds for such a repurchase will be our available cash or cash generated from our subsidiaries' operations or other potential sources, including borrowings, sales of assets or sales of equity. We cannot assure you that sufficient funds from such sources will be available at the time of any Change of Control Triggering Event to make required repurchases of notes tendered. In addition, the terms of certain of our other existing indebtedness provide that certain change of control events will require us to make an offer to repurchase such outstanding indebtedness. Our future debt instruments may contain similar provisions. It is possible that we will not have sufficient funds at the time of the Change of Control Triggering Event to complete the required repurchase of the notes and, if applicable, our other indebtedness.

## **USE OF PROCEEDS**

The net proceeds from this offering, after deducting the underwriters' fees and the estimated expenses of the offering of US\$5,025,000, will be US\$491,540,000. The net proceeds from the sale of the notes will be used for general corporate purposes.

## EARNINGS COVERAGE RATIOS OF THE COMPANY

The Company's borrowing cost requirements for the 12-month periods ended December 31, 2019 and June 30, 2020 amounted to US\$7,521 million and US\$7,665 million, respectively, after giving effect to (i) the issuance of the notes, (ii) the issuance by BFL of \$600 million principal amount of 3.450% notes due April 15, 2050, (iii) the issuance by BFI of the 2029 notes, (iv) the redemption of Cdn\$350 million principal amount of the Company's 5.30% notes due March 1, 2021, (v) the issuance by BFI of the original 2030 notes and (vi) the issuance by BFI of the additional 2030 notes, as if each such issuance or redemption had occurred on January 1, 2019 (collectively, the "**Adjustments**"). Net income attributable to shareholders before borrowing costs and income taxes for the 12 month periods ended December 31, 2019 and June 30, 2020 was US\$10,436 million and US\$8,477 million, respectively, which is approximately 1.4 times and 1.1 times the Company's borrowing cost requirements for the period, after giving effect to the Adjustments.

The earnings coverage ratios set forth above were calculated based on financial information prepared in accordance with IFRS.

## DESCRIPTION OF THE NOTES

*The following description of the particular terms and provisions of the notes supplements and, to the extent inconsistent therewith, replaces, the description of the Debt Securities set forth in the accompanying base shelf prospectus under "Description of Debt Securities", to which reference is hereby made. Other capitalized terms used and not defined in this prospectus supplement have the meanings ascribed to them in the accompanying base shelf prospectus or in the Indenture.*

The notes will be issued as a separate series of debt securities under a sixth supplemental indenture to be dated as of the date of the issuance of the notes (the "**Sixth Supplemental Indenture**") to the base indenture dated as of June 2, 2016 (the "**Base Indenture**" and, together with the Sixth Supplemental Indenture, the "**Indenture**"), between BFI, the Company, as guarantor, and Computershare Trust Company of Canada, as trustee (the "**Trustee**"). For a description of the rights attaching to different series of Debt Securities under the Indenture, see "Description of Debt Securities" in the accompanying base shelf prospectus. The Indenture is subject to the provisions of the *Business Corporations Act* (Ontario). The following statements relating to the notes and the Indenture are summaries and should be read in conjunction with the statements under "Description of Debt Securities" in the accompanying base shelf prospectus. Such information does not purport to be complete and is qualified in its entirety by reference to all of the provisions of the notes and the Indenture, including the definition of certain terms therein. It is the Indenture, and not these statements, that governs the rights of holders of the notes.

### General

The notes will be senior unsecured obligations of BFI and will initially be limited to US\$500,000,000 aggregate principal amount, all of which will be issued under the Sixth Supplemental Indenture. The notes will mature on March 30, 2051. The notes will bear interest at the rate of 3.500% per annum from September 28, 2020, or from the most recent interest payment date to which interest has been paid or provided for, payable semi-annually in arrears on March 30 and September 30 of each year, commencing on March 30, 2021, to the Persons in whose name the notes are registered at the close of business on the preceding February 28 or August 31, as the case may be. The notes will bear interest on overdue principal and premium, if any, and, to the extent permitted by law, overdue interest at 3.500% per annum plus 1%.

The notes will be fully and unconditionally guaranteed by the Company.

Interest on the notes will be computed on the basis of a 360-day year of twelve 30-day months. In any case where any interest payment date is not a Business Day, payment will be made on the next succeeding Business Day, whether or not such date is a Business Day in Toronto, Ontario, unless such date is not a Business Day in New York, New York. "**Business Day**" means each weekday which is not a day on which banking institutions in the Place of Payment (as defined below) are authorized or obligated by law or executive order to close.

Computershare Trust Company, N.A. will initially act as Paying Agent for the notes. Principal of, and premium, if any, and interest on, the notes will be payable at the Place of Payment (as defined herein), *provided* that at the option of BFI, payment of interest on the notes may be made by check mailed to the address of the Person entitled thereto as it appears in the Security Register or by wire transfer to an account maintained by the Person entitled thereto as specified in the Security Register. The notes may be presented for registration of transfer and exchange at the corporate trust office of the Trustee and the Place of Payment.

The Company conducts a significant proportion of its operating activities through subsidiaries. Although the Guarantee Obligations are senior obligations of the Company, they are effectively subordinated to all existing and future liabilities of the Company's consolidated subsidiaries and operating companies, other than BFI. The Indenture does not restrict the ability of the Company's subsidiaries to incur additional indebtedness. As the Company conducts a significant proportion of its operations through subsidiaries, the Company's ability to service its indebtedness is dependent on dividends and other payments made on its investments. Certain of the instruments governing the indebtedness of the companies in which the Company has an investment may restrict the ability of such companies to pay dividends or make other payments on investments under certain circumstances. Dividends paid in kind are excluded so long as they are retained in the same form as received and are legally and beneficially owned by the Company and/or one or more designated Affiliates of the Company.

The Indenture does not limit the aggregate principal amount of Debt Securities which may be issued thereunder, and Debt Securities may be issued thereunder from time to time in one or more series up to the aggregate principal amount from time to time authorized by BFI for each series. All Debt Securities issued by BFI will be fully and unconditionally guaranteed by the Company.

## Reopening of the Notes

BFI may from time to time, without the consent of the holders of the notes but with the consent of the Company, create and issue further notes having the same terms and conditions in all respects as the notes being offered hereby, except for the issue date, the issue price and the first payment of interest thereon. Additional notes issued in this manner will be consolidated with and will form a single series with the notes being offered hereby; *provided* that if such additional notes are not fungible with the original notes offered hereby for U.S. federal income tax purposes, then such additional notes will be issued with a separate CUSIP or ISIN number so that they are distinguishable from the original notes.

## Redemption and Repurchase

The notes will be redeemable at BFI's option (A) in whole or in part, at any time and from time to time and/or (B) in whole on or after September 30, 2050 (the date that is six months prior to the maturity date), in each case on payment of the applicable Redemption Price (as defined herein). If less than all of the notes are to be redeemed pursuant to (A), the notes so redeemed will be cancelled and will not be re-issued.

In connection with such optional redemption, the following defined terms apply:

**"Adjusted Treasury Rate"** means, with respect to any redemption date, the rate per annum equal to the semi-annual equivalent yield to maturity (computed as of the second Business Day immediately preceding that redemption date) of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for that redemption date.

**"Comparable Treasury Issue"** means the United States Treasury security selected by the Independent Investment Banker that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the notes.

**"Comparable Treasury Price"** means, with respect to any redemption date, (i) the average of four Reference Treasury Dealer Quotations for that redemption date, after excluding the highest and lowest of such Reference Treasury Dealer Quotations, or (ii) if the Independent Investment Banker obtains fewer than four such Reference Treasury Dealer Quotations, the average of all such quotations.

**"Independent Investment Banker"** means one of the Reference Treasury Dealers appointed by BFI to act as the "Independent Investment Banker".

**"Redemption Price"** means in the case of (A) above, the greater of (i) 100% of the principal amount of the notes to be redeemed, and (ii) the sum of the present values of the Remaining Scheduled Payments discounted to the date of redemption on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Adjusted Treasury Rate plus 35 basis points, and in the case of (B) above, 100% of the principal amount of the notes to be redeemed, together with, in each case, accrued and unpaid interest on the principal amount of the notes to be redeemed to the date of redemption.

**"Reference Treasury Dealer"** means each of Deutsche Bank Securities Inc., BofA Securities, Inc. and Wells Fargo Securities, LLC and their respective successors, each a recognized investment banking firm that is a primary U.S. Government securities dealer in New York City (a **"Primary Treasury Dealer"**); *provided*, however, that if any of the foregoing shall cease to be a Primary Treasury Dealer, BFI shall substitute therefor another nationally recognized investment banking firm that is a Primary Treasury Dealer to be a Reference Treasury Dealer.

**"Reference Treasury Dealer Quotations"** means, with respect to any redemption date, the average, as determined by the Independent Investment Banker, of the bid and asked prices for the Comparable Treasury

Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Independent Investment Banker by the Reference Treasury Dealers at 3:30 p.m., New York City time, on the third Business Day preceding that redemption date.

**"Remaining Scheduled Payments"** means, with respect to each note to be redeemed, the remaining scheduled payments of the principal thereof and interest thereon that would have been due after the related redemption date but for such redemption; *provided*, however, that, if that redemption date is not an interest payment date with respect to such note, the amount of the next succeeding scheduled interest payment thereon will be reduced by the amount of interest accrued thereon to that redemption date.

Notice of any redemption will be delivered at least 15 days but not more than 60 days before the redemption date to each holder of the notes to be redeemed. On and after any redemption date, interest will cease to accrue on the notes or any portion thereof called for redemption. On or before any redemption date, BFI shall deposit with the Paying Agent (or the Trustee) money sufficient to pay the Redemption Price of the notes to be redeemed on such date. If less than all the notes are to be redeemed, the notes to be redeemed shall be selected by the Trustee at BFI's direction by such method as BFI and the Trustee shall designate. The Redemption Price shall be calculated by the Independent Investment Banker and BFI, the Trustee and any Paying Agent for the notes shall be entitled to rely on such calculation.

### **Affiliate Purchase on Maturity**

Notwithstanding the other provisions of the Indenture, BFI may, by providing notice to the Trustee at least two Business Days prior to the Maturity, elect to have one or more Affiliates of BFI or the Company purchase all, but not less than all, of the notes so to be redeemed or repaid at a price equal to the Redemption Price (excluding accrued and unpaid interest), in the case of notes called for redemption, or the principal amount, in the case of notes coming due at the Stated Maturity (in each case, the **"Repayment Price"**); *provided* that any accrued and unpaid interest thereon will be paid by BFI. Upon payment therefor of an amount equal to the Repayment Price, and payment by BFI of accrued interest and premium, if any, such notes shall be transferred to such Affiliate in accordance with the transfer provisions of the Indenture and such notes shall not become due and payable on Maturity, provided that such Affiliate shall not be permitted to vote such notes in any matter unless 100% of the notes entitled to be voted in respect of such matter are held by BFI, the Company or their Affiliates. Should such Affiliate and BFI, if applicable, fail to make full payment of the Repayment Price and accrued interest and premium, if any, on Maturity, then such notes shall become due and payable as otherwise provided for in the Indenture.

### **Change of Control**

If a Change of Control Triggering Event occurs, unless BFI has exercised its right to redeem all of the notes as described above, BFI will be required to make an offer to repurchase all of each holder's notes (or the portion thereof not subject to redemption, if BFI has exercised its right to redeem the notes in part) pursuant to the offer described below (the **"Change of Control Offer"**) on the terms set forth in the notes. In the Change of Control Offer, BFI will be required to offer payment in cash equal to 101% of the aggregate principal amount of notes repurchased plus accrued and unpaid interest, if any, on the notes repurchased (the **"Change of Control Payment"**), to the date of purchase.

Within 30 days following any Change of Control Triggering Event, BFI will be required to deliver a notice to holders of notes, with a copy to the Trustee, describing the transaction or transactions that constitute the Change of Control Triggering Event and offering to repurchase the notes on the date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is delivered (the **"Change of Control Payment Date"**), pursuant to the procedures required by the notes and described in such notice. BFI must comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the repurchase of the notes as a result of a Change of Control Triggering Event. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control (as defined herein) provisions of the notes, BFI will be required to comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Change of Control provisions of the notes by virtue of such conflicts.

On the Change of Control Payment Date, BFI will be required, to the extent lawful, to:

- accept for payment all notes or portions of notes properly tendered pursuant to the Change of Control Offer;
- deposit with the Paying Agent or the Trustee an amount equal to the Change of Control Payment in respect of all notes or portions of notes properly tendered; and
- deliver or cause to be delivered to the Trustee the notes properly accepted together with an Officers' Certificate stating the aggregate principal amount of notes or portions of notes being purchased by BFI.

The Paying Agent will be required to promptly deliver to each holder who properly tendered notes, the purchase price for such notes, and the Trustee will be required to promptly authenticate and deliver (or cause to be delivered) to each such holder a new note equal in principal amount to any unpurchased portion of the notes surrendered, if any; provided that each new note will be in a principal amount of US\$2,000 or a multiple of US\$1,000 in excess thereof.

BFI will not be required to make a Change of Control Offer upon a Change of Control Triggering Event if another Person makes such an offer in the manner, at the times and otherwise in compliance with the requirements for an offer made by BFI and such other Person purchases all notes properly tendered and not withdrawn under its offer.

For purposes of the foregoing discussion of a repurchase at the option of holders, the following definitions are applicable:

**"Below Investment Grade Rating Event"** means that on any day within the 60-day period (which shall be extended during an Extension Period) after the earlier of (1) the occurrence of a Change of Control or (2) the first public notice of the occurrence of a Change of Control or the intention by the Company to effect a Change of Control, the notes are rated below an Investment Grade Rating by at least three out of four of the Rating Agencies if there are four Rating Agencies or all of the Rating Agencies if there are fewer than four Rating Agencies. Notwithstanding the foregoing, a Below Investment Grade Rating Event otherwise arising by virtue of a particular reduction or reductions in rating shall not be deemed to have occurred in respect of a particular Change of Control (and thus shall not be deemed a Below Investment Grade Rating Event for purposes of the definition of Change of Control Triggering Event hereunder) if the Rating Agencies making the reduction(s) in rating to which this definition would otherwise apply do not announce or publicly confirm or inform the Trustee in writing at its request that the reduction(s) were the result, in whole or in part, of any event or circumstance comprised of or arising as a result of, or in respect of, the applicable Change of Control (whether or not the applicable Change of Control shall have occurred at the time of the ratings event) (the "Change of Control Event"). For the purpose of this definition, an "Extension Period" shall occur and continue for so long as the aggregate of (i) the number of Rating Agencies that have placed the notes on publicly announced consideration for possible downgrade during the initial 60-day period as a result, in whole or in part, of the applicable Change of Control Event and (ii) the number of Rating Agencies that have downgraded the notes to below an Investment Grade Rating as a result, in whole or in part, of the applicable Change of Control Event during either the initial 60-day period or the Extension Period provided for in clause (i) would be sufficient to result in a Change of Control Triggering Event should one or more of the Rating Agencies that have placed the notes on publicly announced consideration for possible downgrade subsequently downgrade the notes to below an Investment Grade Rating. The Extension Period shall terminate on the earlier of (A) the date on which the Rating Agencies that placed the notes on publicly announced consideration for possible downgrade within the initial 60-day period referred to in subclause (i) of this definition make their determinations with respect to the impact of the Change of Control Event on the rating of the notes, and (B) the date on which two of the Rating Agencies (if there are four Rating Agencies) or one of the Rating Agencies (if there are fewer than four Rating Agencies) has confirmed that the notes will not be downgraded or are not subject to consideration for a possible downgrade to below an Investment Grade Rating as a result of the applicable Change of Control Event.

**"Change of Control"** means the consummation of any transaction including, without limitation, any merger, amalgamation, arrangement or consolidation the result of which is that any person or group of related persons, other than any one or more of the Company, the Company's Subsidiaries, the Company's or any of its Subsidiaries' employee benefit plans, or Management and/or any entity or group of entities controlled by

Management (provided that upon the consummation of a transaction by Management and/or an entity or group of entities controlled by Management, the Company's Class A Shares or other Voting Stock into which the Company's Class A Shares are reclassified, consolidated, exchanged or changed continue to be listed and posted for trading on a national securities exchange in the United States, Canada or Europe), becomes the beneficial owner (as defined in Rules 13d-3 and 13d-5 under the Exchange Act), directly or indirectly, of (i) more than 50% of the voting power of each class of the Company's Voting Stock (or other Voting Stock into which the Company's Voting Stock is reclassified, consolidated, exchanged or changed in connection with such transaction) measured by voting power rather than number of shares, or (ii) Voting Stock sufficient to enable it to elect a majority of the members of the Company's board of directors. For the purposes of this provision, "person" and "group" have the meanings they have in Sections 13(d) and 14(d) of the Exchange Act.

For the purposes of the Indenture, a Person will be deemed to be controlled by Management if the individuals comprising Management are the beneficial owners, directly or indirectly, of, in aggregate, (i) more than 50% of the voting power of such Person's voting stock measured by voting power rather than number of shares or (ii) such Person's voting stock sufficient to enable them to elect a majority of the members of such Person's board of directors (or similar body).

**"Change of Control Triggering Event"** means the occurrence of both a Change of Control and a Below Investment Grade Rating Event.

**"Investment Grade Rating"** means a rating equal to or higher than Baa3 (or the equivalent) by Moody's, BBB- (or the equivalent) by S&P, BBB- (or the equivalent) by Fitch and BBB(low) (or the equivalent) by DBRS.

**"Management"** means any one or more of the Company's directors, officers or employees (or directors, officers or employees of any one or more of the Company's Subsidiaries) immediately prior to the consummation of any transaction that would constitute a Change of Control, acting individually or together.

**"Rating Agencies"** means (1) each of Moody's, S&P, Fitch and DBRS and (2) if any of the foregoing Rating Agencies ceases to rate the notes or fails to make a rating of the notes publicly available for reasons outside of BFI or the Company's control, a "nationally recognized statistical rating organization" within the meaning of Section 3(a)(62) under the Exchange Act, selected by BFI (as certified by a resolution of the board of directors of BFI) as a replacement agency for Moody's, S&P, Fitch or DBRS, or some or all of them, as the case may be.

**"Voting Stock"** of any Person means Capital Stock of such Person which ordinarily has voting power for the election of directors (or persons performing similar functions) of such Person, whether at all times or only so long as no senior class of securities has such voting power by reason of any contingency.

The failure by BFI to comply with the obligations described under "— Change of Control" will constitute an event of default with respect to the notes.

The Change of Control Triggering Event feature of the notes may in certain circumstances make more difficult or discourage a sale or takeover of the Company and, thus, the removal of incumbent management. Subject to the limitations discussed below, we could, in the future, enter into certain transactions, including acquisitions, refinancings or other recapitalizations, that would not constitute a Change of Control under the notes, but that could increase the amount of indebtedness outstanding at such time or otherwise affect our capital structure or credit ratings on the notes. Restrictions on our ability to incur liens are contained in the covenants as described in this prospectus supplement under "— Covenants — Negative Pledge".

## **Company Additional Amounts**

All payments made by BFI or the Company under or with respect to the notes will be made free and clear of, and without withholding or deduction for or on account of, any present or future tax, duty, levy, impost, assessment or other governmental charge imposed or levied by or on behalf of the Government of Canada or of any province or territory thereof or by any authority or agency therein or thereof having power to tax (hereinafter "**Taxes**"), unless BFI or the Company (as applicable) is required to withhold or deduct Taxes by law or by the interpretation or administration thereof. If BFI or the Company is so required to withhold or deduct any amount for or on account of Taxes from any payment made by it under or with respect to the notes and the

notes are not redeemed in accordance with the provisions described under "— Redemption for Changes in Canadian Withholding Taxes", BFI or the Company (as applicable) will pay such additional amounts ("**Company Additional Amounts**") as may be necessary so that the net amount received (including Company Additional Amounts) by each Holder (including, as applicable, the beneficial owners in respect of any such Holder) after such withholding or deduction will not be less than the amount the Holder (including, as applicable, the beneficial owners in respect of any such Holder) would have received if such Taxes had not been withheld or deducted; provided that no Company Additional Amounts will be payable with respect to: (a) any payment to a Holder or beneficial owner who is liable for such Taxes in respect of such note (i) by reason of such Holder or beneficial owner, or any other person entitled to payments on the note, being a person with whom BFI or the Company does not deal at arm's length (within the meaning of the *Income Tax Act* (Canada) (the "**Tax Act**")), (ii) by reason of the existence of any present or former connection between such Holder or beneficial owner (or between a fiduciary, settlor, beneficiary, member or shareholder of, or possessor of power over, such Holder or beneficial owner, if such Holder or beneficial owner is an estate, trust, partnership, limited liability company or corporation) and Canada or any province or territory thereof or therein other than the mere ownership, or receiving payments under or enforcing any rights in respect of such note as a non-resident or deemed non-resident of Canada or any province or territory thereof or therein, or (iii) by reason of such Holder or beneficial owner being a "specified shareholder" of BFI or the Company or not dealing at arm's length with a "specified shareholder" of BFI or the Company as defined in subsection 18(5) of the Tax Act; (b) any Tax that is levied or collected other than by withholding from payments on or in respect of the notes; (c) any note presented for payment (where presentation is required) more than 30 days after the later of (i) the date on which such payment first becomes due or (ii) if the full amount of the monies payable has not been paid to the Holders of the notes on or prior to such date, the date on which the full amount of such monies has been paid to the Holders of the notes, except to the extent that the Holder of the notes would have been entitled to such Company Additional Amounts on presentation of the same for payment on the last day of such period of 30 days; (d) any estate, inheritance, gift, sales, transfer, excise or personal property tax or any similar Tax; (e) any Tax imposed as a result of the failure of a Holder or beneficial owner to comply with certification, identification, declaration or similar reporting requirements concerning the nationality, residence, identity or connection with Canada or any province or territory thereof or therein of such Holder or beneficial owner, if such compliance is required by statute or by regulation, as a precondition to reduction of, or exemption, from such Tax; (f) any (i) withholding or deduction imposed pursuant to Sections 1471 to 1474 of the U.S. Internal Revenue Code of 1986, as amended ("**FATCA**"), or any successor version thereof, or any similar legislation imposed by any other governmental authority, (ii) Tax or penalty arising from the Holder's or beneficial owner's failure to properly comply with the Holder's or beneficial owner's obligations imposed under the Canada-United States Enhanced Tax Information Exchange Agreement Implementation Act (Canada) or any treaty, law or regulation or other official guidance enacted by Canada implementing FATCA or an intergovernmental agreement with respect to FATCA or any similar legislation imposed by any other governmental authority, including, for greater certainty, Part XVIII and Part XIX of the Tax Act; or (g) any combination of the foregoing clauses (a) to (f).

BFI or the Company (as applicable) will also (1) make such withholding or deduction and (2) remit the full amount deducted or withheld by it to the relevant authority in accordance with applicable law. BFI or the Company (as applicable) will furnish to the Holders of the notes, within 30 days after the date the payment of any Taxes by it is due pursuant to applicable law, certified copies of tax receipts evidencing such payment by it. BFI and the Company will indemnify and hold harmless each Holder and, upon written request, will reimburse each such Holder for the amount of (i) any Taxes (other than any Taxes for which Company Additional Amounts would not be payable pursuant to clauses (a) through (g) above) levied or imposed and paid by such Holder as a result of payments made under or with respect to the notes which have not been withheld or deducted and remitted by BFI or the Company (as applicable) in accordance with applicable law, (ii) any liability (including penalties, interest and expenses) arising therefrom or with respect thereto, and (iii) any Taxes (other than any Taxes for which Company Additional Amounts would not be payable pursuant to clauses (a) through (g) above) imposed with respect to any reimbursement under clause (i) or (ii) above, but excluding any such Taxes on such Holder's net income.

Whenever in the Indenture there is mentioned, in any context, the payment of principal (and premium, if any), Redemption Price, Purchase Price, Change of Control Payment, interest or any other amount payable under or with respect to any note, such mention shall be deemed to include mention of the payment of Company

Additional Amounts to the extent that, in such context, Company Additional Amounts are, were or would be payable in respect thereof.

### **Co-Obligors and/or Additional Guarantors**

Without the consent of any Holders, BFI, when authorized by a resolution of the board of directors of BFI, the Company and the Trustee, may enter into an indenture supplemental to the Indenture in respect of the notes, in form satisfactory to the Trustee, for the purpose of adding as a co-obligor (whether as an additional issuer or guarantor) of the notes, an Affiliate of BFI or the Company (each, a "**Co-Obligor**"); provided that any such Co-Obligor shall be organized or formed under the laws of (1) any state of the United States, (2) Canada or any province or territory thereof, (3) the United Kingdom, (4) Australia or (5) any country that is a member of the European Union. Any such supplemental indenture entered into for the purpose of adding a Co-Obligor formed under any jurisdiction other than a state of the United States (each, a "**Non-U.S. Co-Obligor**") shall include a provision for (i) the payment of additional amounts in the form substantially similar to that described in "— Company Additional Amounts", with such modifications as the Company and such Non-U.S. Co-Obligor reasonably determine are customary and appropriate for U.S. and Canadian bondholders to address then-applicable (or potentially applicable future) taxes, duties, levies, imposts, assessments or other governmental charges imposed or levied by or on behalf of the applicable governmental authority in respect of payments made by such Non-U.S. Co-Obligor under or with respect to the notes, including any exceptions thereto as the Company and such Non-U.S. Co-Obligor shall reasonably determine would be customary and appropriate for U.S. and Canadian bondholders and (ii) the right of any issuer to redeem the notes at 100% of the aggregate principal amount thereof plus accrued interest thereon in the event that additional amounts become payable by a Non-U.S. Co-Obligor in respect of the notes as a result of any change in law or official position regarding the application or interpretation of any law that is announced or becomes effective after the date of such supplemental indenture.

Any such Co-Obligor shall be jointly and severally liable with BFI or the Company (as applicable) to pay the principal, premium, if any, and interest on the notes. BFI would only add a Co-Obligor if BFI determines that adding a Co-Obligor would not result in a deemed sale or exchange of the notes by any holder for U.S. federal income tax purposes under applicable Treasury Regulations or a disposition of the notes by any holder for Canadian federal income tax purposes.

### **Redemption for Changes in Canadian Withholding Taxes**

The notes will be subject to redemption as a whole, but not in part, at the option of BFI at any time at 100% of the principal amount, together with accrued and unpaid interest thereon to the redemption date, in the event BFI shall have received an opinion from independent tax counsel experienced in such matters to the effect that BFI has become, or would become, obligated to pay, on the next date on which any amount would be payable with respect to the notes, any Additional Amounts (as defined herein) as a result of a change in the laws of Canada or any political subdivision or taxing authority thereof or therein (including any regulations promulgated thereunder), or any change in any official position regarding the application or interpretation of such laws or regulations, which change is announced or becomes effective on or after the date of the Sixth Supplemental Indenture.

### **Events of Default**

Notwithstanding the information contained in the accompanying base shelf prospectus, each of the following will constitute an Event of Default under the Indenture with respect to the notes: (a) failure to pay principal of, or any premium on, the notes when due; (b) failure to pay any interest on the notes when due, which failure continues for 30 days; (c) default in the payment of principal and interest on the notes required to be purchased pursuant to an offer to purchase made pursuant to the terms of the notes; (d) failure to deposit any sinking fund payment, when due, in respect of the notes; (e) failure to perform any other covenant of BFI or the Company in the Indenture (other than a covenant included in the Indenture solely for the benefit of a series of notes other than the notes offered hereby), which failure continues for 60 days after written notice has been given by the Trustee or the holders of at least 25% in aggregate principal amount of outstanding notes, as provided in the Indenture; (f) the Company's Guarantee Obligations shall, for any reason, cease to be, or the

Company shall assert in writing to the Trustee or the holders thereof that such guarantee is not in full force and effect and enforceable against the Company in accordance with its terms; (g) default by the Company in the payment of principal of, premium, if any, or interest on, any obligation for borrowed money indebtedness (other than an obligation payable on demand or maturing less than 12 months from the creation or issue thereof) in an outstanding principal amount in excess of 5% of Consolidated Net Worth in the aggregate at the time of default, or any failure in the performance of any other covenant of the Company contained in any instrument under which such obligations are created or issued, provided that in each such case all cure periods relating to such default have expired and the holders of such borrowed money indebtedness or a trustee for such holders (if any) declares such indebtedness to be due and payable prior to its stated maturity, and provided further that if any such default is waived at any time by such holders or trustee in accordance with the terms of such instrument, then the Event of Default under the Indenture shall be deemed to be waived without further action on the part of the Trustee or the holders; (h) certain events of bankruptcy, insolvency or reorganization affecting the Company or BFI; and (i) the failure by BFI to comply with the obligations described herein under "— Change of Control".

## **Covenants**

The following covenants shall apply to the notes:

### ***Negative Pledge***

Neither BFI, nor the Company will create any Lien (as defined herein) on any of its property or assets to secure any indebtedness for borrowed money without in any such case effectively providing that the notes, in the case of BFI, and the Guarantee Obligations, in case of the Company (together with, if BFI or the Company, as applicable, shall so determine, any other indebtedness of BFI or the Company, as applicable, which is not subordinate to the notes or the Guarantee Obligations, as applicable), shall be secured equally and ratably with (or prior to) such secured indebtedness, so long as such secured indebtedness shall be so secured; *provided*, however, that the foregoing restrictions shall not apply to:

- (a) Liens on any property or assets existing at the time of acquisition thereof (including acquisition through merger or consolidation) to secure, or securing, the payment of all or any part of the purchase price, cost of improvement or construction cost thereof or securing any indebtedness incurred prior to, at the time of or within 120 days after, the acquisition of such property or assets or the completion of any such improvement or construction, whichever is later, for the purpose of financing all or any part of the purchase price, cost of improvement or construction cost thereof or to secure, or securing, the repayment of money borrowed to pay, in whole or in part, such purchase price, cost of improvement or construction cost or any vendor's privilege or lien on such property securing all or any part of such purchase price, cost of improvement or construction cost, including title retention agreements and leases in the nature of title retention agreements (*provided* such Liens are limited to such property or assets and to improvements on such property);
- (b) Liens arising by operation of law;
- (c) any other Lien arising in connection with indebtedness if, after giving effect to such Lien and any other Lien created pursuant to this paragraph (c), the aggregate principal amount of indebtedness secured thereby would not exceed 5% of Consolidated Net Worth; and
- (d) any extension, renewal, substitution or replacement (or successive extensions, renewals, substitutions or replacements), as a whole or in part, of any of the Liens referred to in paragraphs (a) and (b) above or any indebtedness secured thereby; *provided* that such extension, renewal, substitution or replacement Lien shall be limited to all or any part of substantially the same property or assets that secured the Lien extended, renewed, substituted or replaced (plus improvements on such property) and the principal amount of indebtedness secured by such Lien at such time is not increased.

### ***Status of BFI***

BFI shall at all times remain a Subsidiary of the Company.

## Certain Definitions

Set forth below is a summary of certain of the defined terms used in the Indenture. Reference is made to the Indenture for the full definition of all defined terms.

**"Affiliate"** of any Person means any other Person directly or indirectly controlling or controlled by or under direct or indirect common control with such Person. For the purposes of this definition, "control", when used with respect to any Person, means the power to influence the management and policies of such Person, directly or indirectly, whether through the ownership of voting securities, by contract or otherwise; and the terms "controlling" and "controlled" have meanings correlative to the foregoing.

**"Capital Stock"** of any Person means any and all shares, units, interests, participations or other equivalents (however designated) of corporate stock or other equity participations, including partnership interests, whether general or limited, of such Person.

**"Consolidated Net Worth"** means the consolidated equity of the Company and its Subsidiaries determined on a consolidated basis in accordance with generally accepted accounting principles (including all preferred equity and all equity securities that are classified as liabilities for purposes of generally accepted accounting principles but are convertible, either at the option of the issuer or the holder of such securities, into equity and are not redeemable at the sole option of the holder for consideration other than equity), plus, without duplication, Qualifying Subordinated Debt and Deferred Credits.

**"Deferred Credits"** means the deferred credits of the Company and its Subsidiaries determined on a consolidated basis in accordance with generally accepted accounting principles.

**"Guarantee Obligations"** means the guarantee obligations of the Company pursuant to Article 5 of the Indenture but solely in respect of the notes.

**"Holder"** means a Person in whose name a note is registered in the security register in respect of the notes.

**"Lien"** means, with respect to any property or asset, any mortgage, charge, hypothecation, pledge, encumbrance on, or other security interest in, such property or asset.

**"Qualifying Subordinated Debt"** means Debt of the Company and its Subsidiaries which by its terms provides that the payment of principal of (and premium, if any) and interest on and all other payment obligations in respect of such Debt shall be subordinate to the prior payment in full of the Company's obligations in respect of the notes to at least the extent that no payment of principal of (or premium, if any) or interest on or otherwise due in respect of such Debt may be made for so long as there exists any default in the payment of principal (or premium, if any) or interest on the notes.

**"Subsidiary"** of any Person means (i) a corporation 50% or more of the combined voting power of the outstanding Voting Stock of which is owned, directly or indirectly, by such Person or by one or more other Subsidiaries of such Person or by such Person and one or more Subsidiaries thereof, or (ii) any other Person (other than a corporation) in which such Person, or one or more other Subsidiaries of such Person or such Person and one or more other Subsidiaries thereof, directly or indirectly, has at least a majority ownership and power to direct the policies, management and affairs thereof.

## The Trustee and the Paying Agent

The address of the Trustee is 100 University Avenue, 11th Floor, Toronto, Ontario M5J 2Y1. The **"Place of Payment"** for the notes will be at the address of the Paying Agent, currently located at 8742 Lucent Boulevard, Suite 225, Highlands Ranch, Colorado, 80129.

## Book-Entry System

Each of the notes will be represented by one or more global notes (collectively, the **"Global Notes"**) registered in the name of The Depository Trust Company, or its nominee, as Depository (the **"Depository"**). The provisions set forth under "Description of Debt Securities — Registered Global Securities" in the accompanying base shelf prospectus will be applicable to the notes. Accordingly, beneficial interests in the notes will be shown on, and transfers thereof will be effected only through, records maintained by the Depository and its Participants

(as defined herein). Except as described under "Description of Debt Securities — Registered Global Securities" in the accompanying base shelf prospectus, owners of beneficial interests in the Global Notes will not be entitled to receive notes in definitive form and will not be considered holders of notes under the Indenture.

The Depository has advised BFI, the Company and the underwriters as follows: the Depository, the world's largest depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. The Depository holds and provides asset servicing for over 2.2 million issues of U.S. and non-U.S. equity, corporate and municipal debt issues, and money market instruments from over 100 countries that the Depository's participants ("**Direct Participants**") deposit with the Depository. The Depository also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. The Depository is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("**DTCC**"). DTCC, in turn, is owned by a number of Direct Participants of the Depository and members of the National Securities Clearing Corporation, Fixed Income Clearing Corporation and Emerging Markets Clearing Corporation (who are also subsidiaries of DTCC), as well as by the New York Stock Exchange, Inc., the American Stock Exchange LLC, and the National Association of Securities Dealers, Inc. Access to the Depository's system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("**Indirect Participants**", and together with Direct Participant, "**Participants**"). The Depository has Standard & Poor's highest rating: AAA. The Depository's Rules applicable to its Participants are on file with the SEC. More information about the Depository can be found at [www.dtcc.com](http://www.dtcc.com) and [www.dtc.org](http://www.dtc.org).

Principal and interest payments on the notes registered in the name of the Depository's nominee will be made in immediately available funds to the Depository's nominee as the registered owner of the Global Notes. Under the terms of the Indenture, BFI and the Trustee will treat the persons in whose names the notes are registered as the owners of such notes for the purpose of receiving payment of principal and interest on such notes and for all other purposes whatsoever. Therefore, neither BFI, the Company, the Trustee nor any Paying Agent for the notes has any direct responsibility or liability for the payment of principal or interest on the notes to owners of beneficial interests in the Global Notes. The Depository has advised BFI, the Company and the Trustee that its current practice is, upon receipt of any payment of principal or interest, to credit the accounts of Participants on the payment date with such payment in amounts proportionate to their respective beneficial interests in the principal amount of the Global Notes as shown in the records of the Depository, unless the Depository has reason to believe that it will not receive payment on the payment date. Payments by Direct Participants and Indirect Participants to owners of beneficial interests in the Global Notes will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of the Direct Participants or Indirect Participants, and not of the Depository, the Trustee, BFI or the Company, subject to any statutory requirements as may be in effect from time to time. Payment of principal and interest to the Depository is the responsibility of BFI or the Trustee, disbursement of such payments to Participants shall be the responsibility of the Depository, and the disbursement of such payments to the owners of beneficial interests in the Global Notes shall be the responsibility of Participants.

BFI understands that, under existing industry practice, if BFI were to request any action by the Holders or if an owner of a beneficial interest in the Global Notes were to desire to take any action that the Depository, as the registered owner of the Global Notes, is entitled to take, the Depository would authorize Participants to take such action, and that Participants would, in turn, authorize beneficial owners owning through them to take such action or would otherwise act upon the instructions of such beneficial owners.

## CERTAIN CANADIAN FEDERAL INCOME TAX CONSIDERATIONS

In the opinion of Torys LLP, counsel to BFI, and Goodmans LLP, Canadian counsel to the underwriters, the following is a general summary of the principal Canadian federal income tax considerations generally applicable under the Tax Act to a beneficial owner of notes (including entitlement to all payments thereunder) acquired hereunder who, at all relevant times, for the purposes of the Tax Act, deals at arm's length and is not affiliated with the underwriters, BFI and the Company (a "**Note Holder**").

This summary is not applicable to a Note Holder (i) that is a "financial institution" (as defined in the Tax Act for purposes of the "mark-to-market" property rules), (ii) an interest in which is a "tax shelter investment" (as defined in the Tax Act), (iii) that has elected to report its "Canadian tax results" (as defined in the Tax Act) in a functional currency in accordance with the provisions of the Tax Act or (iv) that enters into or will enter into a "derivative forward agreement" (as defined in the Tax Act) in respect of the notes. Such Note Holders should consult their own tax advisors having regard to their particular circumstances. This summary does not address the split income rules in Section 120.4 of the Tax Act. Note Holders should consult their own tax advisors in that regard.

This summary is based on the facts set out in this prospectus supplement, the current provisions of the Tax Act and the regulations thereunder (the "**Regulations**") in force at the date of this prospectus supplement, all specific proposals to amend the Tax Act and the Regulations publicly announced by or on behalf of the Minister of Finance (Canada) prior to the date hereof and counsel's understanding of the current administrative policies or assessment practices published in writing by the Canada Revenue Agency (the "**CRA**") prior to the date hereof. There can be no assurance that the proposed amendments will be implemented in their current form or at all. This summary does not otherwise take into account or anticipate any changes of law or practice, whether by judicial, governmental or legislative decision or action or changes in the administrative policies or assessment practices of the CRA, nor does it take into account tax legislation or considerations of any province, territory or foreign jurisdiction, which may differ significantly from those discussed herein.

This summary assumes that no Affiliate of BFI or the Company will be added as a Co-Obligor under the notes. Note Holders should consult with their own tax advisors with respect to the tax consequences to them of the addition of a Co-Obligor under the notes.

**This summary is of a general nature only and is not intended to be, nor should it be construed to be, legal or tax advice to any particular Note Holder and no representations with respect to the income tax consequences to any particular Note Holder are made. This summary is not exhaustive of all Canadian federal income tax considerations. Accordingly, prospective investors in notes should consult their own tax advisors with respect to their own particular circumstances.**

For purposes of the Tax Act, all amounts, including interest, adjusted cost base and proceeds of disposition, must be expressed in Canadian dollars. For purposes of the Tax Act, amounts denominated in U.S. dollars generally must be converted into Canadian dollars using the appropriate exchange rate determined in accordance with the detailed rules in the Tax Act in that regard.

### ***Residents of Canada***

The following portion of the summary is generally applicable to a Note Holder who, at all relevant times, for the purposes of the Tax Act, is or is deemed to be resident in Canada, and holds the notes as capital property (a "**Resident Note Holder**"). Generally, the notes will be considered to be capital property to a Resident Note Holder provided that the Resident Note Holder does not hold the notes in the course of carrying on a business of buying and selling securities and has not acquired them in one or more transactions considered to be an adventure or concern in the nature of trade. Certain Resident Note Holders whose notes might not otherwise qualify as capital property may be entitled to have the notes, and all other "Canadian securities" owned by the Resident Note Holder in the year and in each subsequent taxation year, deemed to be capital property by making an irrevocable election permitted by subsection 39(4) of the Tax Act. Such Resident Note Holders should consult their own tax advisors as to whether this election is available and advisable, having regard to their own particular circumstances.

### *Interest*

A Resident Note Holder that is a corporation, partnership, unit trust or any trust of which a corporation or partnership is a beneficiary will be required to include in computing its income for a taxation year any interest (or amount that is considered for the purposes of the Tax Act to be interest) on a note that accrues (or is deemed to accrue) to the Resident Note Holder to the end of the particular taxation year or that becomes receivable by or is received by the Resident Note Holder before the end of that taxation year, except to the extent that such amount was otherwise included in the Resident Note Holder's income for a preceding taxation year.

Any other Resident Note Holder, including an individual and a trust (other than a unit trust) of which neither a corporation nor a partnership is a beneficiary, will be required to include in income for a taxation year any amount received or receivable by such Resident Note Holder in that taxation year (depending upon the method regularly followed by the Resident Note Holder in computing its income) as interest (or amount that is considered for the purposes of the Tax Act to be interest) on a note, except to the extent that the interest was included in the Resident Note Holder's income for a preceding taxation year.

The notes may be issued at a discount from their face value. In such circumstances, a Resident Note Holder may be required to include an amount equal to such discount in computing income, either in accordance with the deemed interest accrual rules contained in the Tax Act and Regulations or in the taxation year in which an amount in respect of the discount is received or receivable by the Resident Note Holder. Resident Note Holders should consult their own tax advisor in these circumstances, as the treatment of the discount may vary with the facts and circumstances giving rise to the discount.

Any premium paid by BFI to a Resident Note Holder because of the redemption or purchase for cancellation by it of a note before maturity generally will be deemed to be interest received at that time by the Resident Note Holder to the extent that such premium can reasonably be considered to relate to, and does not exceed the value at the time of the redemption of or purchase for cancellation, the interest that would have been paid or payable by BFI on the note for a taxation year ending after the redemption or purchase for cancellation.

A Resident Note Holder that is a "Canadian-controlled private corporation" (as defined in the Tax Act) throughout the relevant taxation year may be liable to pay an additional refundable tax on certain investment income, including amounts of interest.

### *Disposition*

On a disposition or deemed disposition of a note, whether on redemption, purchase for cancellation or otherwise, a Resident Note Holder generally will be required to include in its income the amount of interest accrued (or deemed to accrue) to the Resident Note Holder on the note from the date of the last interest payment to the date of disposition, except to the extent that such amount has otherwise been included in the Resident Note Holder's income for the taxation year or a previous taxation year. A Resident Note Holder may also be required to include in computing income the amount of any discount received or receivable by such Resident Note Holder. A Resident Note Holder that receives repayment in full of the outstanding principal amount of a note upon maturity will be considered to have disposed of the note for proceeds of disposition equal to such outstanding principal amount. In general, a disposition or deemed disposition of a note will give rise to a capital gain (or capital loss) to the extent that the proceeds of disposition, net of any accrued interest and any other amount included in computing income and any reasonable costs of disposition, exceed (or are exceeded by) the adjusted cost base of the note to the Resident Note Holder immediately before the disposition.

One-half of the amount of any capital gain (a "**taxable capital gain**") realized by a Resident Note Holder in a taxation year generally must be included in the Resident Note Holder's income for that year, and one-half of the amount of any capital loss (an "**allowable capital loss**") realized by a Resident Note Holder in a taxation year must be deducted from taxable capital gains realized by the Resident Note Holder in that year. Allowable capital losses in excess of taxable capital gains may be carried back and deducted in any of the three preceding taxation years or carried forward and deducted in any subsequent taxation year against net taxable capital gains realized in such years to the extent and under the circumstances described in the Tax Act.

A Resident Note Holder that is a "Canadian-controlled private corporation" (as defined in the Tax Act) throughout the relevant taxation year may be liable to pay an additional refundable tax on certain investment income, including in respect of taxable capital gains.

Resident Note Holders that are individuals (other than certain trusts) may be subject to the alternative minimum tax provisions of the Tax Act in respect of realized capital gains. Such Resident Note Holders should consult their own tax advisors.

### ***Non-Residents of Canada***

The following portion of the summary is generally applicable to a Note Holder who, at all relevant times, for purposes of the Tax Act, is not, and is not deemed to be, a resident of Canada, does not use or hold and is not deemed to use or hold the notes in or in the course of carrying on business in Canada, deals at arm's length with any person resident in Canada to whom the Note Holder disposes of a note and is not a "specified shareholder" (as defined in subsection 18(5) of the Tax Act) of BFI or the Company or a person who does not deal at arm's length with such specified shareholder (a "**Non-Resident Note Holder**"). Special rules, which are not discussed below, may apply to a non-resident of Canada that is an insurer which carries on business in Canada and elsewhere. This portion of the summary assumes that no interest paid on the notes will be in respect of a debt or other obligation to pay an amount to a person with whom BFI or the Company does not deal at arm's length within the meaning of the Tax Act.

Amounts which are, or are deemed to be, interest for purposes of the Tax Act paid or credited by BFI or the Company on the notes to a Non-Resident Note Holder that deals at arm's length with BFI or the Company at the time such interest is paid or credited will not be subject to non-resident withholding tax and no non-resident withholding tax will apply to the proceeds received by a Non-Resident Note Holder on a disposition of a note, including a redemption, payment on maturity or repurchase.

Generally, no other tax on income or gains under the Tax Act will be payable by a Non-Resident Note Holder on interest, principal, premium, bonus or penalty on a note or on the proceeds received by a Non-Resident Note Holder on the disposition of a note, including a redemption, payment on maturity or repurchase.

## CERTAIN UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS

The following is a summary of certain U.S. federal income tax considerations relating to the purchase, ownership, and disposition of a note by a U.S. Holder (as defined herein) that purchases such note pursuant to this offering at the price set forth on the cover of this prospectus supplement. This summary is based on the Internal Revenue Code of 1986, as amended (the "**Code**"), administrative pronouncements, published rulings, judicial decisions, existing Treasury Regulations promulgated under the Code and interpretations of the foregoing, as in effect on the date hereof, all of which are subject to change (possibly with retroactive effect) and differing interpretations. This summary discusses only notes held as capital assets within the meaning of Section 1221 of the Code (generally, property held for investment purposes). This summary is intended for general information purposes only and does not discuss all of the tax consequences that may be relevant based on the particular circumstances of a U.S. Holder or to U.S. Holders subject to special tax rules, such as banks or other financial institutions, tax-exempt organizations, insurance companies, regulated investment companies, real estate investment trusts or other common trust funds, partnerships or other pass-through entities (and any investors thereof), certain former citizens or long-term residents of the United States, dealers or traders in securities or foreign currency, U.S. Holders subject to the alternative minimum tax, U.S. Holders whose functional currency is not United States dollars, persons required for U.S. federal income tax purposes to conform the timing of income accruals with respect to the notes to their financial statements under Section 451 of the Code, or persons that hold notes that are a hedge or that are hedged against currency risks or that are part of a straddle or conversion transaction. In addition, this summary does not address any aspects of other U.S. federal tax laws, such as estate and gift tax laws or the Medicare contribution tax on net investment income, or any applicable state, local or non-U.S. tax laws.

For purposes of this summary, a "**U.S. Holder**" is a beneficial owner of a note that, for U.S. federal income tax purposes, is (i) a citizen or individual resident of the United States; (ii) a corporation, or other entity treated as a corporation for U.S. federal income tax purposes, that is created in or organized under the laws of the United States, any State thereof, or the District of Columbia; (iii) an estate the income of which is includible in gross income for U.S. federal income tax purposes regardless of its source; or (iv) a trust if (A) a U.S. court is able to exercise primary supervision of the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust or (B) the trust has made a valid election to be treated as a U.S. person under applicable Treasury Regulations.

**If a partnership, or other entity or arrangement treated as a partnership for U.S. federal income tax purposes, owns a note, the tax treatment of a partner in the partnership will depend upon the status of the partner and the activities of the partnership. Partners in a partnership that owns a note are urged to consult their own tax advisers as to the particular U.S. federal income tax consequences applicable to them.**

This summary does not constitute, and should not be considered as, legal or tax advice to holders of notes. Prospective investors are urged to consult their own tax advisers with regard to the application of the tax considerations discussed below to their particular situations as well as the application of any state, local, non-U.S. or other tax laws, including gift and estate tax laws.

### ***Effect of Repurchase Upon a Change of Control Triggering Event***

BFI will be required to make an offer to purchase the notes at a price equal to 101% of their principal amount, plus accrued and unpaid interest to the date of repurchase upon the occurrence of a Change of Control Triggering Event. It is possible that BFI's offer to repurchase the notes at a premium could implicate the Treasury Regulations relating to "contingent payment debt instruments." If the notes were characterized as contingent payment debt instruments, U.S. Holders might, among other things, be required to accrue interest income at a rate higher than the stated interest on the notes and to treat any gain recognized on the sale, exchange, retirement, redemption or other taxable disposition of a note as ordinary income rather than as capital gain.

BFI intends to take the position that the likelihood of such repurchase of the notes at a premium is remote or incidental, and thus that the notes should not be treated as contingent payment debt instruments. BFI's determination that such a contingency is remote or incidental is binding on a U.S. Holder, unless the U.S. Holder discloses a contrary position in the manner required by applicable Treasury Regulations. BFI's

determination, however, is not binding on the U.S. Internal Revenue Service ("**IRS**"), and the IRS could challenge this determination.

The remainder of this summary assumes that BFI's determination that such a contingency is remote or incidental is correct. U.S. Holders are urged to consult their own tax advisers regarding the possible application of the special rules related to contingent payment debt instruments.

### ***Payments of Interest***

Interest (including Additional Amounts and any taxes withheld on payments of interest, if any) on a note generally will be taxable to a U.S. Holder as ordinary income at the time received or accrued, in accordance with such holder's method of accounting for U.S. federal income tax purposes.

Interest and Additional Amounts paid by BFI on the notes generally will constitute income from sources outside the United States for the purpose of calculating the foreign tax credit allowable to a U.S. Holder. For U.S. foreign tax credit purposes, interest and Additional Amounts paid by BFI generally will constitute "passive category income." The rules relating to foreign tax credits are complex, and U.S. Holders are urged to consult their own tax advisers regarding the availability of a foreign tax credit under their particular circumstances.

### ***Original Issue Discount***

It is expected, and this summary assumes, that the notes will not be issued with original issue discount ("**OID**"). If, however, the stated redemption price of a note were to exceed its issue price by more than a de minimis amount, then a U.S. Holder would be required to treat such excess amount as OID, which would be treated for U.S. federal income tax purposes as accruing over the term of the note as interest income. Thus, a U.S. Holder would be required to include OID in income in advance of the receipt of the cash to which such OID is attributable. Such U.S. Holder's adjusted tax basis in a note would be increased by the amount of any OID included in such U.S. Holder's gross income. In compliance with Treasury Regulations, if BFI determines that the notes have OID, then BFI will provide certain information to the IRS and U.S. Holders that is relevant to determining the amount of OID in each accrual period.

### ***Sale, Exchange, Redemption or Other Taxable Disposition of Notes***

Upon the sale, exchange, redemption or other taxable disposition of a note, a U.S. Holder generally will recognize gain or loss, if any, for U.S. federal income tax purposes, equal to the difference between (i) the amount realized on such sale or other taxable disposition (other than amounts received that are attributable to accrued but unpaid interest, which will be taxed as interest to the extent not previously included in income, as described above) and (ii) such U.S. Holder's adjusted tax basis in the note. A U.S. Holder's adjusted tax basis in a note generally will be the amount paid for the note, reduced by the amount of any payments on the note other than interest.

Gain or loss recognized by a U.S. Holder on a sale or other taxable disposition of the notes generally will constitute capital gain or loss and will be long-term capital gain or loss if the notes were held by such U.S. Holder for more than one year. For non-corporate U.S. Holders, the net amount of long-term capital gain generally will be subject to taxation at reduced rates. A U.S. Holder's ability to offset capital losses against ordinary income is limited. Gains recognized by a U.S. Holder on a sale or other taxable disposition of the notes generally will be treated as U.S.-source income for U.S. foreign tax credit purposes.

### ***Information Reporting and Backup Withholding***

In general, information reporting will apply to payments of interest on a note and payments of the proceeds from a sale or other taxable disposition of a note made to U.S. Holders other than certain exempt recipients (such as corporations). In addition, a U.S. Holder may be subject to backup withholding tax on such payments if such U.S. Holder does not provide a taxpayer identification number, fails to certify that such holder is not subject to backup withholding tax, or otherwise fails to comply with applicable backup withholding tax rules. Any amounts withheld under the backup withholding rules will be allowed as a credit against the U.S. Holder's U.S. federal income tax liability, provided that the required information is timely furnished to the IRS. Certain

U.S. Holders that own "specified foreign financial assets" with an aggregate value exceeding certain United States dollar thresholds may be required to include certain information with respect to such assets with their U.S. federal income tax returns. U.S. Holders are urged to consult their own tax advisers regarding the foregoing requirements with respect to the notes.

### ***Foreign Account Tax Compliance***

BFI intends to comply with certain due diligence and reporting obligations under an intergovernmental agreement between Canada and the United States relating to FATCA, as implemented by the Tax Act and applicable Canadian regulations. As a result, holders of the notes may be required to provide certain identifying information to BFI or an intermediary, and this information may be reported to the CRA and, ultimately, the IRS. Each prospective investor is urged to consult its own tax adviser regarding the implications under FATCA for an investment in notes.

**The preceding discussion of certain U.S. federal income tax consequences is for general information only and is not tax advice. Accordingly, U.S. Holders are urged to consult their own tax advisers as to the particular tax consequences to them of purchasing, owning and disposing of notes, including the applicability and effect of any federal, state, local or non-U.S. tax laws and of any proposed changes in applicable law.**

<b>Total</b>	<b>\$ 500,000,000</b>

The offering price of US\$496,565,000 (less the underwriters' fees of US\$4,375,000) will be payable in cash to the Company against delivery on or about September 28, 2020.

The underwriting agreement provides that the underwriters are obligated to purchase all of the notes if any are purchased. The underwriting agreement also provides that if an underwriter defaults, the purchase commitments of the non-defaulting underwriters may be increased or the offering of the notes may be terminated.

The obligations of the underwriters under the underwriting agreement are several and may be terminated at their discretion upon the occurrence of certain stated events. Such events include, but are not limited to: (i) the suspension of the trading in the Company's Class A Shares by the SEC, any Canadian securities regulatory authority, the NYSE or the TSX or the suspension or limitation of trading in securities generally on the NYSE or on the TSX or the establishment of minimum prices on either of such exchanges; (ii) the declaration of a banking moratorium either by U.S. federal, New York State or Canadian authorities; and (iii) the occurrence of any outbreak or the escalation of hostilities, the declaration by the U.S. or Canada of a national emergency or war, or other calamity or crisis the effect of which on financial markets is such as to make it, in the sole judgment of the Representatives, impractical or inadvisable to proceed with the offering or delivery of the notes as contemplated by this Prospectus. The distribution price of the notes was determined by negotiation between BFI, the Company and the underwriters.

The offering of the notes is being made in all the provinces of Canada and in the United States pursuant to a multijurisdictional disclosure system adopted by the United States. The notes will be offered in the United States and Canada through the underwriters either directly or through their respective U.S. or Canadian broker-dealer affiliates or agents, as applicable. No sales will be effected in any province of Canada by any underwriter not duly registered as a securities dealer under the laws of such province, other than sales effected pursuant to the exemptions from the registration requirements under the laws of such province. This offering will be made in Canada by (i) Merrill Lynch Canada Inc., a broker-dealer affiliate of BofA Securities, Inc., and (ii) Wells Fargo Securities Canada, Ltd., a broker-dealer affiliate of Wells Fargo Securities, LLC. Deutsche Bank Securities Inc., Banco Bradesco BBI S.A., BNP Paribas Securities Corp., Itau BBA USA Securities, Inc., Mizuho Securities USA LLC, MUFG Securities Americas Inc., National Bank of Canada Financial Inc., Natixis Securities

Americas LLC, Santander Investment Securities Inc. and SG Americas Securities, LLC, whom we refer to in this prospectus supplement as underwriters, will not offer the notes offered hereby in Canada.

Bradesco Securities Inc. will act as agent of Banco Bradesco BBI S.A. for sales of the notes in the United States of America. Banco Bradesco BBI S.A. is not a broker-dealer registered with the SEC, and therefore may not make sales of any notes in the United States to U.S. persons. Banco Bradesco BBI S.A. and Bradesco Securities Inc. are affiliates of Banco Bradesco S.A.

The underwriters propose to offer the notes initially at the public offering price on the cover page of this prospectus supplement and to selling group members at that price less a selling concession of 0.500% of the principal amount per note. The underwriters and selling group members may allow a discount of 0.350% of the principal amount per note on sales to other brokers/dealers. After the initial public offering, the underwriters may change the public offering price and concession and discount to brokers/dealers.

After a reasonable effort has been made to sell all of the notes at the offering price on the cover page of this prospectus supplement, the underwriters may subsequently reduce and thereafter change, from time to time, the price at which the notes are offered, provided that the notes are not at any time offered at a price greater than the offering price on the cover page of this prospectus supplement. The compensation realized by the underwriters will be decreased by the amount that the aggregate price paid by purchasers for the notes is less than the gross proceeds paid by the underwriters to BFI.

The following table shows the underwriting fees and commissions that we are to pay to the underwriters in connection with this offering (expressed as a percentage of the principal amount of the notes).

Per note	<u>Paid by BFI</u> 0.875%
----------	------------------------------

BFI estimates that its "out of pocket" expenses for this offering, including filing fees, printing fees and legal and accounting expenses, but not the underwriting fees and commissions, will be US\$650,000.

The notes are a new issue of securities with no established trading market and will not be listed on any national securities exchange. One or more of the underwriters intends to make a secondary market for the notes. However, they are not obligated to do so and may discontinue making a secondary market for the notes at any time without notice. No assurance can be given as to how liquid the trading market for the notes will be. See "Risk Factors."

In connection with the offering of the notes, the underwriters may engage in transactions that stabilize, maintain or otherwise affect the price of the notes. Specifically, the underwriters may sell a greater principal amount of notes than they are required to purchase in connection with the offering of the notes, creating a syndicate short position. In addition, the underwriters may bid for, and purchase, notes in the open market to cover syndicate short positions or to stabilize the price of the notes. Finally, the underwriting syndicate may reclaim selling concessions allowed for distributing the notes in the offering of the notes, if the syndicate repurchases previously distributed notes in syndicate covering transactions, stabilization transactions or otherwise. Any of these activities may stabilize or maintain the market price of the notes above independent market levels. None of BFI, the Company or any of the underwriters make any representations or predictions as to the direction or magnitude of any effect that the transactions described above may have on the price of the notes. The underwriters are not required to engage in any of these transactions and may end any of them at any time.

The underwriters also may impose a penalty bid. This occurs when a particular underwriter repays to the underwriters a portion of the underwriting discount received by it because the underwriters have repurchased notes sold by or for the account of such other underwriter in stabilizing or short-covering transactions.

In the underwriting agreement, BFI and the Company have agreed that they will not, without the prior written consent of the Representatives, offer, sell, contract to sell, pledge, or otherwise dispose of (or enter into any transaction which is designed to, or might reasonably be expected to, result in the disposition (whether by actual disposition or effective economic disposition due to cash settlement or otherwise) by BFI, the Company

or any affiliate of BFI, the Company or any person in privity with BFI, the Company or any affiliate of BFI or the Company), directly or indirectly, including the filing (or participation in the filing) of a registration statement with the SEC in respect of, or establish or increase a put equivalent position or liquidate or decrease a call equivalent position within the meaning of Section 16 of the Exchange Act, any debt securities issued or guaranteed by BFI or the Company (other than the notes) or publicly announce an intention to effect any such transaction, until the closing of the offering of the notes. For the avoidance of doubt, this provision shall not prohibit the incurrence of indebtedness by Brookfield under any commercial paper program or under Brookfield's revolving credit facilities in effect on the date of the underwriting agreement. BFI and the Company have agreed to indemnify the several underwriters against certain liabilities, including liabilities under the U.S. Securities Act of 1933, as amended, or contribute to payments that each underwriter may be required to make in respect thereof.

The notes offered by this Prospectus may not be offered or sold, directly or indirectly, nor may this Prospectus or any other offering material or advertisements in connection with the offer and sale of any such notes be distributed or published in any jurisdiction, except under circumstances that will result in compliance with the applicable rules and regulations of that jurisdiction. Persons into whose possession this Prospectus comes are advised to inform themselves about and to observe any restrictions relating to the offering and the distribution of this Prospectus. This Prospectus does not constitute an offer to sell, or a solicitation of an offer to buy, any notes offered by this Prospectus in any jurisdiction in which such an offer or a solicitation is unlawful.

Certain of the underwriters and their affiliates have provided in the past to us and our affiliates and may provide from time to time in the future certain commercial banking, financial advisory, investment banking and other services for us and our affiliates in the ordinary course of their business, for which they have received and may continue to receive customary fees and commissions.

In addition, from time to time, certain of the underwriters and their affiliates may effect transactions for their own account or the account of customers, and hold on behalf of themselves or their customers, long or short positions in our debt or equity securities or loans, and may do so in the future. Certain of the underwriters or their affiliates that have a lending relationship with us routinely hedge their exposure to us consistent with their customary risk management policies. Typically, such underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the notes offered hereby. Any such credit default swaps or short positions could adversely affect the future trading price of the notes offered hereby. In addition, in the ordinary course of their business activities, the underwriters and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities or instruments of ours or our affiliates. The underwriters and their affiliates may also make investment recommendations or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long or short positions in such securities and instruments.

We expect that delivery of the notes will be made against payment therefore on or about the closing date specified on the cover page of this prospectus supplement, which will be the third business day following the date of this prospectus supplement (this settlement cycle being referred to as "T+3"). Under Rule 15c6-1 under the Exchange Act, trades in the secondary market generally are required to settle in two business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade notes prior to the delivery of the notes hereunder will be required, by virtue of the fact that the notes initially will settle in T+3, to specify an alternate settlement cycle at the time of any such trade to prevent a failed settlement. Purchasers of notes who wish to trade notes prior to their date of delivery hereunder should consult their own advisor.

## **European Economic Area and the United Kingdom**

The notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("EEA") or in the United Kingdom ("the UK"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "MiFID II"); or (ii) a

Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended or superseded, the "PRIIPs Regulation") for offering or selling the notes or otherwise making them available to retail investors in the EEA or in the UK has been prepared and therefore offering or selling the notes or otherwise making them available to any retail investor in the EEA or in the UK may be unlawful under the PRIIPs Regulation. This Prospectus has been prepared on the basis that any offer of notes in any Member State of the EEA will be made pursuant to an exemption under the Prospectus Regulation from the requirement to publish a prospectus for offers of notes. This Prospectus is not a prospectus for the purposes of the Prospectus Regulation.

References to Regulations or Directives include, in relation to the UK, those Regulations or Directives as they form part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 or have been implemented in UK domestic law, as appropriate.

The above selling restriction is in addition to any other selling restrictions set out below.

defined in the Securities and Futures Ordinance and any rules made under that Ordinance. The contents of this document have not been reviewed by any regulatory authority in Hong Kong. ### **Notice to Prospective Investors in Singapore**

This prospectus supplement has not been registered as a prospectus with the Monetary Authority of Singapore. Accordingly, this prospectus supplement and any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of the notes may not be circulated or distributed, nor may the notes be offered or sold, or be made the subject of an invitation for subscription or purchase, whether directly or indirectly, to persons in Singapore other than (i) to an institutional investor under Section 274 of the Securities and Futures Act, Chapter 289 of Singapore (the "SFA"), (ii) to a relevant person, or any person pursuant to Section 275(1A), and in accordance with the conditions, specified in Section 275 of the SFA, or (iii) otherwise pursuant to, and in accordance with the conditions of, any other applicable provision of the SFA. Where the notes are subscribed or purchased under Section 275 by a relevant person which is: (i) a corporation (which is not an accredited investor) the sole business of which is to hold investments and the entire share capital of which is owned by one or more individuals, each of whom is an accredited investor; or (ii) a trust (where the trustee is not an accredited investor) whose sole purpose is to hold investments and each beneficiary is an accredited investor, shares, debentures and units of shares and debentures of that corporation or the beneficiaries' rights and interest in that trust shall not be transferable for 6 months after that corporation or that trust has acquired the notes under Section 275 except: (1) to an institutional investor under Section 274 of the SFA or to a relevant person, or any person pursuant to Section 275(1A), and in accordance with the conditions, specified in Section 275 of the SFA; (2) where no consideration is given for the transfer; or (3) by operation of law. Singapore Securities and Futures Act Product Classification — Solely for the purposes of its obligations pursuant to sections 309B(1)(a) and 309B(1)(c) of the SFA, BFI has determined, and hereby notifies all relevant persons (as defined in Section 309A of the SFA) that the notes are "prescribed capital markets products" (as defined in the Securities and Futures (Capital Markets Products) Regulations 2018) and "Excluded Investment Products" (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).

## CREDIT RATINGS

The notes are expected to be rated Baa1 (stable) by Moody's Investors Service, Inc. ("Moody's"), A- (stable) by S&P Global Ratings, acting through S&P Global Ratings Services (Canada), a business unit of S&P Global Canada Corp. ("S&P"), A- (stable) by Fitch Ratings, Inc. ("Fitch") and A (low) (stable) by DBRS Limited ("DBRS", and together with Moody's, S&P and Fitch, the "Credit Rating Agencies").

Moody's credit ratings are on a long-term debt rating scale that ranges from Aaa to C, which represents the range from highest to lowest quality of such securities rated. According to the Moody's rating system, obligations rated "Baa" are judged to be medium-grade and subject to moderate credit risk and as such may possess certain speculative characteristics. Moody's appends numerical modifiers 1, 2 and 3 in each generic rating classification from Aa through Caa in its global long-term rating system. The modifier 1 indicates that the obligation ranks in the higher end of its generic rating category, the modifier 2 indicates a mid-range ranking and the modifier 3 indicates that the obligation ranks in the lower end of its generic rating category.

S&P's credit ratings are on a long-term debt rating scale that ranges from AAA to D, which represents the range from highest to lowest quality of such securities rated. According to the S&P rating system, an obligation rated "A" is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than obligations in higher-rated categories. However, the obligor's capacity to meet its financial commitments on the obligation is still strong. The ratings from AA to CCC may be modified by the addition of a plus (+) or minus (-) sign to show relative standing within the major rating categories.

Fitch rates long-term obligations with ratings of "AAA", which represents the highest rating, to "C", which represents the lowest, with "RD" and "D" for issues in payment default. To show relative rankings within these categories, Fitch may modify them by the addition of a plus "(+)" or minus "(-)". The "A" rating category is the third highest used by Fitch and denotes "high credit quality". "A" ratings denote expectations of low credit risk and indicates very strong capacity for payment of financial commitments. This capacity is not significantly vulnerable to foreseeable events.

DBRS' credit ratings are on a long-term debt rating scale that ranges from AAA to D, which represents the range from highest to lowest quality of such securities rated. According to the DBRS rating system, an obligation rated "A" is good credit quality. The capacity for the payment of financial obligations is substantial, but of lesser credit quality than AA. The obligor may be vulnerable to future events, but qualifying negative factors are considered manageable. The ratings from AA to C contain subcategories (high) or (low) to show relative standing within the categories. The absence of either a (high) or (low) designation indicates the rating is in the middle of the category.

Credit ratings are intended to provide investors with an independent assessment of the credit quality of an issue or issuer of securities and do not speak to the suitability of particular securities for any particular investor. The credit ratings assigned to the notes may not reflect the potential impact of all risks on the value of the notes. A rating is therefore not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal at any time by the Credit Rating Agencies. Prospective investors should consult the relevant Credit Rating Agency with respect to the interpretation and implications of the ratings.

BFI has paid customary rating fees to the Credit Rating Agencies in connection with the above-mentioned ratings and will pay customary rating fees to the Credit Rating Agencies in connection with the confirmation of such ratings for purposes of this offering. In addition, the Company has made customary payments in respect of certain other services provided to the Company by each of the Credit Rating Agencies during the last two years.

## PRIOR SALES

## LEGAL MATTERS

The validity of the notes being offered hereby will be passed upon for the Company and BFI by Torys LLP of Toronto, Ontario, and New York, New York, with respect to certain matters of Canadian law and of United States law, and for the underwriters by Skadden, Arps, Slate, Meagher & Flom LLP of Toronto, Ontario, with respect to certain matters of United States law and Goodmans LLP of Toronto, Ontario, with respect to certain matters of Canadian law. As at September 22, 2020, the partners and associates of each of Torys LLP and Goodmans LLP owned beneficially as a group, directly or indirectly, less than 1% of our outstanding shares.

## ELIGIBILITY FOR INVESTMENT

In the opinion of Torys LLP and Goodmans LLP, the notes, if acquired on the date hereof, would at that time be "qualified investments" under the Tax Act and the Regulations for a trust governed by a registered retirement savings plan ("**RRSP**"), registered retirement income fund ("**RRIF**"), registered education savings plan ("**RESP**"), registered disability savings plan ("**RDSP**"), tax-free savings account ("**TFSA**") or deferred profit sharing plan, other than a deferred profit sharing plan to which contributions are made by BFI or by an employer with which BFI does not deal at arm's length for purposes of the Tax Act.

Notwithstanding the foregoing, a holder of a TFSA or an RDSP, a subscriber of an RESP or an annuitant under an RRSP or RRIF, as the case may be, will be subject to a penalty tax if the notes are a "prohibited investment" (as defined in the Tax Act) for the TFSA, RDSP, RESP, RRSP or RRIF. The notes generally will not be a "prohibited investment" on the date hereof if the holder of the TFSA or RDSP, the subscriber of the RESP or the annuitant under the RRSP or RRIF, as applicable: (i) deals at arm's length for the purposes of the Tax Act with BFI and (ii) does not have a "significant interest" (as defined in the Tax Act for purposes of the "prohibited investment" rules) in BFI. Investors who intend to hold the notes in a TFSA, RDSP, RESP, RRSP or RRIF should consult their own tax advisors regarding the application of the foregoing "prohibited investment" rules having regard to their particular circumstances.

## **DESCRIPTION OF THE PREFERENCE SHARES**

The following description sets forth certain general terms and provisions of the Preference Shares. The particular terms and provisions of a series of Preference Shares offered by a Prospectus Supplement, and the extent to which the general terms and provisions described below may apply thereto, will be described in such Prospectus Supplement.

### **Series**

The Preference Shares may be issued from time to time in one or more series. The board of directors of the Company will fix the number of shares in each series and the provisions attached to each series before issue.

### **Priority**

The Preference Shares rank senior to the Class AA Preference Shares, the Class A Shares, the Class B Shares and other shares ranking junior to the Preference Shares with respect to priority in the payment of dividends and in the distribution of assets in the event of the liquidation, dissolution or winding-up of the Company, whether voluntary or involuntary, or in the event of any other distribution of assets of the Company among its shareholders for the purpose of winding-up its affairs. Each series of Preference Shares ranks on a parity with every other series of Preference Shares with respect to priority in the payment of dividends and in the distribution of assets in the event of the liquidation, dissolution or winding-up of the Company, whether voluntary or involuntary, or in the event of any other distribution of assets of the Company among its shareholders for the purpose of winding-up its affairs.

### **Shareholder Approvals**

The Company shall not delete or vary any preference, right, condition, restriction, limitation or prohibition attaching to the Preference Shares as a class or create preference shares ranking in priority to or on parity with the Preference Shares except by special resolution passed by at least  $66\frac{2}{3}\%$  of the votes cast at a meeting of the holders of the Preference Shares duly called for that purpose, in accordance with the provisions of the articles of the Company. Each holder of Preference Shares entitled to vote at a class meeting of holders of Preference Shares, or at a joint meeting of the holders of two or more series of Preference Shares, has one vote in respect of each C\$25.00 of the issue price of each Preference Share held by such holder.

## DESCRIPTION OF THE CLASS A SHARES

The following description sets forth certain general terms and provisions of the Class A Shares. The particular terms and provisions of Class A Shares offered by a Prospectus Supplement, and the extent to which the general terms and provisions described below may apply thereto, will be described in such Prospectus Supplement.

### Dividend Rights and Rights Upon Dissolution or Winding-Up

The Class A Shares rank on parity with the Class B Shares and rank after the Class A Preference Shares, the Class AA Preference Shares and any other senior-ranking shares outstanding from time to time with respect to the payment of dividends (if, as and when declared by the board of directors of the Company) and return of capital on the liquidation, dissolution or winding-up of the Company or any other distribution of the assets of the Company among its shareholders for the purpose of winding up its affairs.

### Voting Rights

Except as set out below under "— Election of Directors", each holder of a Class A Share and Class B Shares is entitled to notice of, and to attend and vote at, all meetings of the Company's shareholders (except meetings at which only holders of another specified class or series of shares are entitled to vote) and is entitled to cast one vote per share held, which results in the Class A Shares and Class B Shares each controlling 50% of the aggregate voting rights of the Company. Subject to applicable law and in addition to any other required shareholder approvals, all matters approved by shareholders (other than the election of directors), must be approved by: (i) a majority or, in the case of matters that require approval by a special resolution of shareholders, at least  $66\frac{2}{3}\%$ , of the votes cast by holders of Class A Shares who vote in respect of the resolution or special resolution, as the case may be, and (ii) a majority or, in the case of matters that require approval by a special resolution of shareholders, at least  $66\frac{2}{3}\%$ , of the votes cast by holders of Class B Shares who vote in respect of the resolution or special resolution, as the case may be.

### Election of Directors

In the election of directors, holders of Class A Shares, together, in certain circumstances, with the holders of certain series of Class A Preference Shares, are entitled to elect one-half of the board of directors of the Company, provided that if the holders of Class A Preference Shares, Series 2 become entitled to elect two or three directors, as the case may be, the numbers of directors to be elected by holders of Class A Shares, together, in certain circumstances with the holders of Class A Preference Shares, shall be reduced by the number of directors to be elected by holders of Class A Preference Shares, Series 2. Holders of Class B Shares are entitled to elect the other one-half of the board of directors of the Company.

Each holder of Class A Shares has the right to cast a number of votes equal to the number of Class A Shares held by the holder multiplied by the number of directors to be elected by the holder and the holders of shares of the classes or series of shares entitled to vote with the holder of Class A Shares in the election of directors. A holder of Class A Shares may cast all such votes in favour of one candidate or distribute such votes among its candidates in any manner the holder of Class A Shares sees fit. Where a holder of Class A Shares has voted for more than one candidate without specifying the distribution of votes among such candidates, the holder of Class A Shares will be deemed to have divided the holder's votes equally among the candidates for whom the holder of Class A Shares voted.

The following description sets forth certain general terms and provisions of the Debt Securities. The BAM Debt Securities will be issued under an indenture dated as of September 20, 1995, as amended, restated, supplemented or replaced from time to time, (the "**BAM Indenture**") between the Company, as issuer,

and Computershare Trust Company of Canada (formerly, Montreal Trust Company of Canada) ("**Computershare**"), as trustee (the "**BAM Trustee**"). The BFI Debt Securities will be issued under an indenture dated as of June 2, 2016, as amended, restated, supplemented or replaced from time to time, (the "**BFI Indenture**") between BFI, as issuer, the Company, as guarantor, and Computershare, as trustee (the "**BFI Trustee**"). The US LLC Debt Securities will be issued under an indenture (the "**US LLC Indenture**") and together with the BAM Indenture and the BFI Indenture, the "**Indentures**" and each an "**Indenture**") to be entered into between US LLC, as issuer, the Company, as guarantor, Computershare Trust Company, N.A., as U.S. trustee, and Computershare, as Canadian trustee (together, the "**US LLC Trustees**"). The BAM Indenture and the BFI Indenture are subject to the provisions of the *Business Corporations Act* (Ontario) and, consequently, are exempt from the operation of certain provisions of the *Trust Indenture Act of 1939* pursuant to Rule 4d-9 thereunder. The US LLC Indenture is subject to the *Trust Indenture Act of 1939*. Copies of the BAM Indenture and the BFI Indenture and a copy of the form of the US LLC Indenture have been filed with the Commission as exhibits to the Registration Statement. The BAM Indenture is also available on the Company's SEDAR profile at [www.sedar.com](http://www.sedar.com) and the BFI Indenture is available on BFI's SEDAR profile at [www.sedar.com](http://www.sedar.com).

The following statements with respect to the Indentures and the Debt Securities issued thereunder are brief summaries of certain provisions of the Indentures and do not purport to be complete; such statements are subject to the detailed referenced provisions of the applicable Indenture, including the definition of capitalized terms used under this caption. Wherever a particular section or defined term of an Indenture is referred to, the statement is qualified in its entirety by such section or term. References to the "**Issuer**" and "**Indenture Securities**" refer to the Company, BFI or US LLC, as issuer, and the Debt Securities issued by it under the BAM Indenture, the BFI Indenture or the US LLC Indenture, respectively. References to the "**Trustee**" or "**Trustees**" and any particular Indenture or Debt Securities refer to the BAM Trustee, the BFI Trustee or the US LLC Trustees, as trustee or trustees under the applicable Indenture.

## General

The Indentures do not limit the aggregate principal amount of Indenture Securities (which may include debentures, notes and other unsecured evidences of indebtedness) which may be issued thereunder, and Indenture Securities may be issued under each Indenture from time to time in one or more series and may be denominated and payable in foreign currencies or units based on or relating to foreign currencies, including European currency units. Special Canadian and United States federal income tax considerations applicable to any Indenture Securities so denominated will be described in the Prospectus Supplement relating thereto. Unless otherwise indicated in the applicable Prospectus Supplement, each Indenture permits the Company, BFI or US LLC, as applicable, to increase the principal amount of any series of Indenture Securities previously issued by it and to issue such increased principal amount. (Section 301 of the BAM Indenture, Section 3.1 of the BFI Indenture and Section 3.1 of the US LLC Indenture.) In the case of additional Debt Securities of a series under the US LLC Indenture, issued after the date of original issuance of Debt Securities of such series, if they are not fungible with the original Debt Securities of such series for U.S. federal income tax purposes, then such additional Debt Securities will be issued with a separate CUSIP or ISIN number so that they are distinguishable from the original Debt Securities of such series.

All Debt Securities issued by BFI and US LLC will be fully and unconditionally guaranteed by the Company.

The applicable Prospectus Supplement will set forth the following terms relating to the particular offered Debt Securities: (1) the specific designation of the offered Debt Securities and the Indenture under which they are issued; (2) any limit on the aggregate principal amount of the offered Debt Securities; (3) the date or dates, if any, on which the offered Debt Securities will mature and the portion (if less than all of the principal amount) of the offered Debt Securities to be payable upon declaration of acceleration of maturity; (4) the rate or rates per annum (which may be fixed or variable) at which the offered Debt Securities will bear interest, if any, the date or dates from which any such interest will accrue and on which any such interest will be payable and the Regular Record Dates for any interest payable on the offered Debt Securities which are in registered form ("**Registered Debt Securities**"); (5) any mandatory or optional redemption or sinking fund provisions, including the period or periods within which the price or prices at which and the terms and conditions upon which the

offered Debt Securities may be redeemed or purchased at the option of the Issuer or otherwise; (6) whether the offered Debt Securities will be issuable in registered form or bearer form or both and, if issuable in bearer form, the restrictions as to the offer, sale and delivery of the offered Debt Securities in bearer form and as to exchanges between registered and bearer form; (7) whether the offered Debt Securities will be issuable in the form of one or more registered global securities ("**Registered Global Securities**") and, if so, the identity of the Depositary for such Registered Global Securities; (8) the denominations in which any of the offered Debt Securities will be issuable if in other than denominations of \$1,000 and any multiple thereof; (9) each office or agency where the principal of, and any premium and interest on, the offered Debt Securities will be payable and each office or agency where the offered Debt Securities may be presented for registration of transfer or exchange; (10) if other than U.S. dollars, the foreign currency or the units based on or relating to foreign currencies in which the offered Debt Securities are denominated and/or in which the payment of the principal of, and any premium and interest on, the offered Debt Securities will or may be payable; (11) in the case of the US LLC Indenture, any applicable terms or conditions related to the addition of any co-obligor or additional guarantor in respect of any or all series of Debt Securities; and (12) any other terms of the offered Debt Securities, including covenants and additional Events of Default. Special Canadian and United States federal income tax considerations applicable to the offered Debt Securities, the amount of principal thereof and any premium and interest thereon will be described in the Prospectus Supplement relating thereto. Unless otherwise indicated in the applicable Prospectus Supplement, no Indenture affords the Holders the right to tender Indenture Securities to the Issuer for repurchase, or provides for any increase in the rate or rates of interest per annum at which the Indenture Securities will bear interest, in the event the Company, BFI or US LLC should become involved in a highly leveraged transaction or in the event of a change in control of the Company, BFI or US LLC. (Section 301 of the BAM Indenture, Section 3.1 of the BFI Indenture and Section 3.1 of the US LLC Indenture.)

Indenture Securities may be issued bearing no interest or interest at a rate below the prevailing market rate at the time of issuance, to be offered and sold at a discount below their stated principal amount. The Canadian and United States federal income tax consequences and other special considerations applicable to any such discounted Indenture Securities or other Indenture Securities offered and sold at par which are treated as having been issued at a discount for Canadian and/or United States federal income tax purposes will be described in the Prospectus Supplement relating thereto. (Section 301 of the BAM Indenture, Section 3.1 of the BFI Indenture and Section 3.1 of the US LLC Indenture.)

The Indenture Securities issued pursuant to any Indenture and any coupons appertaining thereto will be unsecured and will rank *pari passu* with each other and with all other unsecured and unsubordinated indebtedness for borrowed money of the Issuer and the Company. (Section 301 of the BAM Indenture, Section 3.1 of the BFI Indenture and Section 3.1 of the US LLC Indenture.)

The Company's guarantee of the Indenture Securities issued by BFI and US LLC will be unsecured and will rank *pari passu* with all other unsecured and unsubordinated indebtedness of the Company, including the Company's obligations under the Indenture Securities issued under the BAM Indenture.

## **Form, Denomination, Exchange and Transfer**

Unless otherwise indicated in the applicable Prospectus Supplement, Indenture Securities will be issued only in fully registered form without coupons and in denominations of \$1,000 or any integral multiple thereof. (Section 302 of the BAM Indenture, Section 3.2 of the BFI Indenture and Section 3.2 of the US LLC Indenture.) Indenture Securities may be presented for exchange and Registered Debt Securities may be presented for registration of transfer in the manner, at the places and, subject to the restrictions set forth in the applicable Indenture and in the applicable Prospectus Supplement, without service charge, but upon payment of any taxes or the governmental charges due in connection therewith. The Company has appointed the BAM Trustee as Security Registrar under the BAM Indenture, BFI has appointed the BFI Trustee as Security Registrar under the BFI Indenture and either US LLC Trustee shall act as Security Registrar under the US LLC Indenture. (Section 305 of the BAM Indenture, Section 3.5 of the BFI Indenture and Section 3.5 of the US LLC Indenture.)

## Payment

Unless otherwise indicated in the applicable Prospectus Supplement, payment of the principal of, and any premium and interest on, Registered Debt Securities (other than a Registered Global Security) will be made at the office or agency of the applicable Trustee, in its capacity as paying agent, in Toronto, Canada (in the case of the BAM Indenture) or New York, New York (in the case of the BFI Indenture and the US LLC Indenture), except that, at the option of the particular Issuer, payment of any interest may be made (i) by check mailed to the address of the Person entitled thereto at such address as shall appear in the applicable Security Register or (ii) by wire transfer to an account maintained by the Person entitled thereto as specified in the applicable Security Register. (Sections 305, 307 and 1002 of the BAM Indenture, Sections 3.5, 3.7 and 11.2 of the BFI Indenture and Sections 3.5, 3.7 and 11.2 of the US LLC Indenture.) Unless otherwise indicated in the applicable Prospectus Supplement, payment of any interest due on Registered Debt Securities will be made to the Persons in whose name such Registered Debt Securities are registered at the close of business on the Regular Record Date for such interest payment. (Section 307 of the BAM Indenture, Section 3.7 of the BFI Indenture and Section 3.7 of the US LLC Indenture.)

## Registered Global Securities

The Registered Debt Securities of a particular series may be issued in the form of one or more Registered Global Securities which will be registered in the name of, and deposited with, one or more Depositories or nominees, each of which will be identified in the Prospectus Supplement relating to such series. Unless and until exchanged, in whole or in part, for Indenture Securities in definitive registered form, a Registered Global Security may not be transferred except as a whole by the Depository for such Registered Global Security to a nominee of such Depository, by a nominee of such Depository to such Depository or another nominee of such Depository or by such Depository or any such nominee to a successor of such Depository or a nominee of such successor. (Section 305 of the BAM Indenture, Section 3.5 of the BFI Indenture and Section 3.5 of the US LLC Indenture.)

The specific terms of the depositary arrangement with respect to any portion of a particular series of Indenture Securities to be represented by a Registered Global Security will be described in the Prospectus Supplement relating to such series. We anticipate that the following provisions will apply to all depositary arrangements.

Upon the issuance of a Registered Global Security, the Depository therefor or its nominee will credit, on its book entry and registration system, the respective principal amounts of the Indenture Securities represented by such Registered Global Security to the accounts of such persons having accounts with such Depository or its nominee ("**participants**") as shall be designated by the underwriters, investment dealers or agents participating in the distribution of such Indenture Securities or by the particular Issuer if such Indenture Securities are offered and sold directly by the Issuer. Ownership of beneficial interests in a Registered Global Security will be limited to participants or persons that may hold beneficial interests through participants. Ownership of beneficial interests in a Registered Global Security will be shown on, and the transfer of such ownership will be effected only through, records maintained by the Depository therefor or its nominee (with respect to beneficial interests of participants) or by participants or persons that hold through participants (with respect to interests of persons other than participants). The laws of some states in the United States require certain purchasers of securities to take physical delivery thereof in definitive form. Such depositary arrangements and such laws may impair the ability to transfer beneficial interests in a Registered Global Security.

So long as the Depository for a Registered Global Security or its nominee is the registered owner thereof, such Depository or such nominee, as the case may be, will be considered the sole owner or Holder of the Indenture Securities represented by such Registered Global Security for all purposes under the applicable Indenture. Except as provided below, owners of beneficial interests in a Registered Global Security will not be entitled to have Indenture Securities of the series represented by such Registered Global Security registered in their names, will not receive or be entitled to receive physical delivery of Indenture Securities of such series in definitive form and will not be considered the owners or Holders thereof under the applicable Indenture.

Principal, premium, if any, and interest payments on a Registered Global Security registered in the name of a Depository or its nominee will be made to such Depository or nominee, as the case may be, as the registered

owner of such Registered Global Security. None of the particular Issuer or Trustee or any paying agent for Indenture Securities of the series represented by such Registered Global Security will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial interests in such Registered Global Security or for maintaining, supervising or reviewing any records relating to such beneficial interests.

We expect that the Depositary for a Registered Global Security or its nominee, upon receipt of any payment of principal, premium or interest, will immediately credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of such Registered Global Security as shown on the records of such Depositary or its nominee. We also expect that payments by participants to owners of beneficial interests in a Registered Global Security held through such participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers registered in "street name", and will be the responsibility of such participants.

No Registered Global Security may be exchanged in whole or in part for Securities registered, and no transfer of a Registered Global Security in whole or in part may be registered, in the name of any Person other than the Depositary for such Registered Global Security or a nominee thereof unless (A) such Depositary (i) has notified the particular Issuer that it is unwilling or unable to continue as Depositary for such Registered Global Security or (ii) has ceased to be a clearing agency registered under the Exchange Act, and a successor securities Depositary is not obtained, (B) there shall have occurred and be continuing an Event of Default with respect to such Registered Global Security, (C) the particular Issuer determines, in its sole discretion, that the Securities of such series shall no longer be represented by such Registered Global Security and executes and delivers to the applicable Trustee(s) an Issuer order that such Registered Global Security shall be so exchangeable and the transfer thereof so registerable or (D) there shall exist such circumstances, if any, in addition to or in lieu of the foregoing as have been specified for this purpose as contemplated in the applicable Indenture. (Section 305 of the BAM Indenture, Section 3.5.2 of the BFI Indenture and Section 3.5.2 of the US LLC Indenture.)

### **Consolidation, Merger, Amalgamation and Sale of Assets**

The Company shall not enter into any transaction (whether by way of reorganization, reconstruction, consolidation, amalgamation, merger, transfer, sale or otherwise) whereby all or substantially all of its undertaking, property and assets would become the property of any other Person (the "**Successor Corporation**") unless: (a) the Company and the Successor Corporation shall execute, prior to or contemporaneously with the consummation of such transaction, such instruments and do such things as, in the opinion of counsel, shall be necessary or advisable to establish that, upon the consummation of such transaction, (i) the Successor Corporation will have assumed all the covenants and obligations of the Company under each Indenture in respect of the Indenture Securities of every series issued thereunder, and (ii) the obligations of the Company under and in respect of the Indenture Securities of every series issued under each Indenture will be valid and binding obligations of the Successor Corporation entitling the Holders thereof, as against the Successor Corporation, to all the rights of Holders of Indenture Securities thereunder; and (b) such transaction shall be on such terms and shall be carried out at such times and otherwise in such manner as shall not be prejudicial to the interests of the Holders of the Indenture Securities of each and every series or to the rights and powers of the Trustees under the Indentures; provided, however, that such restrictions are not applicable to any sale or transfer by the Company to any one or more of its subsidiaries. (Section 801 of the BAM Indenture, Section 9.1 of the BFI Indenture and Section 9.1 of the US LLC Indenture.)

Pursuant to the BFI Indenture, BFI shall not enter into any transaction (whether by way of reorganization, reconstruction, consolidation, amalgamation, merger, transfer, sale or otherwise) whereby all or substantially all of its undertaking, property and assets would become the property of any other Person (the "**BFI Successor**") unless: (a) BFI, the BFI Successor and the Company shall execute, prior to or contemporaneously with the consummation of such transaction, such instruments and do such things as, in the opinion of counsel, shall be necessary or advisable to establish that, upon the consummation of such transaction, (i) the BFI Successor will have assumed all the covenants and obligations of BFI under the BFI Indenture in respect of the Indenture Securities of every series issued thereunder, (ii) the Indenture Securities of every series issued by BFI will be valid and binding obligations of the BFI Successor, entitling the Holders thereof, as against the BFI Successor, to all the rights of Holders of Indenture Securities under the BFI Indenture, and (iii) the guarantee obligations

of the Company in respect of the Indenture Securities of every series issued under the BFI Indenture continue in full force and effect; and (b) such transaction shall be on such terms and shall be carried out at such times and otherwise in such manner as shall not be prejudicial to the interests of the Holders of the Indenture Securities issued by BFI of each and every series or to the rights and powers of the BFI Trustee under the BFI Indenture; provided, however, that such restrictions are not applicable to any sale or transfer by BFI or the Company to any one or more of their subsidiaries. (Section 9.1 of the BFI Indenture.)

Pursuant to the US LLC Indenture, US LLC shall not enter into any transaction (whether by way of reorganization, reconstruction, consolidation, amalgamation, merger, transfer, sale or otherwise) whereby all or substantially all of its undertaking, property and assets would become the property of any other Person (the "**US LLC Successor**") unless: (a) US LLC, the US LLC Successor and the Company shall execute, prior to or contemporaneously with the consummation of such transaction, such instruments and do such things as, in the opinion of counsel, shall be necessary or advisable to establish that, upon the consummation of such transaction, (i) the US LLC Successor will have assumed all the covenants and obligations of US LLC under the US LLC Indenture in respect of the Indenture Securities of every series issued thereunder, (ii) the Indenture Securities of every series issued by US LLC will be valid and binding obligations of the US LLC Successor, entitling the Holders thereof, as against the US LLC Successor, to all the rights of Holders of Indenture Securities under the US LLC Indenture, and (iii) the guarantee obligations of the Company in respect of the Indenture Securities of every series issued under the US LLC Indenture continue in full force and effect; and (b) such transaction shall be on such terms and shall be carried out at such times and otherwise in such manner as shall not be prejudicial to the interests of the Holders of the Indenture Securities issued by US LLC of each and every series or to the rights and powers of the US LLC Trustees under the US LLC Indenture; provided, however, that such restrictions are not applicable to any sale or transfer by US LLC or the Company to any one or more of their subsidiaries. (Section 9.1 of the US LLC Indenture.)

## Events of Default

Unless otherwise indicated in any Prospectus Supplement, each of the following will constitute an Event of Default under the BAM Indenture with respect to Indenture Securities of any series issued by the Company thereunder: (a) failure to pay principal of, or any premium on, any Indenture Security of that series when due; (b) failure to pay any interest on any Indenture Securities of that series when due, which failure continues for 30 days; (c) default in the payment of principal and interest on any Indenture Security required to be purchased pursuant to an Offer to Purchase required to be made pursuant to the terms of the Indenture Securities of such series; (d) failure to deposit any sinking fund payment, when due, in respect of any Indenture Security of that series; (e) failure to perform any other covenant of the Company in the BAM Indenture (other than a covenant included in the BAM Indenture solely for the benefit of a series other than that series), which failure continues for 60 days after written notice has been given by the BAM Trustee or the Holders of at least 25% in aggregate principal amount of Outstanding Securities of that series, as provided in the BAM Indenture; (f) failure by the Company to make any payment of principal of, or interest on, any obligation for borrowed money (other than an obligation payable on demand or maturing less than 12 months from the creation or issue thereof) when due or within any originally stated applicable grace period having an outstanding principal amount in excess of 5% of the Company's Consolidated Net Worth in the aggregate at the time of default or any failure in the performance of any other covenant of the Company contained in any instrument under which such obligations are created or issued and if the holders thereof, or a trustee, if any, for such holders declare such obligations to be due and payable prior to the stated maturities thereof, provided that if such default is waived by such holders or trustee, then the Event of Default under the BAM Indenture shall be deemed to be waived without further action on the part of the BAM Trustee or the Holders; (g) certain events of bankruptcy, insolvency or reorganization affecting the Company; and (h) any other Events of Default provided with respect to the Indenture Securities of such series, as described in the applicable Prospectus Supplement. (Section 501 of the BAM Indenture.)

Unless otherwise indicated in any Prospectus Supplement, each of the following will constitute an Event of Default under the BFI Indenture with respect to Indenture Securities of any series issued by BFI: (a) failure to pay principal of, or any premium on, any Indenture Security of that series when due; (b) failure to pay any interest on any Indenture Securities of that series when due, which failure continues for 30 days; (c) default in the payment of principal and interest on any Indenture Security required to be purchased pursuant to an Offer

to Purchase made pursuant to the terms of the Indenture Securities of such series; (d) failure to deposit any sinking fund payment, when due, in respect of any Indenture Security of that series; (e) failure to perform any other covenant of BFI or the Company in the BFI Indenture (other than a covenant included in the BFI Indenture solely for the benefit of a series other than that series), which failure continues for 60 days after written notice has been given by the BFI Trustee or the Holders of at least 25% in aggregate principal amount of Outstanding Securities of that series, as provided in the BFI Indenture; (f) the Company's guarantee of all obligations related to that series shall, for any reason, cease to be, or the Company shall assert in writing to the BFI Trustee or the Holders thereof that such guarantee is not in full force and effect and enforceable against the Company in accordance with its terms; (g) failure by the Company to make any payment of principal of, or interest on, any obligation for borrowed money (other than an obligation payable on demand or maturing less than 12 months from the creation or issue thereof) when due or within any originally stated applicable grace period having an outstanding principal amount in excess of 5% of the Company's Consolidated Net Worth in the aggregate at the time of default or any failure in the performance of any other covenant of the Company contained in any instrument under which such obligations are created or issued and if the holders thereof, or a trustee, if any, for such holders declare such obligations to be due and payable prior to the stated maturities thereof, provided that if such default is waived by such holders or trustee, then the Event of Default under the BFI Indenture shall be deemed to be waived without further action on the part of the BFI Trustee or the Holders; (h) certain events of bankruptcy, insolvency or reorganization affecting the Company or BFI; and (i) any other Events of Default provided with respect to the Indenture Securities of such series, as described in the applicable Prospectus Supplement. (Section 6.1 of the BFI Indenture.)

Unless otherwise indicated in any Prospectus Supplement, each of the following will constitute an Event of Default under the US LLC Indenture with respect to Indenture Securities of any series issued by US LLC: (a) failure to pay principal of, or any premium on, any Indenture Security of that series when due; (b) failure to pay any interest on any Indenture Securities of that series when due, which failure continues for 30 days; (c) default in the payment of principal and interest on any Indenture Security required to be purchased pursuant to an Offer to Purchase made pursuant to the terms of the Indenture Securities of such series; (d) failure to deposit any sinking fund payment, when due, in respect of any Indenture Security of that series; (e) failure to perform any other covenant of US LLC or the Company in the US LLC Indenture (other than a covenant included in the US LLC Indenture solely for the benefit of a series other than that series), which failure continues for 60 days after written notice has been given by the US LLC Trustees or the Holders of at least 25% in aggregate principal amount of Outstanding Securities of that series, as provided in the US LLC Indenture; (f) the Company's guarantee of all obligations related to that series shall, for any reason, cease to be, or the Company shall assert in writing to the US LLC Trustees or the Holders thereof that such guarantee is not in full force and effect and enforceable against the Company in accordance with its terms; (g) certain events of bankruptcy, insolvency or reorganization affecting the Company or US LLC; and (h) any other Events of Default provided with respect to the Indenture Securities of such series, as described in the applicable Prospectus Supplement. (Section 6.1 of the US LLC Indenture.)

If an Event of Default (other than an Event of Default related to certain events of bankruptcy, insolvency or reorganization affecting the Company, BFI or US LLC) with respect to the Indenture Securities of any series at the time outstanding shall occur and be continuing either the applicable Trustee(s) or the Holders of at least 25% in aggregate principal amount of Outstanding Securities of that series by notice, as provided in the applicable Indenture, may declare the principal amount of the Indenture Securities of that series to be due and payable immediately. If an Event of Default related to certain events of bankruptcy, insolvency or reorganization affecting the Company, BFI or US LLC occurs with respect to the Indenture Securities of any series at the time outstanding, the principal amount of all the Indenture Securities of that series will automatically, and without any action by the applicable Trustee or any Holder, become immediately due and payable. After any such acceleration, but before a judgment or decree based on acceleration, the Holders of a majority in aggregate principal amount of the Outstanding Securities of that series may, under certain circumstances, rescind and annul such acceleration if all Events of Default, other than the non-payment of accelerated principal (or other specified amount), have been cured or waived as provided in the applicable Indenture. (Section 502 of the BAM Indenture, Section 6.2 of the BFI Indenture and Section 6.2 of the US LLC Indenture.) For information as to waiver of defaults, see "— Modification and Waiver".

Each Indenture provides that the applicable Trustee(s) will be under no obligation to exercise any of its rights or powers under the Indenture (or, in the case of the BFI Indenture and US LLC Indenture, commence or continue any act, action or proceeding for enforcing any rights of the Trustee(s)) at the request or direction of any of the applicable Holders, unless such Holders shall have offered to such Trustee(s) reasonable indemnity (or, in the case of the BFI Indenture and US LLC Indenture, sufficient funds to commence or continue compliance with such request and an indemnity to protect the Trustee(s) against losses suffered in compliance with such request). (Section 603 of the BAM Indenture, Section 7.5 of the BFI Indenture and Section 7.5 of the US LLC Indenture.) Subject to such provisions for the indemnification of the particular Trustee(s), the Holders of a majority in aggregate principal amount of the Outstanding Securities of any series issued under the applicable Indenture will have the right to direct the time, method and place of conducting any proceeding for any remedy available to such Trustee(s) or exercising any trust or power conferred on such Trustee(s) with respect to the Indenture Securities of that series. (Section 512 of the BAM Indenture, Section 6.12 of the BFI Indenture and Section 6.12 of the US LLC Indenture.)

No Holder of an Indenture Security of any series will have any right to institute any proceeding with respect to the particular Indenture, or for the appointment of a receiver or a trustee, or for any other remedy thereunder, unless (i) such Holder has previously given to the applicable Trustee(s) written notice of a continuing Event of Default with respect to the Indenture Securities of that series, (ii) the Holders of at least 25% in aggregate principal amount of the Outstanding Securities of that series have made a written request, and such Holder or Holders have offered reasonable indemnity, or in the case of the US LLC Indenture, indemnity reasonably satisfactory to each Trustee, to the applicable Trustee(s) to institute such proceeding as trustee, and (iii) the applicable Trustee(s) has failed to institute such proceeding, and has not received from the Holders of a majority in aggregate principal amount of the Outstanding Securities of that series a direction inconsistent with such request, within 60 days after such notice, request and offer. (Section 507 of the BAM Indenture, Section 6.7 of the BFI Indenture and Section 6.7 of the US LLC Indenture.) However, such limitations do not apply to a suit instituted by a Holder of an Indenture Security for the enforcement of payment of the principal of, or of any premium or interest on, such Indenture Security on or after the applicable due date specified in such Indenture Security. (Section 508 of the BAM Indenture, Section 6.8 of the BFI Indenture and Section 6.8 of the US LLC Indenture.)

The Company, BFI and US LLC are each required to furnish to the BAM Trustee, the BFI Trustee and the US LLC Trustees, respectively, a quarterly statement by certain of its officers as to whether or not the Company, BFI or US LLC, as applicable, to their knowledge, is in default in the performance or observance of any of the terms, provisions and conditions of the applicable Indenture and, if so, specifying all such known defaults. (Section 1004 of the BAM Indenture, Section 11.4 of the BFI Indenture and Section 11.4 of the US LLC Indenture.) In addition, the US LLC is required to deliver an annual compliance certificate as required under the Trust Indenture Act. (Section 11.4(d) of the US LLC Indenture.)

## **Defeasance**

Each Indenture provides that, at the option of the particular Issuer, the Issuer and, in the case of the BFI Indenture and US LLC Indenture, the Company will be discharged from any and all obligations in respect of any Outstanding Securities upon irrevocable deposit with the applicable Trustee(s), in trust, of money and/or Government Obligations which will provide money in an amount sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of or premium, if any, and each instalment of interest, if any, on such Outstanding Securities ("**Defeasance**"). Such trust may only be established if certain customary conditions precedent are satisfied, including, among other things, confirmation that Holders will not recognize gain or loss for U.S. federal income tax purposes as a result of such Defeasance. The Issuer may exercise its Defeasance option notwithstanding its prior exercise of its Covenant Defeasance (as defined below) option described in the following paragraph if the Issuer meets the conditions precedent at the time the Issuer exercises the Defeasance option.

Each Indenture provides that, at the option of the Issuer, unless and until the Issuer has exercised its Defeasance option described in the preceding paragraph, the Issuer may omit to comply with certain restrictive covenants and such omission shall not be deemed to be an Event of Default under the Indenture and the Outstanding Securities upon irrevocable deposit with the applicable Trustee(s), in trust, of money and/or

Government Obligations which will provide money in an amount sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of and premium, if any, and each instalment of interest, if any, on the Outstanding Securities of the Issuer ("**Covenant Defeasance**"). In the event the Issuer exercises its Covenant Defeasance option, the obligations under the applicable Indenture (other than with respect to such covenants and the Events of Default other than the Events of Default relating to such covenants above) shall remain in full force and effect. Such trust may only be established if certain customary conditions precedent are satisfied, including, among other things, confirmation that Holders will not recognize gain or loss for U.S. federal income tax purposes as a result of such Covenant Defeasance. (Article Thirteen of the BAM Indenture, Article Fourteen of the BFI Indenture and Article Fourteen of the US LLC Indenture.)

## **Modification and Waiver**

Modifications and amendments of an Indenture may be made by the Company, the Issuer (if other than the Company) and the applicable Trustee(s) with the consent of the Holders of a majority in aggregate principal amount of the Outstanding Securities of each series of Indenture Securities affected by such modification or amendment; provided, however, that no such modification or amendment may, without the consent of the Holder of each Outstanding Security affected thereby, (a) change the Stated Maturity of the principal of, or any instalment of interest on, any Outstanding Security, (b) reduce the principal amount of (or the premium), or interest on, any Outstanding Security, (c) reduce the amount of the principal of any Outstanding Security payable upon the acceleration of the maturity thereof, (d) change the place or currency of payment of principal of (or the premium), or interest on, any Outstanding Security, (e) impair the right to institute suit for the enforcement of any payment on or with respect to any Outstanding Security, (f) reduce the above-stated percentage of Outstanding Securities necessary to modify or amend the particular Indenture, (g) reduce the percentage of aggregate principal amount of Outstanding Securities necessary for waiver of compliance with certain provisions of the particular Indenture or for waiver of certain defaults, (h) modify any provisions of the particular Indenture relating to the modification and amendment of such Indenture or the waiver of past defaults or covenants, except as otherwise specified or (i) following the mailing of any Offer to Purchase, modify any Offer to Purchase for such Outstanding Security required to be made pursuant to the terms of such Outstanding Security in a manner materially adverse to the Holders thereof. (Section 902 of the BAM Indenture, Section 10.2 of the BFI Indenture and Section 10.2 of the US LLC Indenture.) In the case of the US LLC Indenture, no such modification or waiver may, without consent of the Holder of each Outstanding Security affected thereby, (a) change the premium payable upon redemption thereof, or the dates or times fixed for redemption, or (b) release the Company from its Guarantee under the US LLC Indenture.

Each Indenture provides that the Company or the Issuer (if other than the Company) may modify and amend such Indenture without the consent of any holder of Securities for any of the following purposes: (a) to evidence the succession of another person to the Issuer or the Company, as applicable, and the assumption by any such successor of the covenants of the Issuer or the Company, as applicable, under such Indenture and in the Securities; (b) in the case of the US LLC Indenture, to evidence the addition of a co-obligor or guarantor in respect of any or all series of Securities under the US LLC Indenture, as may be permitted in accordance with the terms of such Securities; (c) to add to the covenants of the Issuer or the Company, as applicable, for the benefit of the holders of any series of Securities (and if such covenants are to be for the benefit of less than all series of Securities, stating that such covenants are expressly being included solely for the benefit of such series) or to surrender any right or power (but not, in the case of the US LLC Indenture, any obligation, except any obligation concomitant to such right or power) in such Indenture conferred upon the Issuer or the Company, as applicable; (d) to add any additional Events of Default for the benefit of the holders of all or any series of Securities (and if such additional Events of Default are to be for the benefit of less than all series of Securities, stating that such additional Events of Default are expressly being included solely for the benefit of such series); (e) to add to, change or eliminate any of the provisions of such Indenture in respect of one or more series of Securities, provided that any such addition, change or elimination (i) shall neither (A) apply to any Security of any series created prior to the execution of the applicable supplemental indenture and entitled to the benefit of such provision nor (B) modify the rights of the holder of any such Security with respect to such provision or (ii) shall become effective only when there is no such Security outstanding; (f) to secure the Securities pursuant to the requirements of any provision in such Indenture or any indenture supplemental thereto or otherwise; (g) to establish the form or terms of Securities of any series as permitted under the Indenture and, in the case of

the BFI Indenture and the US LLC Indenture, if required, to provide for the appointment of a co-trustee; (h) to evidence and provide for the acceptance of appointment under such Indenture by a successor trustee with respect to the Securities of one or more series and to add to or change any of the provisions in such Indenture as shall be necessary to provide for or facilitate the administration of the trusts thereunder by more than one trustee, pursuant to the requirements of such Indenture; (i) to add to or change any of the provisions of such Indenture to such extent as shall be necessary to permit or facilitate the issuance of Securities in bearer form, registrable or not registrable as to principal, and with or without interest coupons, or to permit or facilitate the issuance of Securities in uncertificated form; (j) in the case of the US LLC Indenture, to comply with any requirements of the Trust Indenture Legislation including without limitation in connection with qualifying, or maintaining the qualification of, the US LLC Indenture under the *Trust Indenture Act 1939*; or (k) to cure any ambiguity, to correct or supplement any provision in such Indenture which may be defective or inconsistent with any other provision therein, or to make any other provisions with respect to matters or questions arising thereunder, provided that such action shall not adversely affect, in the case of the BFI Indenture and the US LLC Indenture, in any material respect, the interests of the holders of Securities of any series. (Section 901 of the BAM Indenture, Section 10.1 of the BFI Indenture and Section 10.1 of the US LLC Indenture.)

The Holders of a majority in aggregate principal amount of the Outstanding Securities of any series, on behalf of all Holders of Outstanding Securities of such series, may waive compliance by the Issuer with certain restrictive provisions of the particular Indenture. (Section 1009 of the BAM Indenture, Section 11.10 of the BFI Indenture and Section 11.10 of the US LLC Indenture.) Subject to certain rights of the particular Trustee, as provided in the applicable Indenture, the Holders of a majority in aggregate principal amount of the Outstanding Securities issued under such Indenture, on behalf of all holders of Outstanding Securities of such series, may waive any past default under such Indenture, except a default in the payment of principal, premium or interest or in respect of a covenant or provision of such Indenture which under the Indenture cannot be modified or amended without the consent of the Holder of each Outstanding Security of such series affected. (Section 513 of the BAM Indenture, Section 6.13 of the BFI Indenture and Section 6.13 of the US LLC Indenture.)

### **Consent to Jurisdiction and Service under BAM Indenture**

The BAM Indenture provides that the Company irrevocably appoint CT Corporation System, 1633 Broadway, New York, New York, 10019, as its agent for service of process in any suit, action or proceeding arising out of or relating to the BAM Indenture and the Indenture Securities and for actions brought under federal or state securities laws brought in any federal or state court located in the Borough of Manhattan in the City of New York and submit to such jurisdiction.

### **Consent to Jurisdiction and Service under BFI Indenture**

The BFI Indenture provides that the Company and BFI irrevocably appoint Brookfield Asset Management LLC, Brookfield Place, 250 Vesey Street, 15th Floor, New York, NY 10281-1023, as their agent for service of process in any suit, action or proceeding arising out of or relating to the BFI Indenture and the Indenture Securities and for actions brought under federal or state securities laws brought in any federal or state court located in the Borough of Manhattan in the City of New York and submit to such jurisdiction.

### **Consent to Jurisdiction and Service under US LLC Indenture**

The US LLC Indenture provides that the Company irrevocably appoints Brookfield Asset Management LLC, Brookfield Place, 250 Vesey Street, 15th Floor, New York, NY 10281-1023, as its agent for service of process in any suit, action or proceeding arising out of or relating to the US LLC Indenture and the Indenture Securities and for actions brought under U.S. federal or state securities laws brought in any U.S. federal or state court located in the Borough of Manhattan in the City of New York and each of the Company and US LLC submits to such jurisdiction.

## Enforceability of Judgments against the Company

Since a substantial portion of the Company's assets are outside the United States, any judgment obtained in the United States against the Company, including any judgment with respect to the payment of interest and principal on the Indenture Securities, may not be collectible within the United States.

The Company has been informed by its Canadian counsel, Torys LLP ("**Torys**"), that a court of competent jurisdiction in the Province of Ontario would enforce a final and conclusive judgment in *personam* of a court sitting in the Borough of Manhattan, the City of New York, New York (a "**New York Court**") that is subsisting and unsatisfied respecting the enforcement of any of the Indentures and the Indenture Securities that is not impeachable as void or voidable under the internal laws of the State of New York for a sum certain if: (i) the court rendering such judgment had jurisdiction over the judgment debtor, as recognized by the courts of the Province of Ontario (and submission by the Company in the Indenture to the jurisdiction of the New York Court will be sufficient for the purpose); (ii) such judgment was not obtained by fraud or in a manner contrary to natural justice and the enforcement thereof would not be inconsistent with public policy, as such term is understood under the laws of the Province of Ontario, or contrary to any order made by the Attorney General of Canada under the *Foreign Extraterritorial Measures Act* (Canada); (iii) the enforcement of such judgment does not constitute, directly or indirectly, the enforcement of foreign revenue or penal laws; and (iv) the action to enforce such judgment is commenced within the applicable limitation period. The Company has been advised by Torys that a monetary judgment of a New York Court predicated solely upon the civil liability provisions of United States federal securities laws would likely be enforceable in the Province of Ontario if the New York Court had a basis for jurisdiction in the matter that would be recognized by a court in Ontario for such purposes. There is no assurance that this will be the case. It is less certain that an action could be brought in the Province of Ontario in the first instance on the basis of liability predicated solely upon such laws.

## Governing Law

The Indentures, Indenture Securities and the rights, powers, duties or responsibility of Computershare Trust Company, N.A. will be governed by the laws of the State of New York, except with respect to the rights, powers, duties or responsibility of the remaining Trustees which shall be governed by the laws of the Province of Ontario and the federal laws of Canada applicable therein. (Section 113 of the BAM Indenture, Section 1.13 of the BFI Indenture and Section 1.13 of the US LLC Indenture.)

## The Trustees

Computershare is currently the BAM Trustee, the BFI Trustee and the Canadian trustee under the US LLC Indenture. Computershare Trust Company, N.A. is the U.S. trustee under the US LLC Indenture.

## PLAN OF DISTRIBUTION

The Issuers may sell Securities to or through underwriters or dealers and also may sell Securities directly to purchasers or through agents.

The distribution of Securities of any series may be effected from time to time in one or more transactions at a fixed price or prices, which may be changed, at market prices prevailing at the time of sale, at prices related to such prevailing market prices or at prices to be negotiated with purchasers.

In connection with the sale of Securities, underwriters may receive compensation from the Issuers or from purchasers of Securities for whom they may act as agents in the form of concessions or commissions. Underwriters, dealers and agents that participate in the distribution of Securities may be deemed to be underwriters and any commissions received by them from the Issuers and any profit on the resale of Securities by them may be deemed to be underwriting commissions under the Securities Act. Any such person that may be deemed to be an underwriter with respect to Securities of any series will be identified in the Prospectus Supplement relating to such series.

The Prospectus Supplement relating to each series of Securities will also set forth the terms of the offering of the Securities of such series, including, to the extent applicable, (i) the names of any underwriters or agents, (ii) the purchase price or prices of the offered Securities, (iii) the initial offering price, (iv) the proceeds to the applicable Issuer from the sale of the offered Securities, (v) the underwriting discounts and commissions and

(vi) any discounts, commissions and concessions allowed or reallocated or paid by any underwriter to other dealers.

Under agreements which may be entered into by the Issuers, underwriters, dealers and agents who participate in the distribution of Securities may be entitled to indemnification by the Issuers against certain liabilities, including liabilities under the Securities Act and Canadian provincial securities legislation, or to contribution with respect to payments which those underwriters, dealers or agents may be required to make in respect thereof. Those underwriters, dealers and agents may be customers of, engage in transactions with or perform services for the Issuers or their subsidiaries in the ordinary course of business. Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the Issuers, the Issuers have been advised that, in the opinion of the Commission, such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Issuers of expenses incurred or paid by a director, officer or controlling person of the Issuers in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Issuers will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

Unless otherwise specified in a Prospectus Supplement, each series of Securities will be a new issue of securities with no established trading market. Unless otherwise specified in a Prospectus Supplement relating to a series of Securities, the Securities will not be listed on any securities exchange. Certain broker-dealers may make a market in Securities but will not be obligated to do so and may discontinue any market making at any time without notice. No assurance can be given that any broker-dealer will make a market in the Securities of any series or as to the liquidity of the trading market for the Securities of any series.

In connection with any underwritten offering of Securities, the underwriters or agents may over-allot or effect transactions which stabilize or maintain the market price of the Securities offered at a level above that which might otherwise prevail in the open market. Such transactions, if commenced, may be discontinued at any time.

## EXEMPTIVE RELIEF

Pursuant to a decision document dated October 18, 2011 issued by the applicable securities regulators, the Company was granted exemptive relief from certain of the restricted securities requirements in National Instrument 51-102 — *Continuous Disclosure Obligations*, NI 41-101 and Ontario Securities Commission Rule 56-501 — *Restricted Shares* (collectively, the "**restricted security provisions**"), including the requirements to refer to the Class A Shares and the Class B Shares using a prescribed restricted security term. The Class A Shares and Class B Shares may qualify as "restricted securities" under the restricted security provisions because the Company's constating documents contain provisions that restrict the voting rights of such securities in any election of the board of directors of the Company. See "Description of the Class A Shares".
